BROWNRIDGE greenhouses and nursery has been a family owned and operated company for over 50 years serving both garden centre and landscape trade. Our shipping season starts early March with the blooming of the Primula, Pansies and Hellebore and continues through May with over 1000 varieties of perennials, vegetables and unusual annuals. In the summer, we carry a variety of larger potted annuals and 1st year flowering perennials along with a full selection of 1-gallon perennials and groundcovers. The fall brings a selection of Garden Mums and Flowering Kale in a variety of sizes. Shipping stops for perennials only when the ground freezes and they are put to bed for the winter.

The following people are available to assist you:

Doug Brownridge (*Greenhouse Operations, Perennial Production*) for all custom and contract perennial orders, information, and shipping.

Carrie Brandow (*Seasonal Production, Accounts*) for all information, availability and custom orders in seasonal production, account inquiries.

Ordering

The best way for garden centers to order is from our availability lists. These are e-mailed late Friday for the following week, and available on our website with a simple password. The lists indicate if the plant is in bloom and sometimes have other good or bad comments. All prices are listed. The orders are picked in order of delivery, so it is better to take the order earlier in the week rather than later, as we do not guarantee availability. Generally, product is sold as available on a ***first come-first-ship*** basis.

All products having a size 4.5in or less are sold in full tray units.

Single pot orders can be accommodated **EXCEPT** between April 19 and June 15. A 20% service charge may apply.

Not all products in this catalogue are available at all times.

Pre-Pricing Option

We offer pre-pricing for all plants at an additional charge of -.15/pot. All plants in pots 4.5" or greater will be marked with pot stickers, all sizes 4" and below will be marked with a pricing tag. You can select to have all plants priced or just a certain group i.e. only the gallon perennials. Pricing information must be supplied by you electronically, a minimum of 1 month prior to shipping season. Please call for more information.

Credit Policy

Terms

All landscapers are C.O.D.

Visa/Mastercard accepted at time of shipment, Debit also accepted for pickup orders.

Accounts are net 30 days, after which a 2% per month service charge will be applied.

All prices are suggested list and are subject to change without notice.

Cancellation of an order or any part thereof within 24 hours of delivery or at time of delivery will result in a 20% restocking charge.

New Garden Centre customer credit policy

1ST year - all purchases are C.O.D. Visa may be used at time of purchase.

2ND year – upon approval, pay for 1ST order before 2ND order delivered or net 30 days whichever comes first. 2% service charge will apply to overdue accounts. Failure to comply results in all future orders being C.O.D.

3RD year - if there are no problems with previous year: Credit net 30 days, 2% per month service charge will be applied. Failure to comply will result in all future orders being C.O.D.

Claims

We cannot be held responsible for any amount greater than the purchase price.

We assume no responsibility for incidental losses.

Orders shipped during inclement weather will be at customer's risk.

For any quality claims or short shipment, we require notification within 48 hours of receipt of shipments.

For credit on quality claim, we will arrange for product to be picked up.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
AJUGA (Carpet Bugle, Bugleweed) ☼● Zone 3 <i>A groundcover with low mat rounded leaves and spikes of flowers.</i>							
Black Scallop	<i>Dark burgundy to almost black glossy foliage with scalloped edges, very crinkled leaves, Deer resistant, very hardy.</i>	Burgundy-black	May-June	6-8"	24"	-	-
Bronze Beauty	<i>Deep blue flowers contrast nicely with the rich bronze foliage</i>	Burgundy	May-June	5-6"	12"	-	-
Burgundy Glow	<i>Burgundy, white, pink and green foliage brightens up any shaded area</i>	Tricolour	May-June	5-6"	12"	-	-
Catlin's Giant	<i>Large leafed burgundy variety</i>	Burgundy-green	May-June	10"	12"	-	-
Chocolate Chip	<i>The small narrow leafs give this plant a very cute look</i>	Purple-brown	May-June	3-4"	12"	-	-

ALCEA (Hollyhock) ☼ Zone 3 <i>Time-honoured favourite blooms daily in mid-summer with lovely 2-4" masses of fully double rose like delightful flowers on 5-7' stalks in shades of red, pink, white, maroon and yellow.</i>							
✂ Charter's Series	<i>Large double 3-5" blooms. Excellent colourful variety</i>						
Mix	Assorted	Green	June-Sept.	6ft	18"	-	-
Pink	Pink	Green	June-Sept.	6ft	18"	-	-
Red	Red	Green	June-Sept.	6ft	18"	-	-
Purple	Purple	Green	June-Sept.	6ft	18"	-	-
Yellow	Yellow	Green	June-Sept.	6ft	18"	-	-
✂ Spotlight Series	<i>Large single 3-5" blooms. Excellent colourful variety</i>						
Black Knight	Black-purple	Green	June-Sept.	5ft	12"	-	-
Mars Magic	Red	Green	June-Sept.	6ft	18"	-	-
Polar Star	White	Green	June-Sept.	6ft	18"	-	-
Sunshine	Yellow	Green	June-Sept.	6ft	18"	-	-

ALCHEMILLA (Lady's Mantle) ☼☼ Zone 2 Forms <i>a mound of rounded leaves with sprays of yellow-green flowers.</i>							
✂ Erythropoda	<i>A miniature Lady's Mantle for edging borders or growing in the rock garden. Short sprays of chartreuse flowers appear over a dense mound of scalloped light-green leaves.</i>						
	Yellow	Green	June	4-6"	16-18"	-	-
✂ Mollis	<i>Scalloped green leaves covered in soft down bloom in June.</i>						
	Yellow	Green	June	18"	18"	-	-

ALLIUM hybrid ☼ Zone 4							
✂ Millenium	<i>Perennial Plant of the Year 2018. A truly impressive hybrid Ornamental Onion. Compact upright clump of glossy, thick, green leaves with 5cm (2") rose-purple ball clusters appearing just above the foliage on strong stems in mid to late summer. Easy to grow. Leaves have a slight onion smell when crushed. This looks best when combined with a bushy, low-growing perennial to hide the withering onion leaves at blooming time.</i>						
	Purple	Green	August	16-20"	10-14"	-	-

ALLIUM (Ornamental Onion) ☼ Zone 4 <i>Great colour in spring. Will tolerate poor, dry soil, are deer resistant and can be left undisturbed for years for colour every spring. Can be used as a cutflower. The seed pods gives textural interest in the garden through late summer.</i>							
✂ Ambassador	<i>Large, jam-packed round heads of bright purple flowers holds double the amount of florets compared to other varieties.</i>						
	Purple	Green	May-June	36-48"	12"	-	-
✂ Giganticum	<i>Big round heads of mauve-purple flowers in late spring. The tall stems are excellent for cutting or drying.</i>						
	Lavender	Green	May-June	35-47"	10"	-	-
✂ Globemaster	<i>Flowers are an amazing 10" in diameter. Best planted in groups</i>						
	Lavender	Green	May/June	36"	12"	-	-
✂ Mount Everest	<i>These 4" pure white blooms have a unique role in any late-spring border that seeks some gravitas. Pair with A. 'Purple Sensation' in thoughtfully spaced clusters, then stand back. The snow-white blooms of 'Mount Everest' also make bouquets of tall Aquilegias and other purple Alliums even more spectacular.</i>						
	White	Green	May/June	20+"	6-8"	-	-
✂ Purple Sensation	<i>Reddish-violet balls 4-5in across are borne on 20-30in stems in late spring. This is the earliest of the large-flowered Alliums</i>						
	Purple	Green	May- June	20+"	6-8"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
ALYSSUM ☼ Zone 3 <i>This forms a low, trailing mound of silvery-grey leaves, bearing masses of bright-yellow flowers in mid to late spring. Clip plants lightly after blooming to maintain a bushy habit. Requires good drainage.</i>							
Mountain Gold	<i>Compact silvery mats are smothered by fragrant yellow flowers</i>						
	Gold	Grey-green	May-June	10"	12"	-	-
Summit	<i>Fleuroselect Quality Award Winner. Avoid over-watering</i>						
	Gold	Grey-green	May-June	8"	18"	-	-
AMSONIA (Blue Star) ☼🌙 Zone 4							
Blue Ice	<i>Starry blue blooms against bright green willow like leaves that turn yellow in the fall.</i>						
	Blue	Bright green	June	12	24"	-	-
Hubrichtii	<i>Perennial Plant of the year 2011! Soft, needle-like leaves that line stems like bottlebrushes. Hundreds of small, light blue, star-shaped flowers adorn the plants in late spring. Deer resistant. Foliage turns bright gold in fall.</i>						
	Light blue	Bright green	June	36"	24"	-	-
taber. 'Storm Cloud'	<i>Proven Winner variety sold in 'PW' pots. In spring, new stems emerge near-black with leaves that are very dark green with silver veins and stay dark throughout spring. Light periwinkle blue, star-shaped flowers completely cover the foliage in late spring, and rebloom for many weeks afterward. Younger plants show vase-like habit but when mature has a wide, mounding habit.</i>						
	Blue	green	June/July	24-30"	35-40"	-	-
ANCHUSA (Summer Forget-me-not) ☼ Zone 5 <i>A short-lived perennial that provides vivid gentian-blue blooms in early summer. Good in poor soil or drought conditions</i>							
Blue Angel	<i>Works well in pots, beds and mixed containers</i>						
	Blue	Green	July	18"	18"	-	-
ANEMONE (Windflower) 🌙 Zone 5 <i>From late summer to fall, there is no flower quite like it in the border. 2" flowers on tall stems are freely and continuously produced. Likes moisture. Deer resistant.</i>							
✂ Curtain Call Deep Rose	<i>Beginning in late summer, this perennial produces dark rose-pink flowers that are positioned right above a small mound of green foliage. The flowers are fuller than single, producing a double row of petals. Its shorter stature lends itself well to containers, both as monoculture and in combination with other perennials. It spreads by underground rhizomes.</i>						
	Rose	Green	Aug.-Sept.	14-18"	16-18"	-	-
✂ Curtian Call Pink	<i>Beginning in late summer, this perennial produces pink flowers that are positioned right above a small mound of green foliage. Its shorter stature lends itself well to containers, both as monoculture and in combination with other perennials. It spreads by underground rhizomes.</i>						
	Pink	Green	Aug.-Sept.	4-18"	16-18"	-	-
✂ Fall in Love Sweetly	<i>Proven Winner Variety! Sold in Proven Winner pots. Semi-double, rose-pink flowers over dark green foliage.</i>						
	Rose	Green	Aug.-Sept.	20-26"	24-30"	-	-
✂ Horoline Jobert	<i>Perennial Plant of the Year 2016! Large single snowwhite flowers-tinged pink on back with a striking yellow centre.</i>						
	White	Green	Sept.-Oct.	36-48"	24"	-	-
✂ hupehensis japonica 'Pamina'	<i>Semi-double blossoms in a glowing deep rose-pink shade.</i>						
	Rose	Green	August-Sept.	24-36"	24-36"	-	-
✂ hupehensis 'September Charm'	<i>Strong grower with silvery-pink blooms. Deep green grape-leaf type foliage.</i>						
	Pink	Green	August-Sept.	30"	24"	-	-
✂ hybrid 'Wild Swan'	<i>An exceptional new selection offering prolific flowering, surpassing that of the Japanese hybrids! Nodding buds atop tall stems open into pure white flowers with a blue violet reverse. Blooms are held high above deep green foliage. Does not re-seed.</i>						
	White	Green	Sept.-Oct.	18"	24"	-	-
✂ syvestris Zone 4	<i>Fragrant; vigorous grower; Beautiful 2" pure white bloom. Excellent groundcover. Rabbit resistant.</i>						
	White	Green	May-June	8-12"	24"	-	-
✂ tomentosa 'Robustissima' Zone 3	<i>Light violet pink blooms over mounds of many-lobed dark green foliage.</i>						
	Pink	Green					-
✂ Whirlwind	<i>Semi-double white bloom</i>						
	White	Green	Sept.-Oct.	24-36"	24"	-	-
AQUILEGIA (Columbine) ☼🌙 Zone 3 <i>Colourful blossoms. Both the blossoms and ferny foliage are good for cutting.</i>							
Biedermeier Mix	<i>Shades of white, pink, and purple. Small variety that works well in containers or rock gardens.</i>						
	Assorted	Green	May-June	8-12"	8-12"	-	-
Canadensis	<i>Native variety.</i>						
	Red	Green	May-June	30"	12"	-	-
✂ Songbird Series	<i>Very early flowering variety with 1.5-3" blooms. Compact growth habit.</i>						
Blue Bird	Lt.Blue/White	Green	May-June	11-18"	10-16"	-	-
Cardinal	White/red	Green	May-June	11-18"	10-16"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/ tray	5.5" pot
ARABIS (Rockcress) ☼ Zone 4 Low growing it is excellent in the rock garden or for edging.							
Compinkie	<i>Form a mounding cushion of olive-green leaves, bearing masses of sweetly fragrant, small rose-pink flowers for several weeks.</i>						
	Rose	Green	April-May	8"	12"	-	-
Little Treasure Rose	<i>Compact, mounding cushion of green leaves, bearing masses of sweetly fragrant, non-fading, rose-pink flowers.</i>						
	Rose	Green	April-May	6"	8"	-	-
Little Treasure White	<i>Carpet of foliage topped by masses of tiny white flowers in spring.</i>						
	White	Green	April-May	6"	12"	-	-
Spring Charm	<i>Bright carmine pink blooms over a compact mound.</i>						
	Carmine	Green	April-May	6"	8"	-	-
ARALIA (Golden Japanese Spikenard) ☼ Zone 3 This hardy, tropical looking beauty brightens up the shade garden.							
cordata 'Sun King'	Perennial of the Year 2020. <i>Large, compound, bright gold leaves. Colour is greener in deep shade. Tiny white flowers give way to purple-black berries in fall</i>						
	White	Gold	Late July	36"	36"	-	-
ARENARIA (Sandwort) ☼☼ Zone 4 Use for rock garden or edging.							
Montana	<i>Glossy green cascading foliage with snowy-white flowers.</i>						
	White	Green	June	8"	12"	-	-
ARMERIA maritima (Thrift) ☼ Zone 3 Ball-shaped flower clusters, complimented by narrow grassy foliage							
Bloodstone	<i>Vivid purple-pink, ball shaped flower clusters.</i>						
	Purple-Pink	Green	May-June	10"	12"	-	-
Dusseldorf Pride	<i>Rich rose pink colour. Blooms off and on all summer.</i>						
	Rose pink	Green	May-June	10"	12"	-	-
Morning Star White	<i>Low grass tufts of evergreen leaves, flowers are showy over a long period.</i>						
	White	Green	May-June	10"	10"	-	-
Morning Star Deep Rose	<i>Low grass tufts of evergreen leaves. Flowers are showy for a long period.</i>						
	Rose-pink	Green	May-June	6"	12"	-	-
Nifty Thrifty	<i>Cute little alpine flower with variegated foliage.</i>						
	Rose-red	Green-cream	May-June	8-10"	10"	-	-
Rubrifolia	<i>Burgundy red foliage makes a stunning backdrop to the hot magenta pink bloom. Very compact growth habit.</i>						
	Magenta-pink	Burgundy	May-June	6"	10"	-	-
ARMERIA pseudarmeria (Drumstick Thrift) ☼ Zone 3 Plants form a low mound of evergreen leaves, bearing upright stems of pompom flowers beginning in late spring. Stems are strong and good for cutting. Removing faded flowers will keep plants blooming for longer. Flowers can also be picked when just opened and hung indoors to dry for winter arrangements.							
Ballerina Red	<i>Spherical red flowers bloom profusely over grassy foliage</i>						
	Red	Deep green	May-June	18-10"	10-14"	-	-
Ballerina Lilac	<i>Spherical red flowers bloom profusely over grassy foliage</i>						
	Lilac	Deep green	May-June	8-10"	10-14"	-	-
Daydreams	<i>This beautiful breakthrough in Armeria breeding provides frost-to-frost flowering in containers or in the garden. Very heat tolerant and easy to grow. Remove old flowers once a month for best performance. Rosy pink flowers resembling lollipops blooming frost-to-frost. The blooming powerhouse looks excellent in the front of the garden, in containers or in rock gardens, where it can be tucked in between boulders. Its petite size makes it ideal for fairy and mini gardens.</i>						
	Appleblossom	Green	May-June	10-12"	12"	-	-
Sweet Dreams	<i>This beautiful breakthrough in Armeria breeding provides frost-to-frost flowering in containers or in the garden. Lavender flowers resembling lollipops blooming frost-to-frost.</i>						
	Lilac	Green	May-June	10-12"	12"	-	-
ARMERIA juniperifolia (Spanish Thrift) ☼ Zone 3 This forms a very dense bun or cushion of needle-like leaves. Soft pink balls of flowers are held just over the foliage. Especially attractive in a gravel scree garden or alpine trough where it can be seen close up. Site carefully this is easily smothered by more vigorous neighbours.							
Juniperifolia	<i>Dense tuft of needle-like leaves. Flowers are held just above foliage.</i>						
	Lilac-pink	Green	May-June	4-6"	8"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
ARTEMISIA (Silver Sage, Wormwood) ☼☾ Zone 3 <i>These plants are loved for their aromatic foliage and interesting texture. Deer resistant.</i>							
Oriental Limelight	<i>A variegated form of Artemisia with greens, golds and creams. Breeder's rights held by Plant Haven.</i>						
	-	Gold/Green	-	24"	24"	-	-
Powis Castle Zone5	<i>Busby upright mound of feathery leaves. Excellent contrast plant in the garden.</i>						
	-	Silver-grey	-	24"	24"	-	-
Silver Brocade	<i>Velvety, silvery grey leaves look like trailing Dusty Miller. Propagation prohibited.</i>						
	-	Silver-grey	-	4-8"	10"	-	-
Silver King	<i>Plants form a bushy, upright mound, with clusters of creamy flowers.</i>						
	Silver-white	Grey	Aug-Sept.	20"	24"	-	-
Silver Mound	<i>Feathery leaves form a beautiful compact dome. Clip back hard to 2" when required.</i>						
	Silver-grey	Silver-grey	Late June	10"	18"	-	-
ARUNCUS (Goat's Beard) ☾☼ Zone 2 <i>Creamy-white plumes in summer. Beautiful lacy foliage.</i>							
Aethusifolius	<i>Dwarf variety. Delicate mound of dark green leaves with short forked spikes of flowers.</i>						
	White	Deep Green	June-July	12"	12"	-	-
Diocus	<i>A rather monstrous border plant, spectacular in flower with its enormous creamy plumes the size of your head. Elegant lacy leaves form a very dense and bushy clump. This plant demands space. It is somewhat inclined to sulk in hot summer areas, so plant in a moist, peaty soil, or even at the waterside. Cut plants back in summer if they look untidy. An excellent companion to summer-blooming shrub roses.</i>						
	Cream	Green	June-July	45-70"	35-60"	-	-
Diocus Kneiffii	<i>Lacy leaves form a very dense and bushy mound. Feather-like plumes</i>						
	Cream	Green	June-July	36"	36"	-	-
ASARUM (Wild Ginger) ☾☼ Zone 5 <i>Superb foliage plant for the shady woodland garden or border.</i>							
Canadensis (Little Brown Jug)	<i>A native plant that features two smooth, broad spade-shaped, dark green, basal leaves. Cup-shaped, insignificant, purplish brown flowers give the plant its nickname, "Little Brown Jug", and appear in spring on short, ground-level stems.</i>						
	Purplish brown	Green	May	6-12"	12"	-	-
Europaeum	<i>It will slowly form a solid patch of glossy, dark green rounded leaves, which remain evergreen in mild winter regions. Brownish flowers are insignificant, hiding underneath the foliage. Use this in small areas, since the plants take a few years to establish.</i>						
	Brown	Green	May-June	8"	8"	-	-
Splendens	<i>Forms a clump of arrowhead shaped leaves, dark green with handsome silver markings similar to a Cyclamen. Deep purple-brown flowers hide among the leaves in spring.</i>						
	Deep purple	Green/Silver	May-June	8"	8"	-	-
ASCLEPIAS incarnata (Swamp Milkweed) ☼ Zone 3 <i>Asclepias incarnata, the swamp milkweed, rose milkweed, rose milkflower, swamp silkweed, or white Indian hemp, is a herbaceous perennial plant species native to North America. It grows in damp to wet soils and also is cultivated as a garden plant for its flowers, which attract butterflies and other pollinators with nectar. Like most other milkweeds, it has sap containing toxic chemicals, a characteristic that repels insects and other herbivorous animals.</i>							
✂ Cinderella	<i>Forms a tall, upright clump of long green leaves, bearing clusters of rosy-pink, vanilla-scented flowers in mid-summer that are a magnet to butterflies!</i>						
	Pink	Green	July-August	3-5ft	24"	-	-
✂ Ice Ballet	<i>Strong pure white umbels. Extremely attractive to butterflies.</i>						
	White	Green	July-August	40"	24"	-	-
✂ incarnata	<i>Native variety.</i>						
	Pink	Green	July-August	3-5ft	24"	-	-
ASCLEPIAS tuberosa (Butterfly Weed) ☼ Zone 4 <i>Excellent summer bloomer, fine border plant, removing faded flowers encourages continual bloom. Breaks dormancy late.</i>							
✂ Butterflies Mix	<i>Mixture of yellow, orange and red flowers. Very showy for butterflies and hummingbirds.</i>						
	Assorted	Green	July-August	24"	24"	-	-
✂ Hello Yellow	<i>Golden yellow flowers heavily laden with nectar and pollen bloom for three months. Deadheading the flowers will stimulate another bloom cycle about a month after the first one. Following the flowers, green fruits will develop with rupture to reveal seeds with long silvery-white, silky hairs.</i>						
	Yellow	Green	June-August	24"	24"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
ASTER alpine ☼ Zone 2 <i>A bright display of daisy like flowers. Great for front border and rock gardens. Early blooming series.</i>							
Alpinus Happy End	<i>Flowers in shades of rose and pink with a yellow centre</i>						
	Pink	Green	May-June	12"	8"	-	-
Alpinus Mix	<i>Low growing single golden-eyed daisies in shades of lavender, blue and white</i>						
	Assorted	Green	May-June	12"	8"	-	-
Alpinus Pinkie	<i>Low carpet of bright green leaves bearing taller large blooms of bright rose pink followed by fluffy seed heads.</i>						
	Deep Pink	Green	May-June	12"	8"	-	-
Alpinus White Beauty	<i>White petals surround sunny yellow centre.</i>						
	White	Green	May-June	12"	8"	-	-
ASTER divaricatus (Wood Aster) ☼ Zone 3							
White	<i>Masses of tiny, star-shaped flowers in late summer and fall.</i>						
	White	Green	August-Oct.	30"	18"	-	-
ASTER laevis ☼ Zone 4							
Blue Bird	<i>This tall, vase-shaped wildflower has large 1" diameter blue flowers held in cloud-like clusters at the tips of the arching branches. You can pinch back the young shoots in June for denser habit and more flowers, but it is not essential. Staking is helpful by late summer if you forget to pinch. Perfectly clean foliage makes for easy maintenance in production and in the landscape. Aster laevis is a great source of nectar for migrating monarchs and other late season butterflies.</i>						
	Blue	Green	Sept-Oct.	36-48"	12"	-	-
ASTER lateriflorus ☼ Zone 3							
Lady in Black	<i>An elegant 3-4' mound of purplish- black strappy leaves smothered in rose-centered tiny pale pink daisies in fall. Thousands of flowers per plant - a butterfly's dream!</i>						
	Pale pink	Green	Sept-Oct.	36-48"	18"	-	-
ASTER novae-angliae ☼ Zone 3 <i>A bright display of daisy like flowers. Excellent cut flower.</i>							
✂ Purple Dome	<i>Heavy bloomer. A solid mass of purple blooms with yellow centre in fall.</i>						
	Purple	Green	August-Oct.	18"	18"	-	-
ASTER novi-belgii (New York Aster) ☼ <i>Clusters of clear semi-double flowers. Excellent fall colour.</i>							
Wood's Blue	<i>Dwarf compact habit. Clear semi-double light blue blooms. Prolific bloomer. Excellent resistance to mildew and rust.</i>						
	Blue	Green	August-Oct.	12"	12"	-	-
Wood's Pink	<i>Dwarf compact habit. Clear semi-double pink blooms. Prolific bloomer. Excellent resistance to mildew and rust.</i>						
	Pink	Green	August-Oct.	12"	12"	-	-
Wood's Purple	<i>Dwarf compact habit. Clear semi-double purple blooms. Prolific bloomer. Excellent resistance to mildew and rust.</i>						
	Purple	Green	August-Oct.	12"	12"	-	-
ASTILBE arendsii (False Spirea) ☼●● Zone 4 <i>Large flower spikes appear over upright mounds of lacy foliage.</i>							
✂ Amethyst	<i>Many strong plumes of lavender in early summer.</i>						
	Lavender-rose	Green	June-July	18"	18"	-	-
✂ Bressingham Beauty	<i>Dusty salmon-rose plumes on long arching stems. Long lasting bloom.</i>						
	Salmon-rose	Green	June-August	36"	24"	-	-
✂ Bridal Veil	<i>Lacy white panicles gently droop on deep green glossy foliage.</i>						
	White	Deep Green	July	28"	18"	-	-
✂ Chocolate Shotgun	<i>Incredible dark glossy purple, chocolate-purple lacy foliage is the deepest darkest foliage color by far in an Astilbe. Blooms of soft pink appear in late summer to about 2 feet tall.</i>						
	Light pink	Purple-black	August-Sept.	18-24"	18"	-	-
✂ Fanal	<i>Deep blood red narrow spikes, foliage is mahogany in spring turning to green in summer.</i>						
	Red	Bronze to green	June-August	16"	15"	-	-
✂ Montgomery	<i>Dark red triangle shaped plumes, darker red stems, leaf has bronze red tint in spring that turns to dark green</i>						
	Red	Bronze-red	June-Aug.	24"	15"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
ASTILBE chinensis ☼● Zone 4 <i>These have very dense, lacy foliage, bloom a little later than other varieties.</i>							
Fireberry	<i>A more compact form of astilbe from the dwarf varieties of the Short' n Sweet series™. Plants have raspberry-pink feathery blooms with petite green foliage.</i>						
✂ Maggie Daley	Raspberry	Dark green	July-Sept.	12-15"	18"	-	-
Pumila	<i>Bright lavender-purple plumes are dense and fuzzy. Shiny dark green foliage.</i>						
	Lavender	Green	July-Sept.	24"	14"	-	-
Sugarberry	<i>Popular dwarf groundcover variety. One of the last varieties to bloom.</i>						
✂	Lavender	Green	August-Sept.	10"	12"	-	-
Visions	<i>Dwarf variety with soft pink triangular flower plumes.</i>						
✂	Violet	Green	June-July.	10"	12"	-	-
Visions in Pink	<i>Dwarf sweetly scented, diamond shaped plumes. Ground hugging foliage.</i>						
✂	Lilac-purple	Green	July-Sept.	14"	12"	-	-
Visions in Red	<i>Pale pink blooms over a very upright plant habit</i>						
✂	Pink	Green	July-August	16"	14"	-	-
Visions in White	<i>Extremely good long lasting true red-purple plumes. Sun tolerant.</i>						
✂	Red	Green	July-Sept.	16"	14"	-	-
Visions Inferno	<i>Has pointed plumes of long-lasting white flowers over deep green foliage with hints of bronze.</i>						
✂	White	Green	July-Sept.	16"	14"	-	-
	Pink	Green	July	24"	14"	-	-
ASTILBE hybrida ☼● Zone 4							
Colour Flash	<i>Everchanging foliage emerge a brilliant green and matures to a blend of burgundy, purple and green in summer. In fall, foliage morphs again into shades of gold, orange, and russet. Light pink flowers appear above foliage.</i>						
	Pink	Assorted	July-Sept.	18-20"	16-18"	-	-
Colour Flash Lime	<i>Its leaves emerge light green and develop an intense yellowing as the season progresses. This plant is ideal for containers, shaded perennial gardens and borders where its vibrant colored leaves provide a flash of color all season long.</i>						
	Blush pink	Lime	July-Sept.	10(15)"	18"	-	-
Delft Lace	<i>Blue-green foliage with red highlights. Deep red stems carry panicles of deep salmon red buds opening to apricot pink blooms. An improvement over Peach Blossom.</i>						
	Apricot-pink	Dark green	July-Sept.	12-15"	18"	-	-
Mighty Chocolate Cherry	<i>Tall growing, strong, velvety-red flower spikes, divided dark green and chocolate brown to redish foliage.</i>						
	Cherry Red	Green/red	July-Sept.	45"	30"	-	-
Younique	<i>Low mound of lacy green foliage, topped by large branching heads of fragrant plumes. Bred by Jan Verschoor.</i>						
Cerise	Pink	Green	June-July	12-16"	14-18"	-	-
Lilac	Lilac	Green	June-July	12-16"	14-18"	-	-
Ruby Red	Red	Green	June-July	12-16"	14-18"	-	-
Silvery Pink	Lt. Pink	Green	June-July	12-16"	14-18"	-	-
White	White	Green	June-July	12-16"	14-18"	-	-
ASTILBE japonica ☼● Zone 4 <i>Most have large pyramidal-shaped plumes and vibrant colours. This is a short species with narrow sharply toothed, glossy dark green foliage. Use for borders and woodland.</i>							
✂ Europa	<i>Mounded, lacy green foliage with fragrant, rose-pink plumes.</i>						
	Pink	Green	June-July.	24"	20"	-	-
✂ Peach Blossom	<i>Warm-toned blooms of peachy coral, plus ferny foliage with bronze highlights among the green.</i>						
	Coral	Green	June-Sept.	24"	24"	-	-
ASTILBE simplicifolia ☼● Zone 4 <i>Have a compact habit making them excellent for a low groundcover or edging. Foliage is not as lacy as other types but darker in colour.</i>							
✂ Sprite	<i>Lovely shell pink blossoms. The rust seed beads add winter interest. The foliage is an excellent bronze-green.</i>						
	Pink	Green	July-Sept.	12"	12"	-	-
ASTILBE thunbergii ☼● Zone 4 <i>Large panicles of bloom have a drooping appearance and red flower stalks.</i>							
✂ Ostrich Plume	<i>A taller, later blooming beauty with pink drooping trusses.</i>						
	Rose	Green	July-August	30"	18"	-	-
ASTILBOIDES ☼● Zone 4 <i>An unusual perennial, formerly known as Rodgersia tabularis. Best in a very moist area, even beside a stream or pond. In hot, humid summer regions this is best in partial shade. Will tolerate full sun with plenty of moisture and rich soil.</i>							
Tabularis	<i>Forms a large specimen-sized mound of deep green circular, umbrella-like leaves. Big creamy white plumes of Astilbe-like flowers make an appearance in early summer.</i>						
	White	Green	July	36"	35"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
ASTRANTIA (Masterwort) ☼☼ Zone 4 <i>Masterwort is highly regarded by floral designers for the unique umbels of starry flowers, a bit like a refined Queen-Anne's-Lace in effect, but not at all weedy in habit. Ideal groundcover for a woodland garden in dappled sun.</i>							
✂ Major 'Ruby Wedding'	<i>Stunning ruby-red flowers with a suggestion of white at the base of each petal held on wiry, branched stems above lobed, mid-green leaves. May re-bloom late summer.</i>						
	Red	Dark green	June-August	36"	24"	-	-
✂ Major 'Star 'of Beauty'	<i>Produces umbels of pincushion-shaped white flowers with magenta-purple tips, arranged like spokes on a wheel.</i>						
	Purple/white	Dark green	June-August	20"	22"	-	-
AUBRIETA (Rock Cress) ☼☼ Zone 4 <i>Low, evergreen mat-forming, blooms form a solid mound of colour. Excellent in borders and rock gardens.</i>							
Cascade Blue	<i>Dense cushion of cascading foliage is smothered in flowers in spring</i>						
	Deep Blue	Grey-green	April-May	4-6"	12"	-	-
Cascade Red	<i>Dense cushion of cascading foliage is smothered in flowers in spring</i>						
	Red	Grey-green	April-May	4-6"	12"	-	-
Royal Mix	<i>Dense mats of evergreen foliage with profuse flowers in spring.</i>						
	Assorted	Grey-green	April-May	4-6"	24"	-	-
Whitewell Gem	<i>Dense cushion of cascading foliage is smothered in flowers in spring</i>						
	Pink	Grey-green	April-May	4-6"	12"	-	-
BAPTISIA (False Indigo) ☼☼ Zone 4 <i>Thrives in poor, dry locations but resents being moved once established.</i>							
Australis	2010 Perennial Plant of the Year. <i>Dark spikes of blue flowers bloom over blueish-green foliage creating a blue mound of colour early summer.</i>						
	Blue	Green	June-July	48"	36"	-	-
Twilite Praireblues	<i>Forms a tall and bushy clump of healthy blue-green leaves, bearing long tapering spikes of violet purple flowers with yellow markings.</i>						
	Yellow/violet	Grey-green	June-July	36-42"	36"	-	-
BELAMCANDA chinensis ☼☼ Zone 5 <i>Derives its name from the clusters of shiny black seeds exposed when seed capsules split open. Even though it is called a lily it is actually in the Iris family.</i>							
Blackberry Lily	<i>Fan-shaped iris like foliage. Brightly coloured orange and yellow speckled blooms.</i>						
	Orange/yellow	Green	August	30"	12"	-	-
BELLIS (English Daisy) ☼☼ Zone 3 <i>Used for bedding with spring-blooming bulbs, massing, edging, dislikes hot weather.</i>							
Bellissima Mix	<i>This strain flowers well even in the first year, with cute little double button flowers of bright red, pink or white.</i>						
	Mix	Green	May-June	6"	10"	-	-
Bellissima Red	<i>This strain flowers well even in the first year, with cute little double button flowers of bright red.</i>						
	Red	Green	May-June	6"	10"	-	-
Bellissima Rose	<i>This strain flowers well even in the first year, with cute little double button flowers of rose.</i>						
	Rose	Green	May-June	6"	10"	-	-
Galaxy Mix	<i>This strain flowers have especially large blooms with semi-double petals. A mix of red, rose, and white flowers with yellow eyes.</i>						
	Mix	Green	May-June	4-6"	6-8"	-	-
Galaxy Red	<i>This strain flowers have especially large blooms with semi-double petals. Flowers have red petals surrounding a yellow eye.</i>						
	Red	Green	May-June	4-6"	6-8"	-	-
Galaxy Rose	<i>This strain flowers have especially large blooms with semi-double petals. Flowers have bright rose-pink petals surrounding a yellow eye.</i>						
	Rose	Green	May-June	4-6"	6-8"	-	-
BERGENIA (Pig-squeak) ☼☼ Zone 3 <i>Incredibly hardy, and reliable evergreen. The winter leaves are a valuable addition to cut flower bouquets. Most effective when mass planted or used as an edging along a walkway.</i>							
Bressingham Ruby	<i>Rich, deep burnished maroon winter coloured foliage, turning deep green for the summer. In early spring, short stems of magenta-pink flowers rise above the shiny foliage.</i>						
	Rose-Red	Green-bronze	May-June	14"	18"	-	-
Bressingham White	<i>Foliage is red in winter and early spring. Flowers are pure white and held on taller stems, clear of the foliage</i>						
	White	Green	May-June	10"	14"	-	-
Cordifolia	<i>Plants form a low clump of bold, leathery green leaves, which often turn bronze during winter. Short stems of magenta-pink flowers rise above the shiny foliage in mid spring.</i>						
	Pink	Green	May-June	12-18"	18-23"	-	-
Cordifolia 'Winter Glut'	<i>Shiny evergreen, cabbage-like leaves with unique leathery appearance. Turns reddish-bronze in fall and winter. Bright red flowers.</i>						
	Red	Green	May-June	20"	18"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
BRUNNERA (Siberian Bugloss) ☼☾ Zone 3 <i>Light blue flowers resembling forget-me-not cover these beautiful low clumps of heart shaped leaves in the spring. Ideal for the moist, shaded area.</i>							
Diane's Gold	<i>Retains its crisp chartreuse golden foliage all summer. Sky-blue Forget-Me-Not flowers hover in sprays above the striking foliage in spring</i>						
	Blue	yellow	May-June	14"	14"	-	-
Hapsen Cream	<i>Variegated leaves with creamy-white margins. Plant has good stability and is good for shady borders or open woodlands.</i>						
	Blue	Green/cream	May-June	12"	14"	-	-
Jack Frost	2012 Perennial Plant of the Year! <i>Heart-shaped silver leaves, delicately veined with mint green. Handles more direct sun than most other variegated types of Brunnera</i>						
	Blue	Green-silver	May-June	15"	15"	-	-
Macrophylla	<i>Common brunnera has green leaves with silver overlay.</i>						
	Blue	Green	May-June	12"	12"	-	-
Sea Heart	<i>A clump of very thick, heart-shaped leaves that are green-on-silver with pronounced veining. Sprays of two-tone pink and blue Forget-me-not flowers appear in spring. This is a choice collector's plant, but an easy-to-grow perennial that performs well in all but the driest of shady areas.</i>						
	Blue/pink	Green-silver	May-June	6-12"	12-23"	-	-
Variegata	<i>Huge leaves with irregular creamy white leaf margins, some leaves are almost entirely cream.</i>						
	Blue	Green-cream	May-June	12"	12"	-	-

CALAMINTHA (Calamint Savory) ☼☾ Zone 5 <i>Close cousins to the garden mint, but without the nasty spreading habit. Useful towards the front of the border, or in a woodland setting among Hosta or ferns. Also attractive in mixed containers. Remove any all-green shoots as soon as they are noticed, since this plant has a tendency to revert.</i>							
Nepeta	Perennial Plant of the Year 2021! <i>Compact mounds of tiny white flowers bluish with a hint of blue with age. Very fragrant foliage.</i>						
	White	Green/Blue	July-frost	14"	14"	-	-
Variegata	<i>Forms an upright, bushy mound of soft green leaves, splashed with creamy white. Rosy-pink flowers are studded on short spikes among the leaves.</i>						
	Pink	White-green	July-August	18"	18"	-	-

CAMPANULA Carpatica (Bellflower) ☼☾ Zone 2 <i>One of the most popular Bellflowers. Plants form a low, cushion-shaped mound of small green leaves, with loads of up-facing, open bells appearing in early summer. Excellent choice for the rock garden, edging and in containers. Will bloom longer if old blooms are removed.</i>							
Rapido Blue	<i>Wonderful true-blue flowers cover this plant. Improvement on the 'Clips' series</i>						
	Blue	Green	July-Sept.	8"	12"	-	-
Rapido White	<i>Pure clear white flowers. Improvement on the 'Clips' series.</i>						
	White	Green	July-Sept	8"	12"	-	-

CAMPANULA Garganica ☼☾ Zone 4							
Dickson's Gold	<i>Golden toothed foliage offers a stunning contrast to small lavender blue flowers. Needs afternoon shade to keep its golden colour.</i>						
	Blue	Chartreuse	June-August	6-8"	18"	-	-

CAMPANULA Glomerata ☼☾ Zone 2 <i>Will produce a low clump of large green leaves. Medium-tall upright stems appear in early summer. Plants will quickly form a large clump, so allow plenty of space when planting, or plan to reduce the size each spring. Plants may benefit from a hard clipping back immediately after blooming, to maintain a low, compact mound.</i>							
✂ Superba	<i>Large, showy clusters of rich purple funnel-shaped flowers. Good cutflower.</i>						
	Blue	Green	June-July	28"	18"	-	-
✂ Freya	<i>Forms a knee-high clump of star shaped flowers late spring through early summer. Flowers are borne on long strong stems almost covering the whole stem.</i>						
	Lilac-purple	Green	June-July	28"	18"	-	-

CAMPANULA Hybrida ☼☾ Zone 4							
Birch Hybrids	<i>Dwarf form; long blooming. Cross between Poscharskyana and portenschlagiana</i>						
	Blue	Green	July-Sept.	4-6"	10"	-	-

CAMPANULA Persicifolia ☼☾ Zone 3 <i>Forms small clumps of low-growing foliage sending up tall stems of bellflowers in shades of white, blues and violets. Leaves at base of plant are larger and broader than stem leaves.</i>							
✂ Taktion Blue	<i>Compact strain, with the classic cup-shaped violet-blue bell flowers but with a showier out-facing habit.</i>						
	Blue	Green	June-July	20"	12"	-	-
✂ Taktion White	<i>Compact strain, with the classic cup-shaped white bell flowers but with a showier out-facing habit.</i>						
	White	Green	June-July	20"	12"	-	-

CAMPANULA Poscharskyana (Serbian Bellflower) ☼☾ Zone 4 <i>This is a vigorous plant, keep it away from delicate alpine plants that could be accidentally smothered.</i>							
Blue Waterfall	<i>Lovely cascading habit. A gush of cool blue, bell-shaped flowers cascade from the center of the plant.</i>						
	Blue	Green	July-Sept.	10"	24"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
CAMPANULA Punctata ☼☾ Zone 4							
Pink Octopus	Zone 5	<i>Weeping buds, the thin, bright candy pink petals spray downward in dancing swirls against a cool background of deeply cut, dark green foliage.</i>					
	Pink	Green	June-July	12-15"	15"	-	-
CATANANCHE ☼ Zone 5 <i>Sturdy stems with papery blossoms. Makes a great cut flower. Thrives in sunny summer borders.</i>							
✂ Cupid's Dart	<i>Traditionally was used in love potions</i>						
	Mauve-blue	Silver-grey	June-Sept	15-24"	24"	-	-
CENTAUREA (Bachelor Button) ☼ Zone 3 <i>Thistle-shaped bloom, long lasting cut flower, cut back will re-bloom</i>							
✂ Amethyst Dream	<i>Vivid amethyst flowers on soft green foliage.</i>						
	Purple	Grey-green	June-July	14"	28"	-	-
✂ Amethyst in Snow	<i>Unique color combination of satiny white petals surrounding a deep royal purple center.</i>						
	White-purple	Grey-green	June-July	14"	28"	-	-
✂ Montana Blue	<i>An erect, clump-forming perennial which features solitary, fringed, rich blue 2" cornflowers with reddish blue centers.</i>						
	Blue	Green	June-July	24"	24"	-	-
CERASTIUM (Snow in Summer) ☼ Zone 2 <i>Very drought tolerant. Excellent groundcover.</i>							
Silvery Summer	<i>Low, silver-grey plant with white flowers in late spring. Cascades over walls nicely. Cut back hard in the early spring for best results.</i>						
	White	Grey	May-June	8"	18"	-	-
CERATOSTIGMA (Leadwort) ☼☾ Zone 5 <i>Deep blue flowers, foliage turns maroon red in fall. Nice ground cover or in front of border.</i>							
Plumbago	<i>Versatile groundcover with intriguing leaves and breathtaking gentian-blue flowers. In autumn foliage turns brilliant scarlet.</i>						
	Blue	Green	August-Oct.	8-12"	18"	-	-
CHELONE (Turtle Head) ☼☾ Zone 3 <i>Loves moist areas and is pest resistant, excellent for cutting. Pinching shoot tips in early summer results in fuller plants. Outstanding for fall flower colour.</i>							
✂ Hot Lips	<i>Emerging in spring, the handsome, purple-bronze foliage changing to a glossy green. Bright pink tubular flowers in early fall.</i>						
	Bright Pink	Glossy green	August-Sept.	28"	18"	-	-
✂ Oblique Alba	<i>Clear white turtleheads.</i>						
	White	Glossy green	August-Sept.	28"	18"	-	-
✂ Oblique Pink	<i>Dark glossy green leaves and topped in September with mauve-lavender turtleheads.</i>						
	Pink	Glossy green	August-Sept.	28"	18"	-	-
CONVALLARIA (Lily of the Valley) ☾● Zone 3 <i>Ground cover for shady sites. Old fashion cut flower.</i>							
✂ Majalis (common)	<i>Excellent groundcover in woodland gardens</i>						
	White	Green	May-June	6-8"	6-8"	-	-
COREOPSIS auriculata (Maysville Daisy, Mouse Ears) ☼ Zone 4 <i>A wonderful little plant for edging, the rock garden, or growing in containers. Plants form a small mound of leathery green leaves, bearing bright golden-orange single daisies in late spring and early summer. Remove faded flowers to encourage repeat blooming. Dislikes drying out. Tolerates hot, humid summers. Attractive to butterflies</i>							
✂ Jethro Tull	<i>Brilliant golden yellow flowers with fluted petals and a compact habit</i>						
	Golden yellow	Green	June-Sept.	15"	18"	-	-
Nana	<i>1.5" yellow orange blooms over low spreading mats of deep green lobed leaves</i>						
	Golden	Green	June-July.	7-9"	18"	-	-
COREOPSIS grandiflora (Tickseed) ☼ Zone 3 <i>Blooms constantly to frost, remove fading blooms. Can become leggy and tipsy if grown in crowded conditions, but are generally sturdy and upright to eighteen inches if it gets good sun from top to bottom of the clump.</i>							
✂ Early Sunrise	Zone 5	<i>All American Winner! Semi-double bright yellow flowers. Blooms 3-4 weeks earlier than other varieties</i>					
	Yellow	Green	June-Sept	24"	18"	-	-
✂ Sunkiss	Zone 5	<i>This bushy, mid-sized selection forms a mound of leathery green leaves, bearing upright stems loaded with single golden-yellow flowers with a burgundy eye. Flowers for many weeks, but removing faded flowers regularly will encourage new buds to form into the fall.</i>					
	Yellow/red	Green	June-Sept	16-20"	16"	-	-
✂ Tequila Sunrise	<i>The olive-green leaves are heavily variegated with an irregular marking of creams and yellows. The new growth in the spring picks up a pinkish-red tint. In the fall, it takes on a darker mahogany color. Daisy-like yellow-orange flowers.</i>						
	Golden	Green-gold	June-Sept.	18"	18"	-	-

PERENNIALS AND GROUND COVER

Variety		Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
COREOPSIS hybrid (Tickseed) ☼ Zone 3 Blooms constantly to frost, remove fading blooms. Can become leggy and tipsy if grown in crowded conditions but are generally sturdy and upright to eighteen inches if it gets good sun from top to bottom of the clump.								
Big Bang Mercury Rising		A very long-blooming perennial for sunny areas, forming a narrow, upright mound of medium-textured leaves. The exceptionally large velvety-wine daisies have a contrasting gold-orange button centre, appearing in succession from mid summer to mid autumn.						
✂	Cosmic Eye	Red	Green	July-Sept.	18"	24-36"	-	-
		Loads of 1.5 yellow with a burgundy centre and golden button eye blooms cover plant in summer. Foliage is texture is between a treadleaf and a grandiflora.						
		Yellow/burgundy	Green	June-Sept.	12-15"	18"	-	-
Lil Bang Daybreak		Golden yellow blooms have broad red banding surrounding yellow center.						
		Yellow-Red	Green	July-Sept.	10"	12"	-	-
COREOPSIS verticillata (Tickseed) ☼ Zone 3 Blooms constantly to frost. Remove fading blooms for best results. The airy slender foliage makes it a good choice for a crowding fill-in plant amidst other sun-loving perennials, for it will not shade anything.								
American Dream		Rose-pink flowers with cheerful yellow eyes lay among the tight, green foliage.						
		Rose	Green	July-Sept.	12"	14"	-	-
Moonbeam		Perennial Plant of the Year 1992. A classic with airy texture and continuous bloom throughout the summer						
		Lemon yellow	Green	July-Sept.	18"	18"	-	-
Zagreb		Clear golden yellow flowers upon fern-like foliage.						
	Zone 4	Golden-yellow	Green	July-Sept.	15"	15"	-	-
CORYDALIS ☼☾ Zone 5 Ferny foliage and upright stems of delicate showy flowers. Great for rock walls or slopes. Plants may go dormant in mid summer, sometimes coming up again in the fall, or otherwise the following spring.								
Blue Panda		Clump of lacy green leaves with electric-blue, tubular flowers dangle above the foliage.						
		Deep Blue	Green	May-Sept	8-16"	10"	-	-
China Blue		Sky blue flowers that are larger than 'Blue Panda'. Flowers are fragrant and can rebloom in fall.						
		Blue/Purple	Blue/Green	May/June	8"	14"	-	-
Lutea		Known as Yellow Fumitory. Pretty yellow locket-shaped flowers. The fresh green leaves form a low ferny mound. Practically thrives on neglect.						
		Yellow	Blue-green	June/Sept	12"	16"	-	-
Purple Leaf		Forms a clump of elegant, lacy green leaves with a purple blotch, and upright stems of dangling tubular purple-blue flowers.						
		Blue	Purple-bronze	June/Sept	12"	16"	-	-
CROCOSMIA ☼ Zone 5 Consins to the gladiola, these are hardy plants that produce clumps of green sword-shaped leaves, with tall, arching spikes of funnel-shaped blossoms appearing in mid to late summer.								
Ember Glow		Large flowers that are a rich, deep burnt scarlet-red						
		Red	Green	July-August	36-42"	12"	-	-
Lucifer		Brilliant flame red flowers stand in rows on wiry, arched stems. The broad, sword foliage adds a spikey element to the landscape.						
		Red	Green	July-August	36-42"	12"	-	-
DELOSPERMA (Hardy Ice Plant) ☼ Zone 6 The hardy Ice Plants are native to dry areas in South Africa but are amazingly hardy in North America, provided they are grown in very well-drained soil. Makes an excellent groundcover for hot, dry slopes, and will tolerate poor sandy soil. Drought tolerant.								
Cooperi		Succulent, needle-like leaves studded with fluorescent 2" wide daisy pink flowers. Good red fall colour.						
		Pink	Green	July-August	4-6"	12"	-	-
Fire Spinner		Forms a low carpet or mat of succulent, apple-green leaves, bearing loads of stary flowers with petals that are bright apricot around the perimeter with a darker halo effect, vibrant pink at the base and a white eye.						
		Apricot/Pink	Green	July-August	4-6"	12"	-	-
DELPHINIUM (Larkspur) ☼ Zone 3 Old-fashion Garden border plant. Excellent summer colour.								
✂	Blue Butterfly	Dwarf, grandiflora type. Sky blue flowers on strong stems						
		Blue	Green	June-July	10"	10"	-	-
✂	Delphina	Naturally compact habit.						
	Dark Blue Black Bee	Dark Blue/Black	Green	June-August	18-20"	14-16"	-	-
	Dark Blue White Bee	Dark Blue/White	Green	June-August	18-20"	14-16"	-	-
	Light Blue White Bee	Light Blue/White	Green	June-August	18-20"	14-16"	-	-
	Rose White Bee	Rose/white bee	Green	June-August	18-20"	14-16"	-	-
✂	Magic Fountains Series	Dwarf, early variety. Good for windy locations where taller varieties may be damaged.						
	Dark Blue Dark Bee	Dark blue	Green	June-August	24-30"	14"	-	-
	Pure White	Pure white	Green	June-August	24-30"	14"	-	-
	Lilac Pink	Pink	Green	June-August	24-30"	14"	-	-
	Sky Blue	Light blue	Green	June-August	24-30"	14"	-	-

Summer Skies	Sky Blue	Green	June-August	5-6ft	18"	-	-
DIANTHUS barbatus (Sweet William) ☼ Zone 3 <i>Biennial, Excellent for cutting. Remove fading flowers to encourage more buds to form. Pruning plants back hard after blooming will encourage them to survive for another year. Self-sown seedlings may be moved in fall or early spring.</i>							
Double Dwarf Mix	<i>Produces a low mound of light green leaves, bearing showy clusters of bright double flowers in mixed shades from white through to pink, salmon and red, often with a contrasting eye.</i>						
	Assorted	Green	June-July	6-8"	12"	-	-
Indian Carpet Mix	<i>Mixed shades of red and pink blossoms held upright over mounds of rich foliage.</i>						
	Assorted	Green	June-July	12"	12"	-	-
DIANTHUS Caryophyllus (Carnation) ☼ Zone 4 <i>Very nice clove fragrance. Dislikes heat.</i>							
Grenadin Mix	<i>Lovely clove-scented favorites in a rainbow of colors.</i>						
	Assorted	Grey-green	June-July	20"	12"	-	-
DIANTHUS deltoides (Maiden Pink) ☼ Zone 3 <i>Use in rock gardens, border fronts, edgings and containers. Evergreen foliage can serve as an attractive ground cover year-round.</i>							
Vampire	<i>Forms a low, spreading evergreen mound of dark-green leaves, studded with deep crimson-red flowers in late spring, then on and off through the summer.</i>						
	Red	Silver-grey	May-June	7"	12"	-	-
DIANTHUS gratianopolitanes (Cheddar Pink) ☼ Zone 3 <i>Cheddar pinks are best in rock gardens, border fronts or in some difficult sites such as rocky slopes or over stone walls. Effective small area ground cover. Also, an effective edging plant.</i>							
Firewitch	Perennial Plant of the Year 2006! <i>Spreading low growing form with blue green foliage and magenta blooms</i>						
	Magenta	Silver-grey	May-June	6"	12"	-	-
DIANTHUS hybrida (Pinks) ☼ Zone 3-5 <i>A diverse group of plants, many are low growing suited to rock-gardens and edging.</i>							
American Pie Series	<i>A set of hybrid pinks with delicious colours.</i>						
Bumbleberry Pie	Pink/Rose	Silver-grey	May-Oct.	8-11"	8-11"	-	-
Cherry Pie	Deep Cherry Red	Silver-grey	May-Oct.	8-11"	8-11"	-	-
Georgia Peach Pie	Blush/Coral	Silver-grey	May-Oct.	8-11"	8-11"	-	-
Key Lime Pie	White/Green	Silver-grey	May-Oct.	8-11"	8-11"	-	-
Appleblossom Burst	<i>A mixture of white and intense pink blush flowers over grey-green foliage.</i>						
	White/Pink	Silver-grey	May-Oct.	8-10"	16"	-	-
Electric Red	<i>Dramatic, rich red flowers that grab you from a distance. Flowers are held on strong stems above blue-green leaves.</i>						
	Red	Silver-grey	May-Oct.	4-8"	12"	-	-
Everbloom 'Strawberry Tart'	<i>This series are densely branched with strong, short flower stems and bold color. Pink blooms with a dark pink and white centre.</i>						
	Pink	Silver-grey	May-Oct.	6-8"	18"	-	-
Everbloom 'Watermelon Ice'	<i>This series are densely branched with strong, short flower stems and bold color. Large, bright watermelon-pink petals have white fringed tips.</i>						
	Pink	Silver-grey	May-Oct.	6-8"	18"	-	-
Fire & Ice	<i>Raspberry flowers with tiny light pink spots and white, nearly smooth, edges.</i>

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
DICENTRA (Bleeding Heart) ☼● Zone 3 <i>All types have classic heart-shaped flowers, divide dwarf varieties every 3 years. Plant will often go dormant through the heat of the summer.</i>							
Cupid	Heart-shaped, cotton candy pink blooms and green foliage.						
	Pink	Green	May-Sept.	18-24"	24"	-	-
King of Hearts	Zone 4 <i>Dark rose flowers combine with luscious ferny blue foliage. Will flower intermittently throughout the summer.</i>						
	Deep rose	Blue-green	May-Sept.	12"	12"	-	-
Luxuriant	<i>Compact, tolerates sun more than other varieties.</i>						
	Rose-red	Silver-grey	May-Sept.	10"	12"	-	-
✂ Spectabilis 'Gold Heart'	<i>Usual chains of pink and white locket flowers, but on a plant with stunning chartreuse foliage.</i>						
	Rose-pink	Chartreuse	April-June	36"	24"	-	-
✂ Spectabilis Pink (Old Fashion)	<i>Dangling bright-pink locket flowers are held on arching stems.</i>						
	Pink/white	Green	April-June	36"	24"	-	-
✂ Spectabilis 'Alba'	<i>White heart shaped petals on the outside and white petals on the inside.</i>						
	White	Green	April-June	30"	24"	-	-
✂ Spectabilis 'Valentine'	<i>Heart-shaped red flowers hung from arching stems, overlooking a vigorous growth of deeply dark grey-green lobed foliage</i>						
	Red/White	Green	April-June	30"	24"	-	-

DICTAMNUS (Gasplant) ☼☾ Zone 5 *The glossy, leathery leaves are dark green and retain their deep colour until late in Fall. The white, pink and purplish-brown flowers are borne on spikes 2 feet to 3 feet high. Both the foliage and flowers are fragrant and when the parts are crushed in the hand, they have the fragrance of lemon. Once established, the plant is very drought tolerant. Produces an oil that irritates some people's skin. The oil appears to be sunlight activated. If you wash the exposed skin before it receives too much direct sunlight, irritation won't occur.*

Alba	<i>White flowers on 2-foot stalks</i>						
	White	Green		24-36"	24"	-	-

DIGITALIS (Foxglove) ☼☾ Zone 4 *Famous for its statuesque spikes of drooping, tubular flowers. Excellent in woodland gardens and perennial borders.*

✂ Candy Mountain	<i>First upward facing bloom on a digitalis. Large rose-pink blooms</i>						
	Rose-pink	Green	May-June	3-4ft	24"	-	-
✂ Mertonensis	<i>A true perennial. Compact habit. Spikes of large strawberry flowers with a salmon pink blush.</i>						
	Deep pink	Green	June-August	30"	24"	-	-
✂ Pink Panther	<i>Compact, uniform, heavily branching plants that produce multiple spikes of vibrant rose-pink with speckled throat flowers. First year flowering, attracts pollinators</i>						
	Rose Pink	Green	June-August	36"	18"	-	-
✂ Sugar Plum	<i>Tall spikes of tightly packed pink blossoms are heavily speckled with a brilliant plum burgundy throat</i>						
	Deep pink/plum	Green	June-August	36"	18"	-	-

DORONICUM (Leopard's Bane) ☼☾ Zone 4 *An early blooming daisy that makes for a lovely combination with spring-blooming bulbs. Best in light shade, such as a woodland setting. Plants may go dormant during hot summer weather, particularly in hot humid summer regions. Trim back by half after blooming, to prevent self seeding. Good choice for edging, or the rock garden.*

Little Leo	<i>Semi-double, bright-yellow flowers over compact mounds of fresh green foliage.</i>						
	Yellow	Green	April-May	10"	10"	-	-

ECHINACEA (Coneflower) ☼ Zone 3 *A North American native. Produces a daisy flower with pronounced central cone. They make a bold statement in a sunny border or an open meadow. Recent smaller varieties are excellent in small gardens and containers.*

✂ Artisan Red Ombre	<i>F1 hybrid collection. Flowers open red and soften as they mature</i>						
	Red	Green	July-Oct.	16-28"	10-14"	-	-
✂ Artisan Soft Orange	<i>F1 hybrid collection. Flowers open deep orange and soften as they mature</i>						
	Orange	Green	July-Oct.	16-28"	10-14"	-	-
✂ Butterfly Kisses	<i>A double-flowering Coneflower. It has fragrant, pink pom-pom centres with lighter ray petals. Plant habit is well-branched, strong and bushy with dark stems.</i>						
	Pink	Green	July-Oct.	16-18"	16-18"	-	-
✂ Cheyenne Spirit	<i>Shades of red, orange, purple, scarlet, cream, yellow and white. Extremely well branched plants. First year only 18" in height.</i>						
	Mix	Green	July-Oct.	22-30"	18"	-	-
✂ Delicious Candy	<i>The color on this double coneflower is practically fluorescent, with glowing fuchsia pink flowers. The single ray petals are held horizontally underneath the large pom-pom blooms. 'Delicious Candy' is one of the first Echinacea to flower and stays fresh looking long into the season. In addition to its beautiful flowers, this coneflower also has attractive dark green leaves and dark stems on compact plants.</i>						
	Fuchsia Pink	Green	July-Sept.	18-24"	14-16"	-	-
✂ Double Decker	<i>Purple rose flower that is entirely unique – in it's second year it blooms with an upper layer on petals around the top of the larger orange cone.</i>						
	Purple	Green	July-Sept.	24-36"	24"	-	-

BROWNIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
ECHINACEA (Coneflower) ☼ Zone 3 <i>A North American native. Produces a daisy flower with pronounced central cone. They make a bold statement in a sunny border or an open meadow. Recent smaller varieties are excellent in small gardens and containers.</i>							
✂ Double Scoop Series	<i>A new series of Coneflower bred to produce well-branched, sturdy and compact plants with excellent hardiness. This selection produces large, double flowers.</i>						
Bubblegum	Pink	Green	July-Sept.	20-23"	16-18"	-	-
Cranberry	Cranberry-Red	Green	July-Sept.	20-23"	16-18"	-	-
Mandarin	Orange	Green	July-Sept.	20-23"	16-18"	-	-
Orangeberry	Orange/Rose	Green	July-Sept.	20-23"	16-18"	-	-
Raspberry	Raspberry	Green	July-Sept.	20-23"	16-18"	-	-
✂ Fatal Attraction	<i>Plants are strong and bushy in habit, ideal for sunny borders and growing in mixed containers. Large blooms have flat, non-droopy petals of deep magenta-purple around a dark cone, held on red stems.</i>						
	Pink	Green	July-Sept.	24"	18"	-	-
✂ Green Jewel	<i>Fairly compact in habit, an ideal height for sunny borders and growing in mixed containers. The large and fragrant blooms have a row of light-green petals surrounding a large central cone of deep green.</i>						
	Yellow-green	Green	July-Sept.	20-23"	12-18"	-	-
✂ Green Twister	<i>A unique colour combination. The outer edge of the petals are yellow-green and bleed into a pale, lilac-pink in the centre, surrounding a bronze cone.</i>						
	Yellow-green	Green	July-Sept.	32"	12-14"	-	-
✂ Kismet Intense Orange	<i>Large, vivid orange daisy flowers with gold-brown cone that rebloom throughout the summer. Upright and compact growing habit.</i>						
	Orange	Green	June-Oct.	16"	18"	-	-
✂ Kismet Raspberry	<i>Large, raspberry daisy flowers with gold-brown cone that rebloom throughout the summer. Upright and compact growing habit.</i>						
	Deep Pink	Green	June-Oct.	16"	18"	-	-
✂ Kismet Red	<i>Large, red daisy flowers with cinnamon hued cone that rebloom throughout the summer. Upright and compact growing habit.</i>						
	Red	Green	June-Oct.	16"	18"	-	-
✂ Kismet Yellow	<i>Large, yellow daisy flowers with green centre that rebloom throughout the summer. Upright and compact growing habit.</i>						
	Yellow	Green	June-Oct.	16"	18"	-	-
✂ Lakota Fire	<i>Proven Winner Variety! Sold in Proven Winner pots. 3 1/2" in flowers ranging from reddish orange to pinkish red. Shorter than other varieties</i>						
	Shades of Red	Green	June-Oct.	16"	18"	-	-
✂ Mellow Yellows	<i>Mixture of creamy, lemon, and dark yellow</i>						
	Yellow	Green	June-Oct.	30"	16"	-	-
✂ Pow Wow White	<i>An outstanding, seed grown cultivar that blooms all season with a profusion of white flowers over a compact plant.</i>						
	White	Green	April-June	22"	14"	-	-
✂ Pow Wow Wildberry	<i>Plants form a mid-sized mound of coarse dark-green leaves, bearing large daisy flowers with magenta-pink petals surrounding an orange-brown central cone by midsummer. Excellent variety!</i>						
	Rose	Green	April-June	22"	14"	-	-
✂ Prairie Splendor	<i>Large, deep rose flowers with a coppery orange centre cone. Blooms early and keeps on blooming!</i>						
	Rose	Green	June-Oct.	24"	24"	-	-
✂ Purple Emperor	<i>This Coneflower features large, fragrant, magenta-purple petals surrounding a prominent orange-brown cone. Petal edges turn a lighter pink as the flower matures. Long blooming. Plant habit is well-branched, strong and bushy.</i>						
	Purple	Green	June-Oct.	14-18"	14-16"	-	-
✂ Ruby Star	<i>Spectacular summer display of carmine pink flower petals accents the chocolate brown centre cone.</i>						
	Carmine	Green	July-Sept.	24-36"	24"	-	-
✂ Sombrero Series	<i>A new series of Coneflower bred to produce well-branched, sturdy and compact plants featuring a high bud count. This selection, part of the Sombrero® series, produces very large, single flowers with overlapping petals surrounding a large, rust-brown cone.</i>						
Adobe Orange	Orange	Green	July-Sept.	24"	18"	-	-
Baja Burgundy	Burgundy	Green	July-Sept.	24"	18"	-	-
Blanco	White	Green	July-Sept.	24"	18"	-	-
Flamenco Orange	Orange/Red	Green	July-Sept.	24"	18"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
---------	---------------	-------------	------------	--------	-------	---------------------	----------

ECHINOPS (Globe Thistle) ☼ Zone 3 *Tall thistle like looking plants with needle-studded flower balls.*

✂	Royal Globe	Handsome spherical flowers have a metallic lustre and may be cut and dried for winter decoration.						
		Blue	Green-blue	July-August	36"	18"	-	-
✂	Veitch Blue	Striking globe-shaped powder-blue flowers steal the show when in bloom on a relatively compact plant. Not an invasive type of thistle. Good for attracting pollinators to the garden; do not over-fertilize						
		Blue	Green-blue	July-August	36"	18"	-	-

EPIMEDIUM (Barrenwort) ● Zone 4 *A wonderful dense groundcover plant for the hard to plant dry shade area. They will take a couple of years to reach a mature size, plants are long-lived and very sturdy. Old leaves should be pruned to the ground in late winter to show the flowers to best effect. Drought tolerant once established.*

Grandiflorum Lilafee	<i>Plants form a bushy mound of dark green leaves, bearing sprays of delicate violet-purple flowers, in mid to late spring.</i>					
	Violet-purple	Dark green	May-June	8-10"	12-18"	-
Rubrum	<i>Has rose red flowers and red-flushed foliage. The leaf color is more intense in full sun but will require more water.</i>					
	Rose-red	Reddish-green	May-June	12"	12"	-
Versicolor Sulphureum	<i>Young leaves are flushed red, turning green as they mature. Blooms are pale yellow with red tinged spurs.</i>					
	Pale yellow	Green	May-June	8"	12"	-
Youngianum Merlin	<i>Delicate dusky-mauve flowers in mid to late spring. New leaves are flushed with bronze.</i>					
	Mauve	Dark green	May-June	8-10"	12-18"	-
Youngianum Niveum	<i>Delicate white spidery flowers suspended on wires dangle above red-veined, heart-shaped leaves.</i>					
	White	Green	May-June	8"	12"	-

ERYNGIUM (Sea Holly) ☼ Zone 4 *Prickly flowers are a favourite for cutting & drying, very drought tolerant, attractive in border. Good for high salt environment*

✂	Big Blue	Eryngium Big Blue has a surprisingly iridescent blue flower. With blue stems and silver leaves. It is a spectacular and long-lasting cut flower.						
		Blue	Blue-green	July-August	24-30"	18-24"	-	-
✂	Blue Hobbit	Small flowered but with intense blue colour in the garden.						
		Blue	Blue-green	July-August	24-30"	18-24"	-	
✂	Jade Frost	Variegated rounded, leathery leaves are blue green with prominent white margins. New leaves have a pink edge.						
		Blue	Cream/green	July-August	24-30"	12"	-	-

EUONYMUS (Wintercreeper) ☼ ● Zone 4 *Can be used as a shrub or trained as creeping ground cover or to climb.*

Coloratus	<i>Forms a dense carpet of dark green leaves with a course to medium texture. Foliage turns dusky purple during the colder months</i>					
-	Green	-	18"	24"	-	-

EUPATORIUM (Boneset) ☼ ☾ Zone 3 *Native, meadow plant. Provides excellent colour to the late summer garden.*

Atropurpureum (Joe Pye Weed)	Masses of lavender-pink flowers in late summer. Attracts butterflies.						
	Lavender-pink	Green	Aug.-Sept.	6ft	24"	-	-
Chocolate	Tall masses of chocolate-purple leaves with shiny deep purple stems and petioles, followed in autumn with huge beads of small white flowers.						
	White	Chocolate	August-Sept	3-4ft	24"	-	-
Gateway	Huge bright mauve pink flower clusters atop deep wine-red stems. More compact and shorter than others in this species.						
	Lavender-pink	Green	August-Sept.	3ft	24"	-	-
Little Joe	A dwarf cultivar of a species of our native Joe Pye weed. Has the familiar large domes of lavender-pink flowers that attract lots of butterflies						
	Lavender-pink	Green	August-Sept.	3-4ft	24"	-	-

EUPHORBIA (Spurge) ☼ ☾ Zone 5 *Colourful flower beads sit on top of foliage. Foliage turns rich purple-red in fall.*

Ascot Rainbow	Flashy green and yellow variegated foliage takes on pink and orange tones in cool weather. Unique variegated bracts appear in large clusters in spring.						
	Green-yellow	Green	May-June	20"	18"	-	-
Myrsinites (Donkeytail Spurge)	Oval, blue-green, fleshy, succulent-like leaves are arranged in close spirals around the stems. Non-showy greenish flowers subtended by showy yellow bracts bloom in spring.						
	Yellow	Grey-green	June	6-8"	18-24"	-	-
Polychroma	Forms perfect dome of pale green leaves, covered by chrome-yellow flower bracts.						
	Yellow	Green	May-June	12-18"	18"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5”pot 18/tray	5.5”pot
FERN Adiatum Pedatum 🌑🌑 Zone 3 <i>Ferns play an essential role in shade gardens. Not recommended for fall planting. Prefer rich moist soil.</i>							
Northern Maiden Hair	<i>A great cold hardy fern that is native to large areas of the U.S.A. and Canada. This pretty, dainty and delicate fern has vivid bright green leaves on thin and wiry, shiny black or dark brown petioles (stem). The fronds are feathery and circular; grow outward in a flat, fan-like position.</i>						
-	Green	-	12-18”	12”	-	-	
FERN Athyrium 🌑🌑 Zone 4-5 <i>Ferns play an essential role in shade gardens. Not recommended for fall planting. Prefer rich moist soil.</i>							
Filix-femina ‘Frizelliae’ (Tatting Fern)	<i>One of the most distinctive ferns. Narrow fronds on which the pinnae(leaflets) are rolled up tightly together. Look like delicate beads strung on a necklace.</i>						
Zone 3	-	Green	-	12-18”	12”	-	-
Angustum forma	<i>Dark green upright fronds with deep burgundy stems. Burgundy colour takes 2-3 years to develop.</i>						
Rubellum ‘Lady in Red’	-	Green	-	30-36”	20”	-	-
Filix-femina ‘Lady Victoria’	<i>Has fronds whose pinnae (leaflets) crisscross to form x’s and has crested pinnae tips.</i>						
-	Green	-	18-24”	12”	-	-	
Filix-femina -Lady	<i>Lush fine-textures, mid-green fronds radiate gracefully, arching out from the crown. Vigorous but spreads slowly.</i>						
-	Green	-	12-18”	12”	-	-	
Niponicum ‘Crested Surf’	<i>Proven Winner Variety! Sold in Proven Winner pots. First Proven Winner perennial fern. Looks similar to a traditional Japanese Painted Fern, but the tips of the fronds are double crested. A vigorous, taller variety.</i>						
-	Silver-grey	-	20-22”	28-30”	-	-	
Niponicum Picum ‘Japanese Painted’	<i>Perennial of the Year 2004! Silvery-grey fronds are dusty purple toward the centre. Purplish-red veins and stems.</i>						
-	Silver-grey	-	12-18”	12”	-	-	
Niponicum Picum ‘Regal Red	<i>This selected form of Japanese Painted Fern has arching triangular leaves of silver, with contrasting red stems in each leaflet.</i>						
-	Silver-grey/red	-	12-18”	12”	-	-	
Niponicum ‘Ghost’	<i>A hybrid cross between Japanese Painted fern (A. niponicum 'Pictum') and Lady Fern (A. filix-femina). Frosted apple green fronds emit a ghostly white light in the shade. Dark purple stems hold the broad fronds rigidly upright.</i>						
-	Green/silver	-	24-36”	24”	-	-	
Niponicum ‘Godzilla’	<i>A giant painted fern! It forms a massive, arching clump of silvery fronds with green highlights and dark purple stems. Like the Lady Fern, ‘Godzilla’ spreads slowly where it is happiest in moist, loamy soils.</i>						
-	Green/silver	-	36”	4-6ft	-	-	
FERN Dennstaedtia 🌞🌑 Zone 3							
Punctilobula (Hay-Scented)	<i>Hay-scented Fern is a fast-growing deciduous native that forms colonies. Fronds smell of hay when bruised. It can become invasive but is extremely useful as a ground cover for sun. Reserve Hay-scented Ferns for locations where you need to cover large expanses quickly and inexpensively with something deer-resistant, attractive, and undemanding.</i>						
-	Green	-	18-36”	24-30”	-	-	
FERN Dryopteris 🌑🌑 Zone 4-5 <i>Ferns play an essential role in shade gardens. Not recommended for fall planting. More tolerant of drought once it has been established.</i>							
Erythrosora ‘Brilliance Autumn’	<i>Lustrous young orange fronds light up against the glossy, deeper green colouring of the mature fronds. Best leaf colour in part sun.</i>						
-	Green	-	24”	12”	-	-	
Filix-mas (Male Fern)	<i>A large, clump-forming woodland fern. Fresh green fronds unfurl from scaly, brown, underground rhizomes that push through the soil in mid spring. These grow in height in the summer to form impressive stands, but will die back later in the year. Male-ferns are hardy plants and can survive in quite dry conditions.</i>						
-	Green	-	30”	15”	-	-	
affinis ‘Crispa The King’	<i>Forms a medium to large-sized clump of arching, deep-green fronds, each leaflet “crested” or divided at the tips. Plants are clumping in habit, and well suited to use in any moist, shady situation.</i>						
-	Green	-	18-24”	12-18”	-	-	
Filix-mas ‘Crispa Crisata’ (Shield Fern)	<i>Dwarf form to 12" tall with overlapping crisped pinnae with small terminal and side crests.</i>						
-	Green	-	12”	12”	-	-	
Marginalis ‘Leatherwood’ (Eastern Wood)	<i>This is a popular evergreen native fern that is common in woods of northeast North America. Its fronds are bluish-green.</i>						
-	Green	-	18-30”	12”	-	-	
FERN Matteuccia 🌑🌑 Zone 3 <i>Ferns play an essential role in shade gardens. Not recommended for fall planting. Must have rich moist soil.</i>							
Struthiop ‘Ostrich’	<i>Green, pinnate fronds are shaped like ostrich plumes, being much wider at the top and tapering to a bare stipe. Turns greenish bronze in fall, then brown in winter. Spreads rapidly underground.</i>						
-	Green	-	3-6ft	24”	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
FERN Osmunda ●☾ Zone 3 Ferns play an essential role in shade gardens. Not recommended for fall planting. Prefer rich moist soil.							
Cinnanomea 'Cinnamon'	Robust tall clumping fern that is named for its bright cinnamon-coloured fertile fronds (turning after the green spores are shed). It is native of swamps and other wet areas in North America.						
-	Green	-	30-60"	18"	-	-	-
Regalis 'Royal'	It can grow 4-5 feet tall in a clumping form and forms raised islands of root mass above swampy areas, but plants do well in garden locations in moist soil in sun or shade. They remain green until hard freeze.						
-	Green	-	24-60"	24"	-	-	-
FERN Phyllitis ●☾ Zone 5 Ferns play an essential role in shade gardens. Not recommended for fall planting. Prefer rich moist soil.							
Hart's Tongue	The long, narrow, uncut fronds of this fern are unlikely to be mistaken for any other. Small plants with one or two fronds can be found in cracks in old walls, or large luxuriant plants with 20 or more fronds, can grow in shady patches of humus-rich soil.						
-	Green	-	8-24"	12"	-	-	-
FERN Polystichum ●☾ Zone 4 Ferns play an essential role in shade gardens. Not recommended for fall planting. Prefer rich moist soil.							
Acrostichoides 'Christmas'	One of the most dependable, undemanding evergreen ferns. North American native. Forms a medium-sized clump of dark green, leathery fronds which unfurl from attractive silvery grey fiddle heads in spring.						
-	Green	-	18-24"	12"	-	-	-
FILIPENDULA (Meadowsweet) ☼☾ Zone 4 Requires consistently moist soil; do not let dry out between waterings. This plant is attractive to bees, butterflies and birds.							
Palmata Red Umbrella	The green leaves on this compact 2.5' tall meadowsweet are heavily veined with crimson, which is also prevalent in the new growth. In early summer, the plants are topped with umbels of pink.						
Pink	Green	June-July	30"	20"	-	-	-
Rubra Venusta	Fragrant salmon pink plumes top the turkey foot shaped foliage. A nice plant for the back of the border in a moist area, preferably in afternoon shade.						
Salmon pink	Green	June-July	6-8ft	36"	-	-	-
FRAGARIA (Ornamental Strawberry) ☼☾ Zone 3 Has a creeping habit that makes for a wonderful groundcover as well as an accent to almost any perennial in the garden.							
Lipstick	Improved ornamental strawberry is slightly mounded in form with luscious dark green foliage, deep rose-red flowers appearing in June, then again in fall. Small berries also appear, but are not advisable to consume.						
Rose	Green	June	4-6"	24"	-	-	-
GAILLARDIA (Blanket Flower) ☼ Zone 3							
✂ Arizona Sun	Large fiery orange red blossoms of Arizona Sun are tipped by a ring of rich flame yellow. Forms a neat mound of lance-shaped, grayish-green leaves. Near end of season, leave spent flower heads for seed to attract goldfinches.						
Red/Yellow	Green	June-Sept.	12-15"	12"	-	-	-
✂ Arizona Red Shades	Crimson- red flowers with some yellow tips. Low, compact mound of foliage.						
Red/Yellow	Green	June-Sept.	12-15"	12"	-	-	-
✂ Burgundy	Large 3" wide wine-red blooms. Has a button-like centre which emerges bright yellow and then slowly changes to oxblood-red.						
Red	Green	June-Sept.	24-30"	14"	-	-	-
✂ Goblin	Scarlet-red petals with sunny yellow tips surround the reddish-brown button-like centre of these daisy-like flowers.						
Red/Yellow	Green	June-Sept.	14"	12"	-	-	-
GALIAM (Sweet Woodruff) ●☾ Zone 4 Fast-spreading excellent groundcover.							
Odorum Sweet Woodruff	Small green leaves, whorled like spokes of a bicycle around the stem. Clusters of sweetly fragrant starry white flowers.						
White	Medium green	May-June	6"	10"	-	-	-
GAURA (Wand Flower) ☼ Zone 5 Excellent in containers or along the front to middle of a sunny border. Needs good drainage.							
lindheimeri 'Passionate Blush'	Forms a bushy mound of leaves, edged red in spring then later becoming solid green. Wands of small soft-pink and white silky blooms.						
Soft pink	Green	July-Sept.	24"	18"	-	-	-
lindheimeri 'Passionate Rainbow'	Forms a bushy mound of leaves, edged in cream and flushed pinkish red. Wants of small, deep pink silky blooms.						
Deep Pink	Green	July-Sept.	24"	18"	-	-	-
Siskiyou Pink	A North American wildflower, highly valued for its long flower display in the garden. Plants bloom for many weeks, with loose sprays of deep pink flowers. In the breeze these move constantly, looking like a cloud of small butterflies. Although Gaura may not always winter reliably, plants flower for the entire summer and fall, so consider using it even as an annual in colder winter regions.						
Pink	Green	July-Sept.	24"	24"	-	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
GERANIUM cantabrigiense ☼☾ Zone 5 <i>Great evergreen groundcover by creating a dense mat that helps reduce weed growth in the garden.</i>							
Biokovo	Perennial Plant of the Year 2015! <i>Flowers are white with light pink veins and stamens. Foliage turns a brilliant red in the fall.</i>						
	<i>Fragrant.</i>						
	Light pink	Green	June-Aug.	6-8"	12"	-	-
Crystal Rose	<i>Tiny geranium with masses of hot pink blooms.</i>						
	Pink	Green	July-Sept.	8-12"	8-12"	-	-
GERANIUM cinereum (Greyleaf Cranesbill) ☼☾ Zone 5 <i>This selection of Cranesbill is a superb choice for meandering through the front of a partly shaded border or woodland garden.</i>							
Ballerina	<i>Low-growing variety forms a trailing mat of grey-green leaves. The soft-pink flowers have a deep purple eye and veins, appearing on and off from early summer.</i>						
	Lilac-pink	Grey-green	June-Aug.	4-6"	12-18"	-	-
GERANIUM hybrida ☼☾ Zone 5 <i>These geraniums are all hybridized to improve colour and garden performance.</i>							
Brookside	<i>This long-flowering hybrid forms a sprawling mound of deeply cut green foliage, bearing large cup-shaped violet-blue flowers with a white eye. Plants may need to be cut back hard after blooming to encourage fresh new foliage. Appreciates a moist site. Easily divided in spring or fall. Rates highly as one of the best newer blue selections. Received a Royal Horticultural Society Award of Garden Merit (2004).</i>						
	Blue	Green	June-Aug.	23-27"	23-35"	-	-
Johnson's Blue	<i>Vivid periwinkle blue 2" flowers. Finely cut, green leaves quickly form wide clumps.</i>						
	Blue	Green	June-Aug.	15-18"	24"	-	-
Rozanne	Perennial Plant of the Year 2008! <i>Large violet blue flowers with a white eye are produced prolifically from late spring to frost. Plants are widely sprawling creating a beautiful groundcover. Also good in containers and baskets.</i>						
	Lilac-pink	Grey-green	June-Oct.	18-20"	24-36"	-	-
GERANIUM maculatum (Wild Geraniums) ☼☾ Zone 3							
maculatum	Rose	Green	June	12-28"	12-18"	-	-
GERANIUM macrorrhizum (Bigroot Geraniums) ☼☾ Zone 5 <i>One of the best ground cover plants, useful for weed suppressing. Spread by fleshy underground rhizome making dense mat 12-18" across. The broadly lobed, rounded leaves are aromatic.</i>							
Macrorrhizum	<i>Fragrant apple scented foliage and flowers. Think clusters of five-petaled, pink flowers in late spring on dense groundcover.</i>						
	Rose	Green	June-July	8"	14"	-	-
Ingwersen's Variety	<i>Compact, apple scented leaves turn bronze and scarlet in autumn. Semi-evergreen. True white bloom with pink sepals.</i>						
	Light Pink	Green	June-July	16"	12-18"	-	-
GERANIUM pratense ☼☾ Zone 5							
Boom Chocolatta	Proven Winner variety sold in PW pots <i>Rich, dark bronze leaves and an upright habit, with blue-purple flowers covering the top of the habit, starting in early summer. Compared to older genetics, 'Boom Chocolatta' is more vigorous, and has a very refined habit. Use it as a contrast with green-leaved plants in your sun garden!</i>						
	Blue-purple	purple	June-Aug.	24"	28"	-	-
Dark Reiter	<i>A compact selection forming a mound of deeply cut, plum-purple foliage, bearing clusters of lilac-blue flowers appearing early to late summer. Perfect for containers.</i>						
	Lilac-blue	purple	June-Aug.	8-10"	10-12"	-	-
GERANIUM sanguineum (Bloody Cranesbill) ☼☾ Zone 5							
Alba	<i>A lovely white form of the meadow Cranesbill.</i>						
	White	Green	June-Aug.	16-19"	30"	-	-
Blushing Turtle	<i>Beautiful soft pink, one-inch flowers with intricate veins of bolder, more vivid pink. Blooms heavily in June with some rebloom September through frost. Rich green maple-leaf foliage forms thick, impressive mounds. Toothy leaves take on rich fall hues when cold weather arrives.</i>						
	Pink	Green	June/Sept	24"	36"	-	-
Sans max Frei	<i>Compact variety forms a low mound of fine-textured green foliage, bearing a nice display of bright magenta-pink flowers</i>						
	Magenta	Green	June-Aug.	6-8"	18"	-	-
Var.Striatum	<i>Very low, lusciously dense spread mats of the softest pink flowers - noticeably veined in red - practically smothering the small, deeply cut, glossy leaves. The fine foliage turns bronzy-red in fall.</i>						
	Soft pink	Green	June-Aug.	6"	36"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
GEUM (Grecian Rose) ☼☾ Zone 5 <i>Long blooming season. Flowers rise up from a bushy clump of hairy leaves. Excellent in summer borders.</i>							
✂ Blazing Sunset	<i>Double, scarlet red flowers that are 50% larger than other varieties.</i>						
	Red	Green	June-July	24"	12-18"	-	-
✂ coccineum 'Koi'	<i>Dwarf variety with single, overlapping, brilliant orange petals with orange-yellow stamens</i>						
	Orange	Green	June-July	6"	16"	-	-
✂ Fire Storm	<i>Improved version of 'Fireball' as it has twice the flower power and half the plant size.</i>						
	Orange	Green	April-Sept.	20"	18"	-	-
✂ Lady Stratheden	<i>3" semi-double golden yellow flowers</i>						
	Golden-yellow	Green	June-July	24"	12"	-	-
✂ Mrs Bradshaw	<i>Brilliant double orange-red flowers. The dense mat of bright green foliage makes an effective groundcover.</i>						
	Orange	Green	June-July	24"	12"	-	-
✂ Trifolium	<i>A unique plant with feathery pink seed heads and foliage covered with silky hairs</i>						
	Pink	Green	May-July	12"	12"	-	-

GYPSOPHILA paniculata (Baby's Breath) ☼ Zone 3 <i>Excellent cutflower adds an airy look to bouquets.</i>							
✂ Double Snowflake	<i>Cloud-like masses of ultra double, dainty white pom-poms. Cut back after summer bloom to encourage fall flowers</i>						
	White	Grey-green	June-Aug.	24-36"	24"	-	-

GYPSOPHILA ☼ Zone 3 <i>Excellent in rock gardens.</i>							
Repens White	<i>Plants form a low mat of grey-green leaves, bearing masses of small starry white flowers in early summer, which literally smother the clump.</i>						
	White	Grey-green	June-Aug.	8"	12"	-	-
Repens Rose	<i>Trailing habit and tiny flowers make it perfect for borders or rock gardens</i>						
	Pink	Grey-green	June-Aug.	5"	18-24"	-	-

HEDERA HELIX (IVY) ☼☐☾ Zone 5 <i>Excellent groundcover, will also climb a wall.</i>							
Thorndale	<i>One of the hardiest of the English Ivies. Evergreen.</i>						
	-	Green	-	6-8ft+	12"	-	-

HELENIUM (Helen's Flower) ☼ Zone 3 <i>Excellent for massing in borders and backgrounds.</i>							
✂ Salsa	<i>This compact variety is part of the Mariachi™ Series and features spicy, red petals with a bit of orange surrounding a dark brown cone.</i>						
	Red	Green	August-Oct.	12-18"	18"	-	-

HELIANTHUS(Sunflower) ☼ Zone 5							
Lemon Queen	<i>Plants are tall and upright, forming a bushy clump of green leaves, topped with branching sprays of soft yellow daisies in later summer and fall.</i>						
	Yellow	Green	August-Sept	70"	20"	-	-
Tuberosus (Jerusalem Artichoke)	<i>Broad, thick leaves and a profusion of attractive, brilliant 2-4" flowers. Edible, nutritious tubers that contain no starch. Native to North America.</i>						
	Yellow	Green	August-Sept	6-10ft.	3-5ft.	-	-

HELIOPSIS (False Sunflower) ☼ Zone 4 <i>False Sunflowers are reliable for their very long season of bloom. Removing faded flowers regularly will greatly extend the blooming season. May require staking, particularly when grown in very rich garden soil. A North American native plant.</i>							
Lorraine Sunshine	<i>Variiegated foliage which is creamy-white with dark green veins. Large golden daisies for a long time beginning mid-summer.</i>						
	Yellow	Cream/green	July-Sept.	24"	18-24"	-	-
Summer Sun	<i>Forms a tall, bushy clump of dark green leaves, bearing branching heads of large golden-yellow, semi-double, daisy flowers.</i>						
	Yellow	Green	July-Sept.	36"	18-24"	-	-
Tuscan Sun	<i>Proven Winner variety sold in 'PW' pots. This beautiful and carefree native cultivar offers a more compact habit and good disease resistance compared to other varieties of Heliopsis. Bright golden yellow, daisy-like flowers with an orange-gold button center are produced on strong stems from mid through late summer atop the deep green foliage.</i>						
	Yellow	Green	July-Sept.	24-36"	20-24"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
HELLEBORUS ☾ Zone 5 <i>One of the finest low-growing, early-flowering plants in cultivation. No garden should be without one. 3-4" flowers last for 8-10 weeks. Evergreen. Easy to grow requiring shade and occasional water.</i>							
Brandywine	<i>A mix of dark red, spotted pinks, picotees, and apricot double and anemone flowers.</i>						
	Burgundy	Green	April-June	12-15"	18"	-	-
x ericsmithii 'Angel Glow'	<i>First year blooming hellebore that has vigorous yet compact growth habit. Pink flowers with blue-green foliage</i>						
	Pink	Blue-Green	March-May	12-16"	8-12"	-	-
x ericsmithii 'Pink Beauty'	<i>Low evergreen, dark-green foliage with soft-pink kissed with ivory green.</i>						
	Pink/Ivory	Green	March-May	8-10"	12"	-	-
hybrid 'Blue Lady'	<i>A part of the Lady series. Thick, leavary evergreen leaves. Plum-purple, cup-shaped flowers that sometimes have a reddish edge</i>						
	Dark Purple	Green	April-June	12-18"	18"	-	-
hybrid 'Ivory Prince'	<i>A truly regal beauty whose up-ward facing ivory flowers are flushed with pink, and streaked with green and rose hues which deepen with time.</i>						
	Ivory	Green	April-June	12-18"	24"	-	-
hybrid 'Red Lady'	<i>A part of the Lady series. Thick, leathery, evergreen foliage. Cherry to deep red, cup-shaped flowers.</i>						
	Red Shades	Green	April-June	12-18"	18"	-	-
hybrid orientalis 'Royal Heritage Strain'	<i>Wide range of colours including purple, near black, white, pale green, yellow, pink, rose, and red. Some flowers are attractively spotted or brushed with a contrasting colour. Petals overlap to form a cup-shape about 2" in length. Evergreen foliage with leavary, serrated leaves forms an umbrella-like covering. 2005 Perennial Plant of the Year</i>						
	Assorted	Green	April-May	18-24"	24-30"	-	Fall 2022
niger	<i>Has large cup-shaped white flowers that are said to be particularly early to appear, depending on the season</i>						
	White	Green	April-June	15-18"	18"	-	-
x niger Emma	<i>This variety is a nigercors hybrid which makes it very hardy in northern climates. An early flowering hellebore with beautiful large white flowers that age to a greyish-pink. Very floriferous from December to May on a neat habit of dark green foliage with a lighter green veining.</i>						
	White	Green	April-June	10-12"	12"	-	-
x niger Snowbells	<i>Semi-double, pure white flowers measure 2½-3" across, with five petals and additional petaloids at the center. Unlike H. hybridus types, these flowers are naturally side-facing versus downward-facing, so you can enjoy the bright white flowers with little effort. Very early flowering.</i>						
	White	Green	April-May	10-12"	12"	-	-
Victoria	<i>A new Helleborus orientalis variety is according to the breeder striking for its mass of purple flowers. Specifically bred to begin flowering in fall, it tolerates full sun and is a Niger-Cor hybrid which makes it very hardy in northern climates.</i>						
	Purple-Pink	Green	Nov-May	10-12"	12"	-	-

HELLEBORUS 'Frost Kiss Series' ☾ Zone 5 *The Frost Kiss series is a late blooming hellebore with unique marbled foliage that remains attractive all year round.*

hybrid 'Anna's Red'	<i>Thick, leathery evergreen leaves have a slight pink, marbled tinge when they first emerge. Deep burgundy-red, cup-shaped flowers with red stems.</i>						
	Burgundy	Green	April-June	18-23"	18"	-	-
hybrid 'Bayli's Blush'	<i>Lavender-pink blushed and creamy white flowers.</i>						
	Lavender/Pink	Green marbled	April-June	12-18"	24"	-	-
hybrid 'Penny's Pink'	<i>Beautiful pink flowers above attractive marbled foliage.</i>						
	Pink	Green marbled	April-June	15-18"	18"	-	Fall 2022

HELLEBORUS 'Honeymoon Series' ☾ Zone 4 *Theses are single flowering hellebore with notable vigor, rich flower colours and showy floral displays and a large number of blossoms per plant. Introduced by Walters Garden.*

California Dreaming	<i>3", single clear yellow, unspotted flowers. – N/A until Fall 2022</i>						
	Yellow	Green	April-June	18-22"	20"	-	NA- Fall
French Kiss	<i>3" single white flowers lined with raspberry pink that veins in toward the center of the petals.</i>						
	White/raspberry	Green	April-June	18-22"	20"	-	-
New York Night	<i>2.5-3", single flowers with shades of black that include deep grey-purple, jet black, and black-purple.</i>						
	Black	Green	April-June	18-22"	20"	-	-
Rio Carnival	<i>2.5-3", single light-yellow flowers with heavy burgundy red speckling.</i>						
	Yellow/burgundy	Green	April-June	18-24"	18"	-	-
Romantic Getaway	<i>3", single white flowers with a dramatic red patterned center.</i>						
	Burg-red/White	Green	April-June	15-18"	18"	-	-
Rome in Red	<i>3-4" single blooms single rich maroon to wine red flowers</i>

Wedding Bells	2.5" Double clear white flowers White	Green	April-June.	18-24"	18"	-	NA-Fall
Wedding Crasher	3" soft pink flowers covered with darker pink spots Pink	Green	April-June.	18-24"	18"	-	-

HELLEBORUS 'Winter Jewels Series' ☾ Zone 4 *Early flowering hellebores with both double and single flowering varieties. Created by Ernie & Marietta O'Byrne.*

Apricot Blush	Leathery, evergreen foliage. Apricot to peach flowers that are streaked, edged, or flished with a deeper rose pink. Yellow/Pink	Green	March-June	12-14"	18"	-	-
Cherry Blossom	Leathery, evergreen foliage. Single pink blooms with a berry-red picotee edging and red centres. Pink	Green	March-June	12-14"	18"	-	-
Onyx Odyssey	Features double, frilly blooms in shades of midnight purple and slate to black. Leaves emerge purple in early spring before maturing to green. This variety is reported to retain its colour and petals after the flowers have set seed, greatly extending the interest beyond the initial bloom. Black	Green	April-June.	15-18"	18"	-	Fall 2022

HEMEROCALLIS – Common (Daylillies) ☼☾ Zone 3 *These hardy perennials have large and attractive blooms that are similar to lily flowers. They are very easy to grow, many of the forms are tolerant of almost total neglect and will still be seen thriving in a neglected garden long after most of the other cultivated perennial species have been choked out by the invading native plants. All parts of the plants are edible though it is the flowers that are most frequently used. Daylilies also have a number of other uses and, all in all, deserve to become a standard plant in edible and ornamental gardens.*

Bonanza	Brightly coloured star-like flowers of orange-yellow with a burgundy throat. Yellow/burgundy	Green	July	34"	18"	-	-
Catherine Woodbury	Very fragrant lightly ruffled, orchid-lavender petals with a wide green throat and a flower size of 4.5". Orchid-lavender	Green	July	30"	18"	-	-
Chicago Apache	Intense scarlet red loosely ruffled petals with a small yellow watermark and green throat. Non-fading. Scarlet red	Green	July	30"	18"	-	-
Frans Halls	Striking bicolor orange sepals and bright reddish-cooper petals with creamy orange midrib. Flower is 6-pointed star form. Orange/red	Green	July	24"	18"	-	-
Gentle Sheppard	5.5" almost pure white flowers with yellow-green throats White	Green	July	20"	18"	-	-
Happy Returns	Dwarf variety. 3" blooms in a soft-yellow shade. Flowers constantly from May to frost. Yellow	Green	May-frost	35-40"	45"	-	-
Hyperion	Large, fragrant lemon-yellow flowers Yellow	Green	July	35-39"	23"	-	-
Little Grapette	Miniature, light grape-purple flowers with a green throat. Purple	Green	July	10-12"	18"	-	-

Rocket City	<i>Large bittersweet orange petals with a burnt orange eye. The throat and mid-ribs are lighter orange-yellow.</i>						
	Orange	Green	July	40"	18"	-	-
Sammy Russel	<i>Deep red flowers with orange-yellow throat.</i>						
	Red	Green	July	36"	18"	-	-
Stella de Ore	<i>Most popular daylily! Blooms profusely a golden yellow in early summer followed by waves of bloom until fall.</i>						
	Golden yellow	Green	June-Sept.	15"	18"	-	--
Strawberry Candy	<i>Pink petals with a bright raspberry red eye, orange-gold watermark and a green throat. Ruffled with red edges. Long prolific bloomer</i>						
	Pink/raspberry	Green	July-August	26"	18"	-	-
Summer Wine	<i>Light wine-red flowers with a yellow throat and ruffled petals.</i>						
	Pale wine- red	Green	July	24"	18"	-	-

HEMEROCALLIS – Premium (Daylilies) ☼🌱 Zone 3 *These hardy perennials have large and attractive blooms that are similar to lily flowers. They are very easy to grow, many of the forms are tolerant of almost total neglect and will still be seen thriving in a neglected garden long after most of the other cultivated perennial species have been choked out by the invading native plants. All parts of the plants are edible though it is the flowers that are most frequently used. Daylilies also have a number of other uses and, all in all, deserve to become a standard plant in edible and ornamental gardens.*

Joan Senior	<i>Creamy white with a large pale-yellow watermark and a soft green throat. Slightly ruffled. Excellent bud count and branching.</i>						
	White	Green	July	30"	18"	-	-
Pandora's Box	<i>Repeat-blooming selection has small, fragrant creamy yellow to ivory flowers with a bright lavender-purple centre</i>						
	Yellow/Purple	Green	July-August	18"	18"	-	-
Pardon Me	<i>Miniature cranberry red flowers with a narrow yellow watermark and green throat. Heavily budded. Re-bloomer.</i>						
	Cranberry-red	Green	July-Sept.	18"	18"	-	-
Purple de Ore	<i>3" medium dark purple flower with a lighter midrib and edge above a gold throat. Re-blooming variety.</i>						
	Purple	Green	June-Sept.	15"	18"	-	-
Rosy Returns	<i>Rose pink with a deep rose eye zone and yellow throat. Blooms from June to frost.</i>						
	Rose pink	Green	June-Sept.	14"	18"	-	-
Sunday Gloves	<i>Graceful, innocent-looking perfect for a romantic moonlit garden. Near-pure white blossoms are highly fragrant with loosely ruffled petals.</i>						
	White	Green	July-August	27"	18"	-	-
Stella in Red	<i>Deep red flowers with navy edging and yellow centre</i>						
	Red	Green	July-August	14-18"	18"	-	-
Wineberry Candy	<i>One of the longest blooming daylilies and one of the first to bloom. Fragrant, soft pinkish peach-coloured blossoms have a contrasting wine purple eye.</i>						
	Peach/purple	Green	July-August	22"	18"	-	-

HEMEROCALLIS – Proven Winner (Daylilies) ☼🌱 Zone 3

Going Bananas	<i>Proven Winner variety sold in PW pots. An improved 'Happy Returns' with larger flowers and nearly continuous bloom. 'Going Bananas' starts to bloom about 1-2 weeks later in early summer, but it blooms nearly continuously into early fall. The 4", fragrant, canary yellow flowers have recurved, overlapping petals and slightly ruffled margins. They open fully and symmetrically just above the semi-evergreen foliage.</i>						
	Yellow	Green	June-Sept.	19"	18"	-	Fall 2022
Orange Smoothie	<i>Proven Winner variety sold in PW pots. 4" wide, orange mango petals with a light rose band, pink mid-rib, and green throat. The flower scapes have well-branched, 4-way scapes and upwards near 32 buds per scape, packing quite a punch with its flower performance. The diamond dusting will dazzle you as it sparkles in direct sun. Flowers are cookie-cutter consistent in form and color and we have observed excellent rebloom.</i>						
	Peach-orange	Green	July-August.	24"	18"	-	-
Ruby Spider	<i>Proven Winner variety sold in PW pots. Gigantic 9", dark ruby red flowers are classified as "unusual form-spatulate" since the petals are long and spoon-shaped. The petals open very wide and flat, displaying the large, golden yellow throat and matching midribs nicely.</i>						
	Red	Green	July-August.	34"	18"	-	-
Storm Shelter	<i>Proven Winner variety sold in PW pots. This stunning, high quality, tetraploid produces 5 inch wide, mauve colored blossoms with an enormous deep eggplant purple eye that extends to nearly the edge of the petals. Picrust edges have a wide picotee margin that matches the eggplant color of the eye zone. The flowers boast heavy substance that stands up to adverse weather. Rounded petals and flower form complete the package. The rich color saturation of the flower make this daylily a can't miss!</i>						
	Purple/mauve	Green	July-August	24"	18"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
HEMEROCALLIS – Specimen (Daylilies) ☼🌑 Zone 3 <i>These hardy perennials have large and attractive blooms that are similar to lily flowers. They are very easy to grow, many of the forms are tolerant of almost total neglect and will still be seen thriving in a neglected garden long after most of the other cultivated perennial species have been choked out by the invading native plants. All parts of the plants are edible though it is the flowers that are most frequently used. Daylilies also have a number of other uses and, all in all, deserve to become a standard plant in edible and ornamental gardens.</i>							
Bela Lugosi	One of the best purple daylilies. Outstanding saturated purple bloom with lime green throat. Non fading. Heavily budded and well branched. Purple	Green	July	33"	18"	-	-
Custard Candy	Reblooming, designer daylily has light creamy-yellow trumpets with plum band around a yellow-green throat; pretty ruffled blooms Cream/plum	Green	July	20"	18"	-	-
Daring Deception	Dusty pink blooms with a deep purple eye, ruffled picotee edging and bright green throat are not only striking, but also outstanding performers. By the third year, each plant will produce up to 500 blooms per season! Rebloomer. Pink	Green	June-Sept.	24"	18"	-	-
Elegant Candy	4.25", medium pink flowers with a triangular red eye and a green throat. Blossoms are round in form and heavily ruffled. The flower color is sunfast. Strong, well-branched and budded scapes. Blooms in early to midsummer; rebloomer. Notably fragrant Pink	Green	June-Sept.	25"	18"	-	-
Funny Valentine	Here's a great large-flowered red daylily with foliage that looks attractive all season long. This breeder selects for superb foliage, and it shows in the beautifully arching, dark blue-green foliage of this variety. Sunfast rose red, ruffled flowers with a bright green throat are produced on 4-way branched scapes, up to 25 buds per scape. Red	Green	July-August	24"	18"	-	-
Precious de Ore	A striking dense clump of grassy foliage with upright stems of 4" white flowers with a yellow-green throat. Rebloomer. White	Green	June-July	15"	18"	-	-
Red Hot Returns	Large blooms (5 inch) of rich true red with a contrasting lemon-yellow throat. Repeats constantly from June to frost. Red	Green	June-Sept.	20"	18"	-	-
Ruby Stella	Ruby, yellow throat, 20" flower scapes, 3" blooms. Red	Green	June-Sept.	14"	18"	-	-
South Seas	5", coral-tangerine tepals with a reddish-coral band and yellow throat; very distinctive coloring. Smooth, rounded petals with beautifully ruffled edges. Fragrant. Multiple branching with 30-35 buds; rebloomer. Coral	Green	July-August	30"	18-24"	-	-
Stella Supreme	Features bold lightly-scented buttery yellow trumpet-shaped flowers with yellow throats Yellow	Green	June-Sept.	14"	18"	-	-
Stephanie Returns	Fripped mauve-pink petals neatly veined with deeper rose have a narrow plum-purple eye zone circling the yellow-green throat. Pink	Green	June-Sept.	18"	18"	-	-

HEUCHERA Americana Hybrids (Coral Bells) ☼🌑 Zone 4 *Hybrid Coral Bells offer the gardener a tremendous new range of foliage colours, especially for shady areas. Use to add colour and texture to any bed or container. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height.*

Apple Crisp	Beautifully ruffled with strongly dissected, bright green leaves that are overlaid with silvery-white, holding well the whole season. Short stems of small white bell flowers appear in late spring. Excellent tight habit.	White	Green	June-July	8" (16")	12"	-	-
Berry Marmalade	A large and bold plant with ruffled, deep purple-black leaves and a silvery veil. Extra thick leaves stand up to intense heat and cold.	Cream	Deep purple	June-July	12" (18")	28"	-	-
Berry Timeless	Curled and crinkled leaves begin deep burgundy, maturing to deep purple-black. Short sprays of small white bell flowers rise taller in summer. A part of the 'Crisp' series from TerraNova.	White	Purple-Black	June-July	7" (17")	16"	-	-
Black Taffeta	Large, glossy, ruffled, black leaves.	Pink	Purple-Black	May-June	12" (21")	15"	-	-
Blackberry Crisp	This plant will wow you with its amazing flower production -- unlike any other coral bell. It produces tall 45-50 cm flower spikes which are adorned with masses of light pink bell flowers which age to deep rose pink. Even better it blooms and reblooms from early summer to frost. And what makes this plant even more remarkable the spent flowers do not drop off -- they dry on the stem similar to Statice. The flowers are a beautiful contrast to the mint green foliage which is overlaid with silver.	Cream Yellow	Bronze	June-July	8" (14")	18"	-	-
Cherry Cola	Front of the border charm with lovely red brown leaves and rust-cherry red flowers. 'Cherry Cola' performs all year round.	Red	Red Brown	June-July	6" (18")	14"	-	-
Dale's Strain	Unique silver-blue marbled foliage accented by white flowers on long panicles in the spring	White	Silver-blue	June-July	12" (30")	18"	-	-
Electric Lime	Dramatic lime tinted foliage sports red veins in cool temperatures. Large leaves create full, mounding plants. As a bonus, clusters of dainty white flowers appear on spikes above the foliage in the spring. Heat and humidity tolerant.	White	Lime	June-July	16" (30")	18"	-	-
Forever Purple	It forms a mound of glossy, purple leaves with fluted edges year-round. Short sprays of purple-pink flowers appear in summer. Sturdy in habit and vigorous.	Pink	Purple	June-July	12" (18")	14"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
HEUCHERA Americana Hybrids (Coral Bells) ☼☾ Zone 4 Hybrid Coral Bells offer the gardener a tremendous new range of foliage colours, especially for shady areas. Use to add colour and texture to any bed or container. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height.							
Forever Red	<i>The cut, softly ruffled leaves are considered the reddest ever. The best red colour will be in cooler temperatures spring and fall. Spikes of small, white flowers appear in mid summer. Vigorous grower.</i>						
	White	Red	June-July	12"(18")	18"	-	-
Frosted Violet	<i>Emerges deep maroon purple, maturing to deep plum purple. Fine hairs cover foliage giving them a 'frosted' looked. Colour intensifies in fall.</i>						
	Pink	Plum-purple	June-July	20"(30")	18"	-	-
Ginger Peach	<i>Ruffled leaves change from peach to coral to toasted copper and rose throughout the season. Faster growing Heuchera.</i>						
	White	Orange-Peach	May-June	10"(18")	24"	-	-
Lime Marmalade	<i>Frosted, ruffled leaves are a shocking lime green. Great in containers.</i>						
	White	Lime green	June-July	8"(17")	14"	-	-
Lime Ruffles	<i>A vigorous mound with very large and ruffled lime green leaves with a frosty white overlay.</i>						
	White	Lime green	June-July	10"(18")	14"	-	-
Marmalade	<i>Shiny, undulating leaves in shades of peach and honey with bright purple undersides. Red buds open to white flowers</i>						
	White	Orange-peach	June-July	10"(16")	12"	-	-
Northern Exposure Series	<i>Richly coloured, round mounded leaves with attractive short flower stalks.</i>						
Amber	Cream	Amber orange	June-July	14"(20")	18"	-	-
Black	White	Black	May-Oct.	10"(28")	23"	-	-
Lime	Red	Lime	June-July	16"(22")	18"	-	-
Red	Green	Red	June-July	16"(22")	18"	-	-
Silver	Pink	Silver/burgundy	June-July	16"(22")	18"	-	-
Obsidian	<i>Deep purplish-black leaves have a polished glassy lustre. Undersides are shiny and deep purple. Smokey purple buds and cream flowers</i>						
	Cream	Purple-black	June-July	10"(18")	12"	-	-
Paris	<i>The lobed leaves are mint-green, overlaid with silver markings. Showy sprays of deep-pink flowers rise taller in late spring, repeat blooming for most of the summer.</i>						
	Pink	Green/silver	June-July	10"(18")	14"	-	-
Peach Crisp	<i>Extremely ruffled peach to amber leaf color, and a tight mounding habit</i>						
	Cream	Purple-black	June-July	6"(15")	14"	-	-
Pink Panther	<i>Semi-glossy leaves emerge metallic pink and mature to a dark berry pink with darker veins.</i>						
	Pink	Pink-Purple	June-July	10"(28")	16"	-	-
Plum Pudding	<i>Rich plum-purple leaves with a shimmering metallic finish. Sprays of creamy flowers appear in June.</i>						
	Cream	Plum-purple	June-July	8"(25")	14"	-	-
Primo 'Peachberry Ice'	<i>Proven Winner variety sold in 'PW' pots. Large 4½-5", apricot orange leaves have a silver overlay. Its beautifully pronounced ruffling reveals bright pink undersides of the leaves. The bright orange color is most pronounced in the spring with newly emerging foliage, over the warmer months the color mellows. Burgundy stems hold airy, cream flowers.</i>						
	Cream	orange	June-July	8"(18")	15"	-	-
Primo 'Mahogany Monster'	<i>Proven Winner variety sold in 'PW' pots. Massive glossy, mahogany red leaves form a substantial clump of foliage. Slightly ruffled leaves can grow up to 6 inches wide. The flower stems are proportionate to the size of the clump: very thick, burgundy stems hold masses of light pink buds with cream flowers. Although the color is consistent throughout the season, older leaves become copperier with age.</i>						
	Lt.Pink	Mahogany Red	June-July	8"(20")	18"	-	-
Primo 'Wildberry'	<i>Proven Winner variety sold in 'PW' pots. This easily distinguishable Heuchera stands out with its large leaves and bright, uniquely colored foliage. 'Wild Rose' forms a dense habit of large, bright rosy purple leaves with deep charcoal gray veining. The prominent dark veining really causes the foliage color pop, making it a great choice for shade. This is the perfect companion plant to the dark-leaved 'Black Pearl'. Upright, dark burgundy rose flower scapes have matching dark buds that open to rosy pink flowers.</i>						
	Rose-pink	Rose-purple	June-July	10"(14")	18"	-	-
Primo 'Wild Rose'	<i>Proven Winner variety sold in 'PW' pots. Forms a dense habit of large, bright rosy purple leaves with deep charcoal gray veining. The prominent dark veining really causes the foliage color pop, making it a great choice for shade.</i>						
	Rose	Purple	June-July	10"(18")	15"	-	-
Silver Scrolls	<i>Rounded leaves are silver and burgundy in spring, deepening to silver and near black later in the season. Sprays of ivory-pink flowers appear in late spring, held on beet-red stems.</i>						
	Ivory-pink	Silver-bronze	June-July	10"(14")	18"	-	-

HEUCHERA Micrantha (Coral Bells) ☼☾ Zone 3 *Propagation by seed.*

Bressingham Hybrid	<i>Plants form a low mound of rounded deep-green leaves, bearing upright spikes with loads of small bells in a range of shades from white through to pink, coral and scarlet red</i>						
	Red	Green	June-July	14"(28")	14"	-	-
Palace Purple	<i>Perennial Plant of the Year 1991! Maple-shaped leaves, range in colour from deep olive green to purplish-bronze with amethyst purple undersides.</i>						
	Cream	Purple-brown	June-July	12"(20")	14"	-	-
Ruby Bells	<i>Dark green foliage with true red flowers.</i>						
	Red	Green	June-July	12"(24")	14"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/ tray	5.5" pot
HEUCHERA Villosa Hybrids (Coral Bells) ☼☾ Zone 4 <i>Hybrid Coral Bells offer the gardener a tremendous new range of foliage colours, especially for shady areas. Use to add colour and texture to any bed or container. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height. Villosa hybrids are more heat and humidity tolerant. Tend to be more hardy than other hybrids</i>							
Caramel	<i>A robust grower with fuzzy, bright yellow-orange foliage with purple undersides. Much brighter than Amber Waves and great plant habit.</i>						
	Cream	Orange-yellow	June-July	12"(14")	16"	-	-
Dolce Black Pearl	<i>Proven Winner variety sold in 'PW' pots. Forms an incredibly dense habit of shiny, jet black leaves with scalloped, ruffled edges. Each 4-4½" leaf has rosy purple undersides, revealed with the intense ruffling of the leaves. Oldest leaves have a slight silver overlay. To top it off, 'Black Pearl' keeps its intense black color even in full sun, instead of bleaching to brown. White flowers with pink calyxes appear in midsummer (requires vernalization).</i>						
	White	Black	June-July	10"(18")	18"	-	-
Dolce Silver Gumdrop	<i>Proven Winner variety sold in 'PW' pots. It has vibrant pink flowers instead of the typical white or cream. Match it with its silver, iridescent leaves with a semi-glossy finish and you have a winning combination. A smaller scale Heuchera, the perfect size for a container. Its silver leaves take on a rosy blush overtone later in the season for additional interest.</i>						
	Pink	silver	June-July	8"(22")	12"	-	-
Dolce Spearmint	<i>Proven Winner variety sold in 'PW' pots. Silvery-green foliage with dark green veins. Bicolour flowers with dark pink tips and light pink bases.</i>						
	Pink	Silver-Green	June-July	8"(22")	24"	-	-
Dolce Wildberry	<i>2023 Proven Winners National Perennial of the Year! Proven Winner variety sold in 'PW' pots. Intense, large, scalloped purple leaves with have charcoal veins. Dark stems hold rosy pink calyxes and white flowers</i>						
	White	Purple	June-July	10"(26")	16"	-	-
Fire Alarm	<i>Bigger and brighter than 'Fire Chief' or 'Autumn Leaves'. Foliage is bright red in spring and fall and darkens to a brown-red during the summer.</i>						
	White	Purple-Black	June-July	7"(17")	16"	-	-
Grape Expectations	<i>Forms a dense, upright mound of broad, thick and durable, vibrant grape purple leaves with black veins. Holds colour well then develops a bright silver overlay in the heat of summer.</i>						
	Cream-white	Purple	June-July	12"(34")	24"	-	-
Lemon Love	<i>Slightly ruffled, chartreuse leaves that are less prone to burning compared to other Heucheras in this colour.</i>						
	White	Lime green	June-July	10-14"	28-32"	-	-
Mega Caramel	<i>Super-sized foliage in caramel-tines that transition to creamy golden hues. Pronounced veining gives the leaves a quilted appearance. Red buds open into white buds.</i>						
	White	Gold-orange	June-August	18-20"	24-28"	-	-

HEUCHERELLA (Foamy Bells) ☼☾ Zone 4 *A hybrid between Heuchera and Tiarella. The resulting hybrids retain the best of each genus- the foliage colour of Heuchera with the leaf shapes of Tiarella. Best if planted in morning sun and afternoon shade. Excellent planted in woodland gardens.*

Pink Fizz	<i>Large clump of large, deeply lobed, soft green leaves with a light silvery and heavy wine red to deep purple veining. Maintains its tight habit and cool colouring all season. Pink flowers emerge from hot pink buds.</i>						
	Pink	Green	June	8"(12")	18"	-	-
Pink Revolution	<i>Bright green leaves with burgundy veins with bubblegum-pink flowers.</i>						
	Pink	Green	June	12"(20")	18"	-	-
Plum Cascade	<i>Trailing purple foliage masked with a silver veil. Small pink flowers in summer</i>						
	Pink	Purple	June	10"(12")	32"	-	-
Pumpkin Spice	<i>Bronze red leaves emerge in late spring and hold their colour well into early summer. Each lobed leaf has deep mahogany centers that follow the veins of the leaf. Dark red stems hold cream flowers</i>						
	White	Mahogany	June	8"(16")	15"	-	-
Sweet Tea	<i>Huge cinnamon stars are surrounded by the loveliest orange tea colored borders. The big, palmately cut leaves darken in the summer and lighten up again in the fall.</i>						
	White	Orange	June	10"(18")	14"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
HIBISCUS (Rose Mallow) ☼ Zone 4 <i>Hibiscus is a warm season plant and does not grow until the soil is warm therefore patience is required in the spring for this beauty to wake up – in southern Ontario is approximately mid-June. Excellent in the sunny border with large Alliums which die back just as the hibiscus is starting to grow.</i>							
Airbrush Effects	<i>The beautiful art deco pattern of this Hardy Hibiscus looks like it has been spray painted. 8-8½", vibrant pink flowers with salmon tones have an airbrushed central white halo and a small dark red eye. Overlapping petals create a three-dimensional look to the flowers. The rich, dark green foliage forms a compact habit. Lots of flower buds translates to a long season of bloom.</i>						
	Pink	Green	August-Sept.	48"	36"	-	-
Fireball	<i>A vigorous grower with purple foliage and 10" clear red flowers</i>						
	Red	Purple	August-Sept.	48"	36"	-	-
Kopper King	<i>This unique selection has huge white flowers with a red eye, over a bushy clump of coppery-red foliage.</i>						
	Pink	Bronze	August-Sept.	48"	36"	-	-
Luna Pink Swirl	<i>Large 6-8in pink picotee blooms with a dark eye on a bushy plant.</i>						
	Pink	Green	August-Sept.	24-36"	24"	-	-
Luna Red	<i>Large 6-8in red blooms on a bushy plant.</i>						
	Red	Green	August-Sept.	24-36"	24"	-	-
Luna Rose	<i>Large 6-8in rose blooms on a bushy plant.</i>						
	Rose	Green	August-Sept.	24-36"	24"	-	-
Luna White	<i>Large 6-8in blooms on a bushy plant.</i>						
	White	Green	August-Sept.	24-36"	24"	-	-
Mars Madness	<i>Dark olive-green leaves have copper highlights, with the newest leaves emerging coppery purple. The large, maple-like leaves are broadly smooth and form a full, billowy habit. Huge 6-8" flowers open flat and are magenta red in color, more on the pink side of the spectrum than 'Cranberry Crush'. Each flower has a small, darker red halo with overlapping petals and deeply impressed veins. Flowers are produced from the top to the bottom of the plant, rather than only at the top like some older cultivars.</i>						
	Red	Green	August-Sept.	48"	60"	-	-
Midnight Marvel	<i>Huge deep scarlet-red flowers, over a bushy clump of deep wine-purple foliage</i>						
	Red	Bronze	August-Sept.	36-48"	36"	-	-
Plum Crazy	<i>Dinner plate-sized blooms of 10" across are an unusual shade of lavender-plum with purple veining. Plum-coloured leaves resemble maple leaf</i>						
	Lavender-plum	Green/purple	August-Sept.	48"	36"	-	-
Starry Starry Night	<i>Incredibly dark, near-black, broad, maple-like leaves form an upright clump in the landscape. Interesting 7-8" flowers are pale pink with darker pink speckling and veining. The flowers are held on bright green carpels, which contrast nicely with the dark foliage. Flowers are produced from the top to the bottom of the plant, rather than only at the top like some older cultivars.</i>						
	Pink	Black	August-Sept.	42"	42"	-	-
Summer in Paradise	<i>Truly delivers with its refined habit and attractive, large flowers and floriferous performance. Deep red buds open to 7-8" hot cerise red flowers. Medium green, maple-like leaves are accented by olive green edges that quickly fill in the habit to keep it appearing full and refined. Flowers are produced from the top to the bottom of the plant, rather than only at the top like some older cultivars. Use in place of a shrub in your garden.</i>						
	Red	Green	August-Sept.	36-42"	42"	-	-
Vintage Wine	<i>Near black buds open to huge 7in, scarlet red flowers. Dark green heart shaped leaves form a densely upright columnar clump. Late blooming.</i>						
	Red	Green	August-Sept.	48"	36"	-	-

HOSTA (Plantain Lily) Standard ☾● Zone 3 <i>One of the most popular perennial for the shade gardens. Hostas offer an amazing palette of colours, sizes and textures. They can be used in beds or containers. . Please note for height – the number in brackets is the height of the bloom scape, the number outside is the foliage height.</i>							
August Moon	<i>Brilliant gold to chartreuse leaves. Tolerates full sun which will intensify the gold colour. Corrugated leaves.</i>						
	Pale lavender	Gold	July-August	20"(24")	30"	-	-
Blue Angel	<i>Large, blue-green leaves of heavy substance form a huge mound. Excellent slug resistance.</i>						
	White	Blue-green	July	36"(48")	36"	-	-
Fortunei 'Albo picta'	<i>The center of the leaf emerges a fairly bright cream-green colour in spring and fades to a golden green with a green edge.</i>						
	Lavender	Two tone green	July-August	20"(40")	36"	-	-
Fortunei 'Aureomarginata'	<i>Spinach green leaves with a hint of blue and deep golden yellow margins. Leaves are broadly ovate and slightly puckered.</i>						
	Lavender	Green/gold	July-August	20"(40")	36"	-	--
Francee	<i>Medium to dark green somewhat glossy leaves have narrow white margins. Forms a wide, low mound of foliage perfect for edging.</i>						
	Lavender	Green/white	July-August	14"(30")	36"	-	-
Halycon	<i>Leaves are frosty blue-green and pointed. Foliage has a heavy substance and is slug resistant.</i>						
	Pale violet-blue	Blue-green	July	18"(28")	24"	-	-
Royal Standard	<i>Forms a very large mound of glossy, waxy, green leaves. Fragrant white flowers. Sun and drought tolerant.</i>						
	White	Green	July	26"(40")	36"	-	--
Sieboldiana 'Elegans'	<i>Huge blue-grey rounded leaves measure 10X9 inches. They become heavily textures and corrugated as they mature. Slow to establish.</i>						
	White	Blue-gray	July	20"(34")	48"	-	-
Undulata Albo Marginata	<i>Medium green leaves have wavy white margins. May lose its variegation temporarily in containers in the hottest part of summer.</i>						
	Pale lavender	White/green	July	18"(40")	30"	-	--
Undulata Variegated (Medio Picta)	<i>Waxy leaves have white centres and wide irregular, green margins. They twist and tip. May lose its variegation temporarily in containers in the hottest part of summer.</i>						
	Lilac	White/green	July	15"(38")	30"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/ tray	5.5" pot
HOSTA (Plantain Lily) Premium ☼● Zone 3 <i>One of the most popular perennial for the shade gardens. Hostas offer an amazing palette of colours, sizes and textures. They can be used in beds or containers. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height.</i>							
Big Daddy	<i>Chalky-blue leaves are rounded, cupped and puckered at maturity.</i>						
	Pale lavender	Blue	July	24"(30")	36"		-
Fragrant Blue	<i>One of the few blue hostas with fragrant flowers. Chalky blue, heart-shaped leaves have a beautiful smooth texture.</i>						
	Light lavender	Blue	June-July	18"(22")	36"		-
Fragrant Dream	<i>Mid-green foliage with creamy-yellow margins that turn white by mid-season. Near-white flowers</i>						
	White	Yellow/ Cream	June-July	24"(35")	36"		-
Francis Williams	<i>Giant, blue-green leaves with very wide, chartreuse to yellow margins. Leaves are leathery corrugated, and slug resistant.</i>						
	White	Green/yellow	July	22"(30")	36"		-
Gold Standard	<i>Forms a large mound of leaves with dark green margins and light green centres which turn gold by summer.</i>						
	Pale lavender	Gold/green	July	20"(30")	30"		-
Golden Tiara	<i>Small, heart-shaped, medium green leaves have wide, chartreuse margins that turn gold in sun. Compact grower.</i>						
	Purple	Green/yellow	July	15"(24")	20"		-
Krossa Regal	<i>Frosted blue-green leaves and a graceful vase-like habit. Leaves are waxy and good substance. Excellent background plant.</i>						
	Lavender	Blue-green	July	40"(60")	36"		-
Minuteman	<i>A stunning selection. Dark green cupped leaves with wide pure white margins. Sport of 'Francee'</i>						
	Pale lavender	Green/white	June-July	18"(24")	36"		-
Patriot	1997 Hosta of the Year! <i>Dark green leaves with wide, crisp white, jetting margins.</i>						
	Lavender	Green/white	July	22"(30")	30"		-
So Sweet	1996 Hosta of the Year! <i>This mid-sized selection produces a medium-large mound of glossy, deep green leaves with creamy-yellow margins that lighten to white as the season progresses. In late summer, very fragrant pale lavender to white flowers appear.</i>						
	Pale lavender	Green/yellow	July-August	18"(28")	35"		-
Wide Brim	<i>Nicely mounded leaves are dark green with wide, irregular margins of buttery yellow. Prefers full shade.</i>						
	Pale lavender	Green/yellow	July-August	16"(24")	30"		-

HOSTA (Plantain Lily) Specimen ☼● Zone 3

One of the most popular perennials for the shade gardens. Hostas offer an amazing palette of colours, sizes and textures. They can be used in beds or containers. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height.

Abiqua Drinking Gourd	2014 Hosta of the Year! Dark green-blue seersucker leaves with heavy substance display a unique cupped form. Good slug resistance						
	White	Blue-green	June-July	18"(22")	30"		-
Blue Ivory	Blue centres and wide creamy-white margins in spring that in summer brighten to white while the leaves deepen to blue-green. A greenish blush may appear over the margins in the heat of late summer.						
	Lavender	Blue/Ivory	July-August	12"(16")	29"		-
Blue Mammoth	Leaves are large, rounded and puckered, powdery blue turning blue-green as the summer progresses.						
	White	Blue-green	July-August	22"(30")	70"		-
Blue Mouse Ears	2008 Hosta of the Year! Adorable miniature hosta! Thick rounded blue-green leaves form a nice round mound.						
	Lavender	Blue-green	July	8"(12")	12"		-
Blueberry Muffin	A strong and reliable grower. Long-lasting blue foliage deepens to blue-green late in season. Forms a medium sized mound of rounded, puckered leaves with lavender petioles.						
	Lavender	Blue-green	July	14"(18")	24"		-
Brim Cup	This smaller selection has deep green, upwardly cupped, lightly corrugated leaves with a wide, streaky white margin. Pale lavender flowers appear in midsummer. Suitable also for planting in mixed containers or tubs.						
	Lavender	Green/cream	July	12"(18")	24"		-
Brother Stefan	2017 Hosta of the Year! Forms a large clump of thick heavily corrugated, puckered leaves. Spring leaves are chartreuse with a blue margin. Mature leaves are gold with a green margin.						
	White	Gold/blue-green	July	20"(24")	24"		-
Captian Kirk	This mid-sized selection has thick leaves of golden yellow, with a contrasting wide, streaky border of deep green. Midsummer blooms are lavender mauve. Fairly sun tolerant, give morning sun for best colour. A sport of the popular variety 'Gold Standard'.						
	Lavender	Green/yellow	July	20"(24")	35"		-
Cherry Berry	This medium-size selection has pointy white leaves, with a distinctive streaky green margin. Pale lavender flowers appear in late summer.						
	Pale lavender	Green/white	July	20"(24")	30"		-
Curly Fries	2016 Hosta of the Year! Curly Fries is perfect for tucking into small spots or for growing in containers and contrasts nicely with blue varieties. Plants form an arching mound of wiggly narrow gold leaves. As the plants mature the petioles will develop red specks. For the best color locate the plant where it can get a few hours morning sun.						
	Pale lavender	Green/cream	July	6"(16")	16"		-
Dancing Queen	2020 Hosta of the Year! Unlike other yellow hostas which emerge or turn chartreuse, 'Dancing Queen' emerges bright yellow and remains yellow all season long. The large leaves have a prominent pie crust edge, adding even more pizzazz to this colorful hosta.						
	Purple	Yellow	July-Aug	18"(28")	30"		-
Deep Blue Sea	Thick, rick dark blue leaves that turn shiny green in late summer. Rich lavender flowers in late July that don't always open. Slow growing						
	Lavender	Blue	July	15"(20")	34"		-
Designer Genes	Incredibly striking in the spring as the brilliant yellow leaves emerge from contrasting deep wine-red shoots. It quickly grows to form a medium sized mound of bright yellow leaves with showy bright red petioles. Compared to other yellow hostas, this variety holds its coloring longer. Later in the season, the foliage mellows to more of a chartreuse green color. Tall, red scapes carry the purple flowers in late summer.						
	Purple	Yellow	July	18"(22")	20"		-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
HOSTA (Plantain Lily) Specimen ☉● Zone 3 <i>One of the most popular perennial for the shade gardens. Hostas offer an amazing palette of colours, sizes and textures. They can be used in beds or containers. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height.</i>							
Diamonds are Forever	<i>Diamonds are Forever is a member of the very popular Tiara series of hostas. Plants form a low growing "flattish" mound of green leaves with crisp white margins perfect for edging along walkways or garden paths.</i>	Pale lavender	Green/white	July	10"(18")	24"	-
Dream Queen	<i>Beautiful contrast of blue and yellow on these corrugated and slightly cupped leaves.</i>	White	Blue/yellow	July	20"(18")	36"	-
Earth Angel	2009 Hosta of the Year! <i>A sport of Blue Angel. Large, heart shaped blue-green leaves with wide, creamy white margins that are creamy yellow in spring.</i>	Pale Lavender	Blue/Green/cream	July	48"(48")	48"	-
Fire and Ice	<i>Small, twisting white leaves with a dark green margin. Reverse of Patriot.</i>	Lavender	Green/white	July	18"(20")	24"	-
Fire Island	<i>Brilliant yellow leaves with rippled margins emerge on red petioles in spring. Red extends from petiole base up into the leaves. Foliage darkens to chartreuse in summer. Vigorous grower.</i>	Lavender	Chartreuse	July	12"(18")	24"	-
First Frost	2010 Hosta of the Year! <i>Intense blue-green leaves with margins of gold in spring, turning to pure white. Foliage holds up well until the first frost.</i>	Light lavender	Blue/gold	July	16"(28")	30"	-
Fragrant Bouquet	1998 Hosta of the Year! <i>Broad leaves with pointed tips are light apple-green with pale yellow to cream margins. Forms a very sizable mound. Large fragrant flowers</i>	White	Green/cream	July	20"(36")	48"	-
Ginko Craig	<i>Funnel-shaped purple flowers over top of narrow dark green leaves with grey streaks and white margins.</i>	Purple	Green/White	July	10"(24")	18"	-
Great Expectations	<i>Thick leaves with wide, irregular, blue-green margins. Creamy yellow to white centre with green jetting towards the centre.</i>	White	Blue green/cream	June-July	20"(24")	36-48"	-
Guacamole	2002 Hosta of the Year! <i>Huge, apple green leaves develop dark green margins and brighter gold centres in summer. Large, fragrant, pale lavender flowers</i>	Pale lavender	Green/gold	August	22"(36")	36-48"	-
Happy Dayz	<i>Leaves have yellow centres and darker green margins. Similar to 'Ornge Marmalade' but with wider and more blue-green margins. Light lavender flowers in midsummer.</i>	Pale lavender	Green/gold	July	18"(32")	28"	-
Island Breeze	<i>A sport of 'Paradise Island'. The improvements in this cultivar include more impressive variegation due to its wider margins, thicker leaf substance, and a strong growth rate. Wide, dark green margins stand in sharp contrast to the bright yellow centers in early spring. As summer approaches, the centers become more chartreuse when plants are grown in heavier shade or lighter yellow if they are grown in more sun. Like 'Paradise Island', this one also has showy red speckled petioles that bleed up into the leaves. Dark lavender flowers appear on reddish green scapes in midsummer.</i>	Lavender	Green/yellow	July-August	12"(28")	18"	-
Ivory Coast	<i>A stunning sport of Hosta 'Sagae' with a very wide margin that can turn nearly white when grown in some bright light. It is similar to Hosta 'Liberty'.</i>	Pale lavender	Green/cream	July	22"(26")	38"	-
Ivory Tower	<i>Bright golden foliage with huge leaves that are 12" long and 9" wide. Leaves have wavy margins and are thick. Near white flowers.</i>	White	Lime	July	30"(43")	42"	-
June	2001 Hosta of the Year! <i>Wide, jetting blue-green margins and chartreuse centres in spring. Centres turn gold in summer.</i>	Pale lavender	Blue-green/lime	July-August	15"(20")	30"	-
June Fever	<i>A nearly all yellow sport of 'June' with a very narrow blue-green margin that jets towards the midrib. Leaves are shiny and good substance. Darkens to chartreuse in mid-summer.</i>	Lavender	Yellow/green	July-August	15"(24")	30"	-
Komodo Dragon	<i>Leaves are rounded with a twisted tip, blue-green to gray-green with a rippled edge. It is a vigorous grower that will develop into a huge clump.</i>	Lavender	Blue-green	June-July	26"(30")	60"	-
Lakeside Paisley Print	2019 Hosta of the Year! <i>This stunning hosta produces heart-shaped leaves with very wide, wavy, green margins. The narrow, creamy white markings in the center of the leaves shoot out from the cream colored petioles in a feathery pattern.</i>	Purple	White/green	June-July	10"(22")	22"	-
Liberty	2012 Hosta of the Year! <i>A sport of 'Sagae' with wide, jetting, yellow margins which lighten too creamy white. Leaves are of heavy substance for good slug resistance.</i>	Lavender	Blue-green/cream	June-July	26"(40")	36-48"	-
Loyalist	<i>Textured heart-shaped leaves remain white in colour with showy dark green variegation throughout the season. Reverse of Patriot.</i>	Pale lavender	Green/white	July	18"(24")	24"	-
Mini Skirt	<i>This petite and flirty hosta forms a miniature mound of very wavy, thick, blue-green leaves with creamy yellow margins in spring. In summer, the center turns greener, and the edge lightens to creamy white. Pale lavender flowers with deeper purple stripes appear closely packed together on short, very proportionately sized scapes in early to midsummer.</i>	Lavender	Green/yellow	July	5"(7")	13"	-
Mr. Big	<i>This huge specimen selection has thick, quilted blue-green leaves. Near white flowers in August.</i>	White	Blue	August	24"(36")	50"	-
Northern Exposure	<i>Huge, corrugated leaves and blue-green with a 2" wide, yellow-green margin that lightens to cream. Very impressive clump.</i>	White	Green/cream	June-July	36"(42")	48"	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
HOSTA (Plantain Lily) Specimen 🌿🌿 Zone 3 <i>One of the most popular perennial for the shade gardens. Hostas offer an amazing palette of colours, sizes and textures. They can be used in beds or containers. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height.</i>							
Old Glory	Heart-shaped leaves with golden-yellow centres and irregular 1" wide, dark green margins.						
	Light lavender	Green/yellow	July	14"(24")	30-40"		-
Orange Marmalade	Leaves emerge all green then quickly develop a yellow centre with a hint of orange and a green margin.						
	Light lavender	Green/gold	July	17"(26")	32"		-
Paradigm	2007 Hosta of the Year! Thick gold leaves with jetting blue-green margins; variegation intensifies later in the spring.						
	Light lavender	Green/gold	July	20"(24")	36"		-
Paul's Glory	1999 Hosta of the Year! Leaves are blue-green with a chartreuse centre in spring. By summer, they turn darker green and the centres brighten to gold.						
	Pale lavender	Green/gold	July	25"(40")	36"		-
Popcorn	Thick, rounded and cupped leaves. In spring, leaves have blue margins and creamy yellow centres. Later in the season, leaves pucker and turn creamy-white and blue-green margins.						
	Pale Lavender	Green/Yellow	July	10"(12")	24"		-
Praying Hands	Hosta of the Year 2011! Upright, narrow, tightly folded leaves resemble hands folded in prayer. The dark green leaves are heavily rippled with very thin, gold margins.						
	Lavender	Green	August	16"(18")	24"		-
Rainbows End	Hosta of the Year 2021! This unique hosta exhibits incredibly variegated, shiny foliage. The bright yellow leaves of good substance have dark green margins that jet into the center, and the center brightens to creamy white in summer						
	Purple	Green/gold	July	11"(19")	21"		-
Rainforest Sunrise	Hosta of the year 2013! Leaves emerge light green, then quickly develop dark green margins and a radiant gold centre. As they mature, the thick leaves become lightly cupped and heavily puckered.						
	Pale lavender	Green/gold	July	8"(18")	20"		-
Raspberry Sundae	Compact Hosta with variegated leaves and deep burgundy petioles, leaf bases, and flower stalks. Flower is deep lavender purple						
	Deep lavender	Green/White	August	9"(23")	21"		-
Regal Splendor	Hosta of the year 2003! Frosty blue leaves with wavy, narrow, creamy yellow to ivory margins. Vase-like plant habit.						
	Lavender	Blue	July-August	36"(72")	36-48"		-
Revolution	Dark green leaves have large, cream centers with soft green speckling in the spring; speckles darken by midsummer. Best color is achieved in open shade. Leaves are of heavy substance, possibly a tetraploid. Lavender, tubular flowers are borne on 22" scapes in midsummer.						
	Lavender	Blue	July-August	18"(22")	30"		-
Sagae	Hosta of the Year 2000! Huge, wavy, frosted blue-green leaves with yellow to creamy with margins.						
	Lavender	Blu-green/cream	August	28"(45")	48"		-
Stained Glass	Hosta of the year 2006! Huge, brilliant gold leaves with wide, dark green margins. Large fragrant lavender flowers. Sun tolerant.						
	Pale lavender	Gold/green	August	15"(30")	36-48"		-
Sum and Substance	Hosta of the year 2004! A giant hosta. Leaf colour varies with sun exposure from light green to chartreuse to gold. Slug resistant. Sun tolerant.						
	Pale lavender	Green	July-August	36"(48")	48-72"		-
Sun Power	Large chartreuse to gold leaves, with lavender flowers in mid summer.						
	Lilac	Green/Gold	July-August	32"(48")	47-59"		-
Sunny Halcyon	This selection is a form of 'Halcoyn' with gold, heart-shaped leafs.						
	Lavender	Yellow	July-August	18"(28")	24"		-
Summer Breeze	This mid-sized selection has leaves of dark green, with a contrasting wide, streaky border of chartreuse to yellow. Midsummer blooms are lavender mauve. A sport of the variety H. 'Summer Music'.						
	Lavender	Green/yellow	July-August	22"(34")	24"		-
Thunderbolt	Leaves have very wide, blue-green margins and a narrow, creamy white centre. Very striking!						
	Cream	Blu-green/cream	July	18"(26")	30"		-
Touch of Class	Blue leaves with striking yellow-gold centres and green jetting. The leaves are of heavy substance and more upright than 'June'.						
	Lavender	Blue/gold	July	16"(22")	24"		-
Twilight	This terrific specimen selection has thick green leaves with a stunning creamy-yellow edge. Pale lavender flowers appear in July.						
	Lavender	Green/gold	July	22"(28")	32"		-
Victory	Hosta of the year 2015! This sport of 'Elatior' has shiny green leaves with wide cream margins. These very large thick leaves are held upright as they emerge and form a massive mound when mature. Absolutely stunning hosta that should be used as a specimen plant where it can be appreciated! Near white flowers appear on very tall scapes.						
	White	Green/cream	July	32"(54")	40"		-
Whirlwind	Dark green, jetting margins surround a cream-gold centre which darkens to green in late summer. Forms a unique upright, wavy mound.						
	Lavender	Green/gold	July-August	20"(30")	36"		-
White Feather	This miniature selection has unusual, pointed ivory-cream leaves when they first emerge, later developing green stripes. Lavender flowers appear in early summer.						
	Lavender	Ivory-cream	July-August	8"(12")	18"		-
Wiggles & Squiggles	A unique looking hosta that lives up to its fun name! Bright yellow leaves are very long and thin and notable for their incredibly wavy margins. It forms a low, wide habit that really highlights the "wiggly" edges. Leaves will be more chartreuse green in more shade; for best yellow color, plant in a site with morning sun and afternoon shade. Lavender flowers.						
	Lavender	Chartreuse	July-August	8"(18")	24"		-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
HOSTA (Plantain Lily) Specimen – Proven Winner! Varieties☼● Zone 3 All Sold in Proven Winner Pots One of the most popular perennials for the shade gardens. Hostas offer an amazing palette of colours, sizes and textures. They can be used in beds or containers. Please note for height – the number in brackets is the height of the bloom scapes, the number outside is the foliage height.							
Autumn Frost	This striking Hosta forms a medium sized mound of showy, frosty blue leaves with extra wide, bright yellow margins. The margins lighten to creamy white and light lavender flowers are produced in summer.						
	Lavender	Blue/yellow	July-August	12"(20")	20"		-
Coast to Coast	This giant, solid gold hosta makes a striking specimen. Emerges chartreuse yellow, then turns lighters gold in summer. Thick puckered wavy leaves form an upright vase-shaped clump.						
	Pale lavender	Green/cream	July	24"(36")	30"		-
Empress Wu	Very large Hosta!! Huge, thick, dark green deeply veined leaves form a massive upright clump. Pale reddish violet flowers.						
	Violet	Green	July	48"(48")	48"		-
Etched Glass	This sport of 'Stained Glass' has wider margins and thicker leaves than the parent. Very wide, dark green margins contrast with a bright, brilliant yellow margin. Between the margin and the centers is a light green pattern. Margins have puckering when the plant is mature. Very large and fragrant, near-white flowers appear in late summer.						
	White	Green/yellow	July	18"(36")	36"		-
Seducer	This hosta forms a large mound of dark green leaves with a chartreuse to gold margin and a trace of white between the centre and margin. Summer heat draws out the unique coloration. Near-white flowers.						
	White	Green/lime	July	24"(40")	30"		-
Shadowland 'Diamond Lake'	Hosta of the Year 2022! Attractive, heart-shaped, thick and heavily corrugated blue leaves have wavy margins. Pale lavender flowers float atop of these leaves in summer.						
	Pale lavender	Blue	July	17"	45"		-
Waterslide	Wavy, ruffled leaves with heavy substance. The blue, rippled leaves look like water splashing in the shade garden, and hold their blue color well into the summer season.						
	Purple	Blue	July-August	14"(17")	18"		-
Wheee	Extremely ruffled, cream-colored margins extend from the tip of each green leaf all the way down the petiole to the crown. This ruffled margin is evident even in the juvenile stage of the plant before vernalization. The leaves of this medium sized hosta are of excellent substance, making them slug resistant in the landscape.						
	Purple	Green/gold	July-August	15"(24")	24"		-
Wu-la-la	Blue-green leaves have striking apple-green margins. Violet flowers in summer. Will take 5 years to grow to mature size.						
	Violet	Green	July-August	36(48")	5-6ft		-

HOUTTUYNIA (Chameleon Plant)☼☼ Zone 4 Forms thick patch of brightly coloured leave. Use as a groundcover, container plant, or by waterside.

Chameleon	Leaves are variegated green, pink and red in full sun or green and yellow in shade. Breaks dormancy late.						
	White	Variegated	June-July	8-10"	24"	-	-

HYPERICUM (St. John's Wort)☼☼ Zone 5

Calycinum	Golden-yellow flowers over light green leaves which have a silvery underside. Shrubby habit.						
	Yellow	Green	June-July	12-18"	24"	-	-
Inodorum 'Miracle Grandeur'	Zone 6. Enjoy bright yellow flowers during the Summer months and striking cerise red berries that attract birds and other wildlife in late-Summer through Fall.						
	Yellow	Green	June-July	12-18"	24"	-	-

IBERIS (Candytuft)☼ Zone 3 A blanket of white. Quarter sized clusters of flowers carpet the narrow evergreen leaves. Great filler between stones or use as a groundcover.

Tahoe	Single white flowers early blooming. A neat compact, well-branched variety.						
	White	Green	April-June	10-12"	12"	-	-

IRIS Ensata (Japanese)☼☼ Zone 4 Nearly every gardener who sees Japanese iris in bloom wants to try them. The huge blossoms can be dinner plate size, but 6-8" is common. They require neutral to acidic soil, and lots of moisture until blooming time is over. Plants will be happy at the waterside, and can even be grown in pots sitting in water.

☼ Dinner Plate Blueberry Pie	Produces magnificent deep blue blooms of up to 15cm (6") across, borne upon stiff, upright stems. Like all Japanese Iris, this large-flowered variety is at its best in a damp border or in the moist soil close to the edge of a pond. Great for colour and drama in early summer months.						
	Royal blue	Green	June-July	24"	12"		-
☼ Dinner Plate Tiramisu	The wide, speckled blooms of Iris ensata Dinner Plate 'Tiramisu' are quite exquisite! Each bloom boasts white petals, edged with a mauve picotee margin, reaching up to 15cm (6") across. The upright stems and slender, grassy foliage bring a lovely vertical element to planting schemes that adds movement and texture. With a neat clump-forming habit, this hardy perennial makes a superb addition to a damp border or the moist soil at the edge of pond.						
	White/mauve	Green	June-July	32"	18"		-
☼ Variegated	Forms a vigorous clump of grassy green and white-striped leaves, bearing drooping purple flowers.						
	Purple	Green/cream	June-July	32"	18"		-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
---------	---------------	-------------	------------	--------	-------	---------------------	----------

IRIS German (Tall Bearded) ☼☾ Zone 4 *When planting German Irises, be sure to leave the top 25-50% of the rhizome exposed above soil level.*

Water sparingly and avoid excess moisture during fall and winter.

✂ Harvest of Memories	<i>Radiant yellow self with widely ruffled petals. Slightly sweet fragrance. Vigorous grower with high bud count. Dependable fall re-bloom.</i>
	Yellow Green June 38" 18" -
✂ Immortality	<i>Ruffled, pure white self with pale lemon-yellow beards. Strong sweet fragrance. Good re-bloom.</i>
	White Green June 29" 18" -
✂ Superstition	<i>Black-purple flowers with a hint of maroon.</i>
	Purple Green June 36" 18" -

IRIS Pallida (Sweet Iris) ☼☾ Zone 3 *Variegated forms of the tall, bearded irises.*

✂ Albo Variegata	<i>Foliage is boldly edged with pure white and occasional streaks of dusky gray green, the flat, sword-like leaves radiate out from the crown like a fan. Beautiful light blue-lavender bloom with a fuzzy orange beard and sweet scent</i>
	Lavender-blue Cream/green June 34' 18" -
✂ Aureo Variegata	<i>Striking golden variegated foliage with green and creamy yellow stripes making it attractive even when not in bloom. Lavender blue flowers.</i>
	Lavender-blue Gold/green June 34' 18" -

IRIS Sibirica (Siberian) ☼☾ Zone 3 *Siberian irises prefer moist to boggy soil. They tend to bloom after the German iris and before the Japanese iris. Their slender, spiky leaves add wonderful texture to a landscape.*

✂ Butter and Sugar	<i>Creamy white standard, butter yellow falls and greenish yellow veins.</i>
	Creamy yellow Green Mid-June 28" 18" -
✂ Caesar's Brother	<i>Deep purple self and a yellow and white blaze with black veining.</i>
	Purple Green Mid-June 40" 24" -
✂ Jewelled Crown	<i>3-5" flowers have rich wine purple standards and falls with lighter purple-blue styles. Semi-flaring falls display prominent white and yellow signals with purple veining.</i>
	Purple Green Mid-June 34" 18" -
✂ Ruffled Velvet	<i>Dramatic red-purple standard, velvety darker purple falls and a black and gold blaze.</i>
	Purple Green Mid-June 26" 18" -
✂ Silver Edge	<i>Deep sky-blue flowers, shadesd with darker blue tones are edged in silver.</i>
	Blue Green Mid-June 24-30" 20" -
✂ Snow Queen	<i>Sparkling white flowers with a touch of yellow at the throat.</i>
	White Green Mid-June 36-48" 20" -

IRIS Versicolor ☼☾ Zone 4 *Best grouped in sunny areas of ponds or water gardens. Also may be grown in moist border areas.*

Gerald Darby	<i>The best ornamental feature of this selection is its spring foliage, which ranges from dusky purple to purple-black (usually, the cooler the weather, the darker the foliage). The flowers are rather delicate-looking, in a purple-blue color.</i>
	Purple Green July 24-30" 18" - -
Versicolor (Harlequin Blue Flag)	<i>This is a wildflower of Eastern North America, and one of the few native iris species in garden cultivation. Although happiest at the waterside, or actually growing in shallow water, plants will also perform well under average border conditions. Clumps of tall sword-like leaves are produced, bearing medium-sized flowers with bright violet-blue, ruffled petals. Might actually begin to naturalize in waterside areas that are to its liking. In smaller water features, consider growing this in large pots submerged to the rim.</i>
	Purple Green July 24-30" 18" - -

KNAUTIA macedonica ☼ Zone 4-5

Mars Midget	<i>Forms a low mound of grey-green leaves, bearing small ruby-red button flowers that open in succession over several months. Terrific for edging the sunny border, also great in containers or the rock garden. Attractive to butterflies. Drought tolerant once established. Plants may be short-lived but will generally self seed if the mother plant fails to come back. This is one of the few truly red perennials that flowers for most of the season.</i>
	Red Green 12"-18" 14" - -
Thunder & Lightning	<i>Light green leaves shaped like lightning bolts are outlined with creamy yellow to white margins which remain all season. Deep reddish purple, rounded flowers about the size of a quarter appear atop wiry stems above the contrasting foliage from early summer into fall.</i>
	Burgundy Green/cream 12"-18" 16" - -

KNIPHOFIA (Red Hot Poker) ☼ Zone 6 *Bottle-brush shaped flowers, over sword shaped leaves. Excellent for attracting hummingbirds and butterflies.*

Flamenco Mix	<i>30" bloom spikes of creamy white, yellow, orange, red or shades of all 4 colours.</i>
	Assorted Green August-Sept. 12"(30") 16" - -
Papaya Popsicle	<i>A poker with a twist! An all-summer bloomer which has a very short compact habit. A prolific bloomer with spikes of flowers the color of ripe papayas.</i>
	Orange/red Green July-Sept. 16"(24") 18" - -
Red Hot Popsicle	<i>Lively, cinnamon red flowers on short, compact plants for the smaller garden. Narrow grassy leaves. Free blooming and re-blooming. Loved by hummingbirds!</i>
	Red Green July-Sept.. 12"(18") 18" - NA-Fall

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
LAMIASTRUM (Dead Nettle, False Lamium) ☹️🌱 Zone 3 <i>A hardy upright spreading groundcover for part to full shade. It is able to withstand drought conditions therefore good for under trees and other difficult sites.</i>							
Herman's Pride	Yellow	Green/silver	May-June	12"	12-18"	-	-
LAMIUM (Spotted Dead Nettle) ☹️🌱 Zone 4 <i>Excellent weed smothering groundcover. Good for edging, walls, containers. Not suitable for rock gardens.</i>							
Anne Greenway	Pink	Green/silver	May-June	6-8"	12-23"	-	-
Beacon Silver	Lavender-pink	Green/silver	May-June	6-8"	12-18"	-	-
Ghost	Orchid purple	Silver	May-June	10-14"	12-18"	-	-
Pink Pewter	Light pink	Grey/silver	May-June	6-12"	18-24"	-	-
Purple Dragon	Deep purple	Silver/green	May-June	6-8"	12-18"	-	-
Red Nancy	Purple-pink	Silver/green	May-June	6-8"	18"	-	-
White Nancy	White	Silver/green	May-June	6-8"	18"	-	-
LATHYRUS (Sweet Pea) 🌸🌱 Zone 3 <i>Flowers are very similar in appearance to the annual Sweet Pea but lack the fragrance. Requires a support to climb.</i>							
✂️ Splenden Mix	Assorted	Green	July-Sept.	4-8ft	12"	-	-
LAVANDULA Angustifolia (English Lavender) Zone 5 🌸 <i>A small aromatic evergreen shrub with gray-green leaves. Suitable for edgings, herb gardens, and containers. Deer resistant.</i>							
✂️ Grosso	Blue	Silver-grey	June-Sept.	24"	14"	-	-
✂️ Hidcote	Violet-purple	Silver-grey	June-Sept.	16"	14"	-	-
✂️ Munstead	Lavender-blue	Silver-grey	June-Sept.	12-16"	14"	-	-
✂️ Phenomenal	Purple	Silver grey	June-Sept.	24-36"	24"	-	-
✂️ Provence	Lilac	Silver grey	June-Sept.	24"	24"	-	-
✂️ Sensational	Purple	Silver grey	June-Sept.	36"	24"	-	-
✂️ Silver Mist	Lavender-Purple	Silver	June-Sept.	16"	14"	-	-
LEPTINELLA (Black Brass Button's) 🌸🌱 Zone 5 <i>Brass Buttons are low, carpeting perennials that are perfect for planting along the edge of pathways, or using in between flagstones. Because of its spreading tendency, keep this away from slow-growing alpine plants that might get smothered. Easy to grow in any soil that does not completely dry out. Easily divided by digging up the clump and ripping into smaller pieces in spring or early fall. Evergreen. Suitable for high traffic areas for grass replacement.</i>							
Platt's Black	Green	Purple	July	2"	10"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
LEUCANTHEMUM (Shasta Daisy) ☼☾ Zone 5 <i>A standard for the garden. The classic summer daisy. Blooms can be single or double and bloom on long stems suitable for cutting. Thrive on full sun but can do well in partial shade.</i>							
✂ Alaska	White	Green	July-August	36"	24"	-	-
✂ Banana Cream	Proven Winners Variety. Sold in PW pot. 5" lemon yellow daisies brightening to butter yellow as they mature. An extra round of petals gives it a fuller appearance. Strong grower.						
	Yellow	Green	July-August	15-18"	18-24"	-	-
✂ Becky	Perennial Plant of the Year 2003! Durable in hot, humid summers. Large single white blooms on strong stems. No staking required.						
	White	Green	July-August	36"	24"	-	-
✂ Crazy Daisy	No two blooms are alike on this fringed and frilly, semi to fully double variety. 2" wide, solid white flowers with buttery yellow centre. Prolific.						
	White	Green	July-August	24-28"	24"	-	-
✂ Daisy May	Proven Winners Variety. Sold in PW pot. Excellent more free flowering habit. Excellent plant habit.						
	White	Green	July-August	12"	14"	-	-
✂ Flower Power	2-3" white daisy flowers with yellow centres on short, strong stems.						
	White	Green	July-August	18-24"	24"	-	-
✂ Real Glory	Pure white petals with an enlarging frilly yellow dome.						
	White/Yellow	Green	July-August	23-29"	12-16"	-	-
✂ Snow Cap	This is an especially compact selection, with masses of single white flowers, each with a yellow centre.						
	White	Green	July-Sept	12"	12"	-	-
✂ Spoonful of Sugar	The first thing you'll notice about this cute Shasta Daisy is the enormous flower size. The second thing you'll notice is its incredibly compact, dome-like habit, with flowers produced almost all the way to the ground. 4.5in, creamy white flowers have two rows of very long petals. Flowers are held tight and compact against the attractive, dark green foliage, with a second wave of flowers following the initial wave.						
	White	Green	July-Sept	16"	25"	-	-
✂ Whoops-a-Daisy	Forms an exceptionally dense, rounded ball-shaped mound of dark green foliage that becomes completely blanketed in large 3-4", white flowers with gold centers from early through midsummer. It has better flower coverage and a more uniform habit compared to 'Snowcap', and the individual flowers have a fuller, fluffier appearance.						
	White	Green	July-Sept	15"	22"	-	-

LEWISIA ☼☾ Zone 4 <i>Evergreen rosettes adorned with small, round-petaled blossoms in summer. Native to the alpine regions, it requires perfect drainage and full sun. An excellent plant in crevices of rock gardens and retaining walls.</i>							
Little Peach	Soft peach flowers blended with pinks and orange. Heavy flower production on compact, upright stems.						
	Pink-orange	Green	May-Sept.	6"	10"	-	-
Little Plum	They form low, fleshy rosettes of tough evergreen leaves, bearing large star-shaped flowers in late spring and early summer. This selection features flowers of cotton-candy pink, touched with salmon when they first open.						
	Pink	Green	May-Sept.	6"	10"	-	-
Rainbow Mix	Mixture of many colours and forms from round flowers to semi-double and from white and yellow to pink, red-orange to blue-red.						
	Assorted	Green	May-Sept.	6-9"	10"	-	-

LIATRIS (Blazing Star, Gayfeather) ☼☾ Zone 3 <i>The flower spikes of liatris are unique in blooming from the top down. They are prized cut flowers. The tall stems have narrow leaves. Excellent choice for a border or informal garden in full sun and moist soil. Adds a strong vertical element to the garden.</i>							
✂ Floristan White	Multiple wands of creamy-white flowers.						
	Cream-white	Green	July-Sept.	36-48"	12"	-	-
✂ Kobold	Long lasting spikes of rosy lavender flowers.						
	Rose-lavender	Green	July-Sept	18-24"	12"	-	-

LIGULARIA (Ragwort) ☼☾ Zone 3-4 <i>Ligularia has bold foliage and vivid flowers either as clustered daisies or in spikes. Perfect in shade or partial shade, does well at the back of the border on in a woodland garden with regularly moist soil.</i>							
Britt-Marie Crawford	Deep, dark, glossy bronze leaves and burgundy stems. The foliage colour is best in morning sun. Golden, daisy-like flowers.						
	Yellow	Bronze	July-Sept.	20"(36")	30"	-	-
Little Rocket	Compact selection has large, jagged-edged green leaves. Purplish black stems bear long spikes of bright-yellow daisy flowers in summer. Especially suited to smaller gardens.						
	Yellow	Green	July-Sept.	20"(36")	30"	-	-
Othello	New leaves emerge beet-red in spring with purple undersides then fade to greenish bronze on top. Orange-yellow flowers on deep purple stems.						
	Orange	Bronze	July-August	35"(48")	36"	-	-
The Rocket	Forms a clump of large, jagged-edged green leaves. Purplish black stems rise above in summer, bearing long spikes of bright-yellow daisy flowers.						
	Yellow	Green	July-August	48"	48"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
LILIUM Asiatic (Lily) ☼☾ Zone 2 <i>Easy, dependable perennials that put on a great show in the early summer border. Lilies are a good choice for tubs or mixed containers. Divide every three years in October, moving to a new location. Remove old stems in late fall to help discourage diseases.</i>							
✂ Matrix	<i>Dwarf lily with fiery red flowers with deep orange throat. The flowers are large and extremely numerous on one stem</i> Red	Green	July	16"	10"		-
✂ Golden Matrix	<i>Bright Golden yellow</i> Gold	Green	July	16"	6"		-
✂ Kiss Lily 'Elodie'	<i>Double pollen free blooms in a soft pink with a few black freckles.</i> Soft pink	Green	July	48"	6"		-
✂ Pavia	<i>Rich yellow up-facing bloom</i> Yellow	Green	July	44"	6"		-
✂ Buzzer	<i>Features bold rose trumpet-shaped flowers with red overtones and white throats at the ends of the stems in early summer.</i> Rose	Green	July	16"	10"		-
LILIUM Oriental (Lily) ☼☾ Zone 4 <i>Huge fragrant blooms in late summer. Ideal for focal points in beds, borders and containers.</i>							
✂ Casablanca	<i>Heavenly fragrance, long bloom period in the garden, long life as a cut flower, huge 6-10" blooms, exquisite colouring and form, and exceptional hardiness make this tall lily a winner. Usually needs to be staked, but worth it!</i> White	Green	August	48"	6"		-
✂ Dizzy	<i>White flowers with pink stripes.</i> White/pink	Green	July/ August	24"	6"		-
✂ Salmon Star	<i>Salmon colored version of the popular Stargazer Lily. Lush salmon-colored blooms are very fragrant on strong 28" stems.</i> Salmon	Green	August	28"	6"		-
✂ Stargazer	<i>Very fragrant upward facing blooms with crimson centres, light edges and plenty of freckles.</i> Red-pink	Green	August	30"	6"		-
LILIUM Speciosum (Lily) ☼☾ Zone 4 <i>This is the last of the Lilies in our list to flower, and to our nose at least, it is also among the most fragrant.</i>							
✂ Black Beauty	<i>Producing a cascade of the famous "black-red" tightly recurved flowers.</i> Black-red	Green	Mid-August	48"	6"		-
LILIUM Tigrinum (Tiger Lily) ☼☾ Zone 4 <i>Nodding reflexed flowers with black speckles. Use as cut flowers, in borders, or woodland gardens.</i>							
✂ Splendens	<i>Nodding flowers of orange-red speckled with black spots.</i> Orange-red	Green	August	40"	6"		-
LILIUM Trumpet (Trumpet Lily) ☼☾ Zone 3 <i>Huge fragrant outward facing blooms in the shape of a trumpet.</i>							
✂ Outback	<i>Soft Yellow, 3 to 4 Feet or taller, Mid to Late July Flowering, Fragrant.</i> Yellow	Green	August	3-4ft	6"		-
✂ Purple Prince	<i>This rare variety features the astonishing height, floriferous habit and reliable growth found in Lily Trees, but it has something more – an absolutely breathtaking colour! Big, beautiful, trumpet-shaped blooms of the most unusual purple lavender hue are accented by a bright green throat for extra eye-popping appeal</i> Purple	Green	August	3-8"	6"		-
✂ Regale	<i>A white fragrant lily with a yellow throat and pink reverses to the petals.</i> White	Green	August	40"	6"		-
LIRIOPE (Lily-turf) ☼☾● Zone 4-5 <i>Evergreen grass-like plant used in beds or as a groundcover. Tolerates dry shade.</i>							
Big Blue	<i>Evergreen grass-like plant with dark green strappy leaves and a vase-like habit. Delightful lilac-purple flowers resembling grape hyacinths are displays above the foliage.</i> Lilac-purple	Green	August	12-18"	12"	-	-
LITHODORA ☼ Zone 5 <i>Low growing evergreen, it thrives in sun. Blooms with a profuse cover of blossoms. Excellent in rock gardens and beds.</i>							
Grace Ward	<i>Narrow-leaved foliage with a slightly mounded habit. Brilliant blue flowers are beyond compare.</i> Brilliant blue	Green	June-July	6-12"	18"	-	-

BROWNRIDGE greenhouses & nursery ltd.

Phone: (905)878-1948/(905) 459-1314 Toll Free: 1(800) 551-0176 Facsimile: (905) 878-9511 e-mail: info@brownridgegreenhouses.com

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
---------	---------------	-------------	------------	--------	-------	---------------------	----------

LOBELIA (Cardinal flower) ☼☾ Zone 6 Upright spikes of large flowers, not at all like the more familiar trailing types grown in hanging baskets. They are good plants for the boggy garden, adapting well to 'wet feet', but growing equally well under average conditions. Excellent for using as a specimen or massing in the border, containers or tubs. Nice for cutting. Attractive to both butterflies and hummingbirds.

✂ Cardinalis	Forms an upright mound of green foliage, bearing taller spikes of scarlet-red flowers in mid to late summer. Attractive to both hummingbirds and butterflies. Not usually long lived but will sometimes self-seed where happy						
	Red	Green	August-Sept	35"	12"	-	-
✂ Queen Victoria	Beautiful beet-red foliage, with contrasting scarlet-orange flowers from midsummer on.						
	Red	Purple-red	August-Sept	30"	12"	-	-
✂ Siphilitia	Native species bears beads of dark blue to white flowers through late summer and fall, over dark-green leaves. Plants will usually self-sow, and the seedlings are easily moved while still small.						
	Blue	Green	August-Sept	30"	12"	-	-

LUPINUS (Lupine) ☼☾ Zone 4 The tall spires of Lupines are an unforgettable sight in the early summer border. Plants grow best in a deep, rich soil, slightly on the acidic side. As these are biennial or short-lived perennials, allow some plants to set seed for future generations. Trim foliage back after flowers are finished.

Gallary Series	Compact strong reliable variety.						
Blue	Purple-blue	Green	June	24"	14"	-	-
Pink	Rose-pink	Green	June	24"	14"	-	-
Red	Scarlet-red	Green	June	24"	14"	-	-
Yellow	Golden Yellow	Green	June	24"	14"	-	-
Mix	Assorted	Green	June	24"	14"	-	-
Russel Mix	Produces white, pink, yellow, red, and deep blue flowers						
	Assorted	Green	June-July	29-39"	12-18"	-	-
Staircase Series	Long-lasting flowers with nay neutral timing. Plants will rebloom until night temperature are above 22C.						
Blue	Blue	Green	July-June	18-23"	18-23"	-	-
Red	Red	Green	July-June	18-23"	18-23"	-	-
Rose/White	Rose/White	Green	July-June	18-23"	18-23"	-	-
Yellow	Yellow	Green	July-June	18-23"	18-23"	-	-
West Country Series	A mass of sturdy upright flower spikes that reach up 24-36". These spikes reveal periwinkle blue and white flowers.						
Blacksmith	Dk Purple/White	Green	June-July	31-33"	24"	-	-
Manhattan Lights	Purple/Soft Yellow	Green	June-July	31-33"	24"	-	-
Masterpiece	Purple/Orange	Green	June-July	31-33"	24"	-	-
Persian Slipper	Blue/White	Green	June-July	31-33"	24"	-	-
Red Rum	Red/White	Green	June-July	31-33"	24"	-	-
Tequila Flame	Red/ Soft Yellow	Green	June-July	31-33"	24"	-	-

LYCHNIS (Maltese Cross) ☼☾ Zone 3-4 This is a rugged and easy perennial for any sunny border. Excellent for cutting. In rich soils this may need to be staked to prevent flopping. Reliable and long lived. Clumps may be easily divided in spring or fall. Flowers are attractive to butterflies.

✂ Chalcedonica	Plants form an upright clump of bright green leaves, with taller stems in summer that bear large clusters of scarlet-orange flowers.						
	Scarlet-orange	Green	June-August	36"	18"	-	-
✂ Coronaria	Plants form a low mound of felted silvery-grey leaves, bearing upright stems in summer with loads of bright magenta-pink to red flowers. Attractive to butterflies.						
	Pink	Green	June-August	25-32"	18"	-	-

LYSIMACHIA ☼☾ Zone 4 This genus includes upright forms, as well as low, groundcover types. All prefer regularly moist soil or damp gardens in full sun or partial shade. The creeping varieties are used in hanging baskets as well as in beds.

Clethroides	Unique spikes of white flowers that are bent like a goose's neck, appearing in late summer.						
(Gooseneck Loosestrife)	White	Green	June	25"	25"	-	-
Nummularia Creeping Jenny	Long stems of small rounded leaves form a thick, carpet. Bright yellow flowers contrast nicely with the green foliage.						
	Yellow	Green	June	3"	18"	-	-
Nummularia 'Aurea'	Yellow flowers and foliage that is glowing chartreuse, almost gold. Needs some sun to retain it golden glow.						
Golden Creeping Jenny	Yellow	Chartreuse	June	3"	18"	-	-
Punctata 'Alexander' (Variegated Loosestrife)	Lime green leaves with wide, ivory margins. New growth is flushed pink in spring, then lightens by summer. Bright yellow, star-like flowers.						
	Yellow	Green/ivory	June-July	24"	24"	-	-

MALVA sylvestris (Hollyhock Mallow) ☼ Zone 4 A lovely addition to any perennial border. Heat and drought tolerant

Zebrina	Soft pink flowers with striking, raspberry-purple markings like a pinwheel.						
	Lavender	Green	July-Sept.	24-36"	18"	-	-

BROWNRIIDGE greenhouses & nursery ltd.

Phone: (905)878-1948 Toll Free: 1(800) 551-0176 Facsimile: (905) 878-9511 e-mail: info@brownridgegreenhouses.com

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
---------	---------------	-------------	------------	--------	-------	--------------------	---------

MAZUS ☼☾ Zone 5 *A lovely ground cover, creeping among flagstones, pathways or rock gardens. A steppable plant.*

Reptans 'Alba'	<i>Small green toothed leaves and white flowers</i>						
	White	Green	June	3"	36"	-	
Reptans 'Purple'	<i>It forms a dense mat of foliage that stays green throughout spring and summer, and well into fall. In the summer, it is dotted with tiny blue flowers.</i>						
	Purple-blue	Green	June	3"	36"	-	

MONARDA didyma (Bee Balm) ☼☾ Zone 4 *Bee Balm is a traditional favourite for the perennial border, with a striking display of richly-coloured flowers through the summer months. Foliage is delightfully fragrant. Powdery mildew may be a problem in summer. A favourite of both butterflies and hummingbirds. Bee Balm spreads quickly: reduce clump size in early spring. Garden selections all have been bred from native North American wildflower species. Good heat tolerance. Flowers are edible.*

Blue Stocking	<i>Bright violet-purple flowers, arranged in large, shaggy heads. Foliage is delightfully fragrant.</i>						
	Violet	Green	July-Sept.	32"	24"	-	-
Bubblegum Blast	<i>Forms a solid dome of hot pink, 2-2½" flowers on strong, well-branched stems. The dark green foliage forms an upright clump that will fill out containers nicely but won't run all over the garden.</i>						
	Pink	Green	July-Sept.	24"	32"	-	-
Fireball	<i>Very compact plant with loads of bright scarlet red blooms</i>						
	Scarlet-red	Green	July-August	15-18"	14"	-	-
Grand Parade	<i>Large shaggy, lavender-purple flowers. Foliage is fragrant and more resistent to powdery mildew than other varieties.</i>						
	Purple	Green	July-August	16-18"	20-23"	-	-
Grape Gumball	<i>Forms a solid dome of vibrant magenta, 2-2½" flowers on strong, well-branched stems. The dark green foliage forms an upright clump that will fill out containers nicely but won't run all over the garden.</i>						
	Purple	Green	July-August	24"	32"	-	-
Jacob Cline	<i>Very frilly red flowers. Considered one of the best red Monarda on the market.</i>						
	Red	Green	July-Sept.	48-60"	14-18"	-	-
Marhsall's Delight	<i>Fragrant foliage with bright hot-pink flowers with large shaggy heads</i>						
	Pink	Green	July-Sept.	29-47"	23-39"	-	-
Pardon My Series	Proven Winner Variety! Sold in Proven Winner pots. Sets full-size flowers on ultra-compact plants. Measuring 2½ to 3 inches wide, these blooms are magnets for bees, butterflies, and hummingbirds. Mildew tolerance						
Cerise	Cherry Pink	Green	July-August	10-12"	12"	-	-
Lavender	Lavender	Green	July-August	10-12"	12"	-	-
Pink	Pink	Green	July-August	10-12"	12"	-	-
Purple	Lavender-Purple	Green	July-August	10-12"	12"	-	-
Rose	Rose	Green	July-August	10-12"	12"	-	-
Petite Delight	<i>Lavender-rose flowers stand above the lush dark green, crinkled foliage which forms a compact dwarf mound.</i>						
	Lavender-rose	Green	July-August	12-15"	12"	-	-

MONARDA fistulosa (Bergamot) ☼☾ Zone 3 *A clump-forming, mint family member that grows typically to 2-4' tall. Foliage is delightfully fragrant. Powdery mildew may be a problem in summer. A favourite of both butterflies and hummingbirds. Native North American wildflower species. Good heat tolerance. Flowers are edible. Meadow plant.*

fistulosa	<i>Native variety.</i>						
	Lavender	Green	July-August	24-48"	24"	-	

MYOSOTIS (Forget-Me-Not) ☼☼ Zone 3 *Masses of bright flowers on uniform, compact globe shaped plants. Short-lived perennial. Must have moist soil and prefers a cool location. Will reseed if spent flowers not removed.*

Sylva Bluesylva	<i>Clusters of single, bright blue flowers with tiny yellow eye on grey-green foliage mound.</i>						
	Sky blue	Green	May-June	8"	8"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
NEPETA (Catmint) ☼ Zone 4 <i>The many selections of Catmint are well-known workhorses in the perennial garden, providing extended bloom as they knit and weave themselves beautifully through taller companions.</i>							
Cat's Meow	Proven Winner Variety! Sold in Proven Winner pots. <i>Low maintenance selection; naturally keeps its tidy, dense rounded shape all season. Grey-green, aromatic foliage is topped with well-branched stems carrying sky blue flowers with purple calyxes for months.</i>						
	Blue	Grey- green	May-Sept.	17-20"	24"	-	-
Cat's Pajamas	Proven Winner Variety! Sold in Proven Winner pots. <i>Ball-shaped habit carries long, dark flower stems with indigo blue flowers. Compared to 'Cat's Meow', it has a smaller growing habit and blooms 2-3 weeks earlier.</i>						
	Blue	Grey- green	May-Sept.	12-14"	18"	-	-
Junior Walker's	<i>This selection of Catmint is a sterile dwarf of N. 'Walker's Low' and only reaches approximately 40cm (16 inches) tall. It features blue-green leaves that are highly aromatic when crushed or bruised so an excellent addition planted along a garden path. Small pale lavender flowers are densely clustered and bloom from May to September. Shear back the initial flower spikes for continuous bloom.</i>						
	Lavender-blue	Grey- green	May-Sept.	16"	24"	-	-
Purrsian Blue	<i>In its first year, 'Purrsian Blue' forms a small, perfectly rounded, densely branched clump of tiny, green leaves. In year two, the plant maintains its compact mounding habit but nearly doubles its spread to just over two feet across. This is a very floriferous selection with flowers spaced closely together. Periwinkle blue flowers are coddled by dark purple calyxes just above the aromatic foliage from early summer into early fall.</i>						
	Blue	Grey- green	May-Sept.	14-18"	18-30"	-	-
Walker's Low	Perennial Plant of the Year 2007! <i>Grey-green, aromatic foliage on long, arching stems. Lavender blue flowers are produced over a long period of time.</i>						
	Lavender-blue	Grey- green	June-Oct.	24"	24"	-	-
OENOTHERA Missouriensis (Ozark Sundrop) ☼🌙 Zone 3 <i>Native plant. Deer resistant. Excellent bright colour in perennial borders.</i>							
Missouriensis	<i>Canary yellow, mildly fragrant flowers. Dark green lanceolate leaves. Following the blooms, unusual 2-3" long, 4-winged seed pods develop which are beautiful in dried arrangements</i>						
	Canary yellow	Dark green	June-July	9-12"	18"	-	-
OENOTHERA Speciosa (Evening Primrose) ☼ Zone 5 <i>Thrives in hot, dry conditions, continuously producing flowers throughout the summer. Reddish markings on the leaves are common.</i>							
Siskiyou	<i>Cup-shaped flowers are delicate pink with a light-yellow centre. Can be used as a spreading groundcover.</i>						
	Pastel pink	Green	June-August	9-15"	24"	-	-
ORIGANUM (Ornamental Oregano) ☼ Zone 5 <i>This plant forms a low trailing mounds foliage. Perfect for rock gardens or other areas of excellent drainage.</i>							
Kent Beauty	<i>Draping powdery blue-green foliage with drooping beads of hop-like flowers in a blend of shrimp pink, green, and cream.</i>						
	Pink	Blue-green	June-August	6-8"	12-18"	-	-
PACHYSANDRA (Japanese Spurge) 🌙🌿 Zone 5 <i>Japanese Spurge is the most widely planted evergreen groundcover. Excellent under trees and in nearly any other shady site. Tolerates poor soil, but slow to establish and spread. Space closely, at 10 to 40 plants per square yard in order for plants to fill in reasonably quickly.</i>							
Terminalis	<i>Plants form an attractive low patch of shiny dark-green leaves, bearing clusters of white flowers in spring.</i>						
	White	Green	June	6-12"	6"	-	-
PAEONIA (Garden Peony) ☼ Zone 3 <i>Garden peonies are classic garden plants that add a bit of nostalgia and charm to the garden. They will form a large clump with large, beautiful blooms in June.</i>							
✂ Bowl of Beauty	<i>A fragrant and neatly formed combination, these Japanese-style peonies have a layer of soft pink petals cupped around the large and bushy pale-yellow center.</i>						
	Single Pink	Green	June-July	32"	24"	-	-
✂ Duchess de Nemours	<i>Fragrant, white, globe-shaped blooms with green carpels and a yellow centre glow. A prolific bloomer.</i>						
	Double White	Green	June-July	34"	24"	-	-
✂ Festiva Maxima	<i>Noticeably fragrant, fully double, white blooms with red drizzled throughout the centre. Massive, loose flower form.</i>						
	Double white/red	Green	June-July	34"	24"	-	-
✂ Karl Rosenfield	<i>Brilliant fuchsia-red blooms are a double, semi-rose type. Mildly fragrant.</i>						
	Double Red	Green	June-July	34"	24"	-	-
✂ Pink Hawaiian Coral	<i>Double flowers in an appealing salmon to coral-pink shade, held on strong stems.</i>						
	Pink	Green	June-July	32"	24"	-	-
✂ Primevere	<i>Incredible double selection feature's ivory outer petals and a sulphur-yellow centre.</i>						
	White/yellow	Green	June-July	34"	24"	-	-
✂ Raspberry Sundae	<i>Lush raspberry and vanilla colored 7" double blooms surrounded by beautiful green foliage.</i>						
	Pale Pink	Green	June-July	34"	24"	-	-
✂ Sarah Bernhard	<i>Gigantic, double, apple blossom-pink flowers. 2004 Dried Cut Flower of the Year!</i>						
	Double Pink	Green	June-July	34"	24"	-	-
✂ Shirley Temple	<i>Highly fragrant, large, double flowers are pale pink when they emerge then lighten to white as they mature. Highly floriferous, vigorous variety.</i>						
	Double Pale pink	Green	June-July	32"	24"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
PAPAVER Orientalis (Oriental Poppy) ☼ Zone 3 <i>Large, stately, Oriental Poppies show off in the garden with incredibly big, dramatic flowers. Black centre contrast with vivid colours. Coarse, hairy foliage grows low, while the flowers stand up and demand attention. A bold statement in the perennial border.</i>							
Allegro	Bright orangey scarlet with black eyes. Orange-scarlet	Green	June	12(18")	18"	-	
Beauty of Livermore	Deep oxblood-red flowers measuring 4-6" across. One of the finest reds. Deep red	Green	June	24"(30")	24"	-	-
Brilliant	Vivid wildfire red flowers measure 4-5" across. Scarlet red	Green	June	24"(36")	24"	-	-
Patty's Plum	Deep wine purple-red flowers, Wine	Green	June	24"(30")	24"	-	-
Picotee	Frippy white flowers that are black in the centre and edged with pale orange. White/Orange	Green	June	24"(30")	24"	-	-
Princess of Victoria Louise	Pastel salmon blooms with a black eye. Salmon	Green	June	24"(30")	24"	-	-
Prince of Orange	Vibrant orange flowers. Orange	Green	June	24"(30")	24"	-	-
Queen Alexander	Very large, satiny, salmon pink flowers with purplish black center, bloom in early summer on 24-36" stems with fine foliage. Salmon Pink	Green	June	24"(36")	24"	-	-
Royal Wedding	Papery white, flouncy flowers measure 4-6" across. Cream-white	Green	June	24"(30")	24"	-	-
Turkenlouis	This mid-sized selection features fiery scarlet-red flowers with fringed edges. Red	Green	June	24"(30")	24"	-	-

PAPAVER Iceland (Iceland Poppy) ☼ Zone 2 <i>Iceland poppies are between Alpine and Oriental poppies in size but just as rich in colour. Excellent in rockeries and containers.</i>							
Champagne Bubbles	Fuzzy, coarse, bluish green foliage. Tissue paper-like flowers in a mix of orange, yellow, salmon, gold, coral and white. Assorted	Blue-green	May-Sept..	12-18"	18"	-	-
Gnome Mix	Lacy, bluish green mounding foliage. Tissue paper-like flowers in a mix of orange, yellow, and white. Assorted	Blue-green	May-Sept.	10-12"	18"	-	-

PENSTEMON(Beard-Tongue) ☼☾ Zone 3 <i>This is an easy and outstanding perennial. Tolerant of harsh conditions. Clumps may be easily divided in spring or fall. Flowers are attractive to butterflies.</i>							
✂ Blackbeard	Dark eggplant purple foliage, dark purple flower stems and lilac purple flowers. Stays strictly upright all season. Lilac purple	Purple	June-July	30-34"	18"	-	-
✂ Dark Towers	Forms a mound of deep purple-red foliage, bearing spikes of bi-colour soft and deep-pink bell-shaped flowers in summer. Two tone pink	Purple red	June-July	30-34"	18"	-	-
✂ digitalis	Features white, two-lipped, tubular flowers (to 1.25" long) borne in panicles atop erect, rigid stems. Flowers bloom mid-spring to early summer. White	Green	June-July	36-48"	18"	-	-
✂ Husker Red	Perennial Plant of the Year 1996! Forms a sturdy mound of leaves, beet-red during the spring and fall, greener in summer. Upright stems of very pale-pink tubular flowers appear during the summer months. Pinkish white	Beet red	June-July	30-34"	18"	-	-
✂ Red Riding Hood	This hybrid selection forms a low clump of thick, glossy green foliage, with upright spikes appearing in early summer. Flowers are bright red trumpets, attractive in the border, containers and useful for cutting. Long blooming. An excellent low-maintenance perennial, especially for hot, dry sites. Attractive to both butterflies and hummingbirds. The 'Riding Hood' Series of Beard-tongue was bred to provide winter-hardy plants with a longer flowering period and numerous, shony flowers. Red	Dark green	June-July	24-30"	18"	-	-

PEROVSKIA (Russian Sage) ☼ Zone 4 <i>Perovskia has finely textures, aromatic leaves and tiny flowers on tall spikes that bloom from summer to fall. It is perfect for an informal garden or mixed bed where dry conditions exist.</i>							
Atriplicifolia	Perennial Plant of the Year 1995! Iridescent, violet blue flower spikes with airy, deeply lobed grey-green foliage. Lavender-blue	Grey-green	July-Sept.	36"(48")	36"	-	-
Filigran	This recent selection forms a narrow upright clump of greyish leaves that are finely cut and fragrant. Spikes of rich violet-blue flowers appear in high summer, continuing into late fall. Lavender-blue	Grey-green	July-Sept.	35"(48")	30"	-	-
Little Spire	A shorter variety that is very drought tolerant and whose compact habit make it ideal for smaller gardens. Lavender-blue	Grey-green	July-Sept.	20"(24")	30"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
PERSICARIA (Fleece Flower, Knotweed) ☼ ☾ Zone 5 Often grown just for foliage interest. Prefers a moist site.							
Amplexicauli 'Firetail'	Long spikes of poker flowers emerge from a tall, spreading clump of leathery green leaves.						
	Red	Green	July-Sept.	35-47"	35-47"	-	NA
Bistorta Superba	Plants form a low mound of dense green foliage, bearing upright spikes of bright-pink bottlebrush flowers through the summer months.						
	Pink	Green	July-August	24"	24"	-	-
Microcephala 'Red Dragon'	Pointy heart-shaped leaves are medium green with a silvery V-shaped markings and a bronze centre. Tiny white flowers in late summer.						
	White	Bronze/Green	July-Sept.	23-35"	23-35"	-	-
polymorpha	'Giant Fleece Flower' Forms a big, bushy mound of large green leaves, in mid-summer bursting into bloom with masses of white flowers held in tapering, fluffy spikes. Stays in a nice clump.						
	Cream white	Green	June-Sept.	5-7ft	36"	-	-

PHLOX divaricata (Woodland Phlox) ☾ Zone 4 This compact, spreading, semi-evergreen woodland phlox is one of the loveliest low-growing varieties. Try it en mass at the edge of a border in partial shade, or among deciduous trees.							
Laphammi	Pretty carpets of pale to deep lilac-blue flowers appear in June with magenta stars at the centre above hairy, bright green leaves.						
	Blue/magenta	Green	June	8-10"	12"	-	-

PHLOX paniculata (Tall Garden Phlox) ☼ Zone 4 Spectacular in the summer, Garden Phlox is sometimes known as the backbone of the perennial garden. Sweetly scented flower clusters on stiff upright stems make them a good cut flower. Attracts butterflies.							
☼ Flame Series	Large clusters of vibrant coral red flowers make this plant a real eye-catcher! They are produced in midsummer atop relatively short, bushy clumps of medium green foliage. This cultivar has demonstrated good mildew resistance in trials. Perfectly suited for containers, courtyard gardens, and the middle of the border, the Phlox FLAME™ Series is a group of naturally dwarf, compact cultivars. All members of this series offer good disease resistance, a bushy habit, and large, fragrant flowers in midsummer.						
Flame Blue	Blue	Green	July-August	15-18"	18"	-	-
Flame Coral	Coral	Green	July-August	15-18"	18"	-	-
Flame Lilac	Lilac	Green	July-August	15-18"	18"	-	-
Flame Pink	Pink	Green	July-August	15-18"	18"	-	-
Flame Purple	Purple	Green	July-August	15-18"	18"	-	-
Flame Purple Eye	Purple/White	Green	July-August	15-18"	18"	-	-
Flame Red	Red	Green	July-August	15-18"	18"	-	-
Flame White	White	Green	July-August	15-18"	18"	-	-
☼ Glamour Girl	This long-legged beauty stands tall, proudly showing off her large panicles of hot coral pink flowers held on dark purple stems. Even the oldest flowers in her panicles are a beautiful shade of light coral pink. Mildew resistant.						
	Pink	Green	August-Sept	32"	18"	-	-
☼ Laura	Fuchsia-purple flowers with starry, white centres and dark eyes. Fragrant.						
	Purple/white	Green	August-Sept	24-36"	24"	-	-
☼ Nicky	Heads of deep magenta purple flowers.						
	Purple	Green	June-Sept.	29-35"	23-29"	-	-
☼ Nora Leigh	White flowers with a contrasting pink eye, and boldly variegated leaves, splashed with green and creamy-white.						
	Pink	Green/white	July-August	30"	24"	-	-
☼ Red Riding Hood	Cherry-red flowers, and wonderful dark bronzy-red leaves.						
	Cherry red	Green	July-August	22"	16-20"	-	-
☼ Super Ka-Pow Series	Robust Phlox paniculata series features super-sized blooms, a super-sized habit and better branching than other leading paniculata series. Features vibrant colors, Winter hardiness and powdery mildew resistance.						
Super Ka-Pow Lavender	Lavender	Green	July-August	20"	16"	-	-
Super Ka-Pow Pink	Pink	Green	July-August	20"	16"	-	-
Super Ka-Pow Purple	Purple	Green	July-August	20"	16"	-	-
Super Ka-Pow White	White	Green	July-August	20"	16"	-	-

PHLOX hybrid (Creeping) ☼ Zone 4							
Rocky Road Series	These hybrids are drought tolerant and grow easily on slopes. With bright, vibrant colors, these will certainly be the belles of the garden in springtime! Compared to Phlox subulata, these have a more compressed growth habit, have unique colors, and spread more slowly in the landscape, especially the first year in the ground.						
Rocky Road Grape	Red-purple	Green	May-June	4-6"	34-36"	-	-
Rocky Road Magenta	Purple-Red	Green	May-June	4-6"	34-36"	-	-
Rocky Road Soft Pink	Pink	Green	May-June	4-6"	34-36"	-	-
Rocky Road Violet Blue	Violet Blue	Green	May-June	4-6"	34-36"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
PHLOX subulata (Creeping or Moss Phlox) ☼ Zone 3 <i>A very low-growing, groundcover-type species with needle-like foliage that is showiest when planted on slopes, among rocks, towards the front of the border, or along pathways.</i>							
Amazing Grace	<i>Pristine white petals with a dash of lipstick red at centre. Flowers mature to pale pink</i> White/Pink	Green	May-June	4-6"	12"	-	-
Bedazzled Lavender	<i>This series produces star-shaped, notched flowers that cover a round, spreading habit. Moderate growers in the first year but become groundcover with age. Lavendar flowers with a lighter halo centre and dark, purple star-shaped eye.</i> Lavender	Green	May-June	6-8"	32-38"	-	-
Bedazzled Pink	<i>This series produces star-shaped, notched flowers that cover a round, spreading habit. Moderate growers in the first year but become groundcover with age. Bright, medium pink flowers with small, dark purple star-shaped eye.</i> Pink/purple	Green	May-June	6-8"	32-38"	-	-
Candy Stripe	<i>White with pale rose, radiating stripes.</i> Pale rose/white	Green	May-June	4-6"	12"	-	-
Crimson Beauty	<i>Rose red blooms in spring</i> Rose-red	Green	May-June	4-6"	18"	-	-
Drummons Pink	<i>Extra large deep pink blooms</i> Deep pink	Green	May-June	4-6"	18"	-	-
Emerald Blue	<i>Long-time favourite has clean medium blue, star-shaped blossoms virtually cover the foliage with flowers in spring</i> Blue	Green	May-June	6-9"	18"	-	-
Emerald Cushion Blue	<i>Pine needle-like foliage with lavender blue flowers.</i> Lavender-Blue	Green	May-June	4-6"	12-14"	-	-
Emerald Pink	<i>True rich pink, star-shaped blossoms virtually cover the foliage in spring.</i> Pink	Green	May-June	6-9"	18"	-	-
Eye Candy	<i>Mound of bright green, needle-like foliage that is totally covered in light lavender pink flowers with a dark nine purple eye. More refined habit than 'Emerald Pink', but has a healthy, vigorous habit like 'North Hills'.</i> Lavender/Pink	Green	May-June	6-9"	18"	-	-
Eye Caramba	<i>Medium pink flowers with a red eye. A richer pink than 'Eye Candy'</i> Lavender/Pink	Green	May-June	4-6"	18-20"	-	-
Eye Shadow	<i>Forms a mound of bright green, needle-like foliage that is totally covered in vibrant, rosy purple flowers with a dark purple eye. This has a more refined habit than 'Emerald Pink', but has a healthy, vigorous habit in line with 'North Hills'.</i> Purple	Green	May-June	4-6"	18-20"	-	-
Fort Hill	<i>Lightly fragrant, rose pink, star-shaped flowers with a dark burgundy eye.</i> Rose pink	Green	May-June	4-6"	18"	-	-
McDaniel's Cushion	<i>Star-like, deep pink flowers cover a spreading mat of needle-like foliage.</i> Deep pink	Green	May-June	4-6"	18"	-	-
Mountainside 'Crater Lake'	Proven Winner Variety! Sold in Proven Winner pots. <i>Mountain side Phlox are more refined spreaders and more compressed to the ground. Cool indigo flowers.</i> Blue	Green	May-June	4-6"	24-28"	-	-
Mountainside 'Majestic Magenta'	Proven Winner Variety! Sold in Proven Winner pots. <i>Mountain side Phlox are more refined spreaders and more compressed to the ground Star-shaped, rich dark pink flowers that bloom a few days earlier than 'Carter Lake' depending on weather.</i> Dark Pink	Green	May-June	4-6"	24-28"	-	-
Oakington Blue Eyes	<i>A showy display of soft lavender-blue flowers</i> Lavender	Green	May-June	4-6"	18"	-	-
Phlox Trot Pink	<i>Largest flowers of any Phlox subulate and increased vigor makes it ideal for medium to large containers. Light pink flowers with a splash of violet at its center.</i> Light Pink	Green	April-June	4-6"	14-18"	-	-
Pink Minuet	<i>Rosy pink flowers with a subtle dark eye are produced over a low, mounding habit of dark green foliage.</i> Pink	Green	May-June	8-10"	18"	-	-
Purple Beauty	<i>Starry intense deep purple blooms.</i> Deep purple	Green	May-June	4-6"	18"	-	-
Ronsdorfer Beauty	<i>Rich rose-pink flowers with magenta-red centre ring</i> Pink/Red	Green	May-June	4-6"	12-14"	-	-
Scarlet Flame	<i>Glowing cerise flowers.</i> Cerise	Green	May-June	6-8"	18"	-	-
Snowflake	<i>Pristine white flowers. Dense compact habit.</i> White	Green	May-June	4-6"	18"	-	-
Spring Bling 'Pink Sparkles'	Proven Winner Variety! Sold in Proven Winner pots. <i>Bloom earlier than 'Mountainside' Phlox and have larger flowers and flower coverage. 1 1/2", soft, baby pink flowers with lighter halo centres.</i> Pink	Green	May-June	4-8"	24-28"	-	-
Spring Bling 'Rose Quartz'	Proven Winner Variety! Sold in Proven Winner pots. <i>Bloom earlier than 'Mountainside' Phlox and have larger flowers and flower coverage. Large, rose pink 1-1 1/4" flowers that are a deeper shade than 'Pink Sparkles' but lighter than 'Ruby Riot'.</i> Pink	Green	May-June	4-8"	24-28"	-	-
Spring Bling 'Ruby Riot'	Proven Winner Variety! Sold in Proven Winner pots. <i>Bloom earlier than 'Mountainside' Phlox and have larger flowers and flower coverage. Reddish pink flowers with darker eyes at the centre.</i> Red-pink	Green	May-June	4-8"	24-28"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
PHLOX subulata (Creeping or Moss Phlox) ☼☾ Zone 3 <i>A very low-growing, groundcover-type species with needle-like foliage that is showiest when planted on slopes, among rocks, towards the front of the border, or along pathways.</i>							
Sprite Series	Proven Winner Variety! Sold in Proven Winner pots. <i>This series does not spread aggressively as other creeping Phlox and will tolerate light shade. Low, mounding habit.</i>						
Magenta Sprite	Magenta	Green	May-June	6-8"	18"	-	-
Purple Sprite	Purple	Green	May-June	6-8"	18"	-	-
Rose Sprite	Rose	Green	May-June	6-8"	18"	-	-
Strawberries and Cream	Mass of nearly white, with a light violet-pink blush, broad-petaled flowers. As flowers mature, they become medium to dark pink-violet giving a two-tones look.						
	Pink/White	Green	April-June	2-4"	16-18"	-	-
Violet Pinwheels	Masses of fragrant, rich violet-purple flowers with upturned petals over a low spreading mound of dark green foliage.						
	Violet	Green	May-June	4-6"	18"	-	-

PHYSOSTEGIA (Obedient Plant) ☼☾ Zone 3 <i>Have funnel-shaped flowers on spikes that are very polite and obedient. If you push the blossom on the stem, it will stay where you move it. It is fun to have up close in a border or bed.</i>							
✂ Crystal Peak White	Long-lasting, abundant snow-white blooms that sparkle against the deep green, toothed foliage. A polite spreader. Fleuroselect Gold winner!						
	White	Green	July-Sept.	16"	18-24"	-	-
✂ Miss Manners	Upright, bluish clump, bearing spikes of showy white flowers from midsummer through the fall						
	White	Green	July-Sept.	30"	18"	-	-
✂ Pink Manners	Spikes of bluish lavender pink flowers contrast with dark green, glossy foliage. Well-behaved, clumping habit.						
	Blush Pink	Green	July-Sept.	30"	18"	-	-
✂ Rose Crown	Bright spreading perennial with long narrow leaves and spikes of tubular rose pink flowers from mid summer to fall.						
	Rose pink	Green	July-Sept.	30"	30"	-	-

PLATYCODON (Balloon Flower) ☼☾ Zone 4 <i>Grown for its unique flowers that pop open from balloon-like buds. Slow to emerge in spring.</i>							
Astra Blue	Compact mound of green foliage, bearing inflated buds that open into star-shaped single violet blooms.						
	Blue	Green	July-Sept.	12"	12"	-	-
Astra Pink	Very pastel pink blooms.						
	Light Pink	Green	July-Sept.	12"	12"	-	-
Astra White	Pure white flowers						
	White	Green	July-Sept.	12"	12"	-	-

POLEMONIUM (Jacob's Ladder) ☼☾ Zone 4 <i>Fern-like foliage and clusters of flowers in clear, crisp colours make this a handsome charmer for a mixed border of woodland garden. Needs a moist site.</i>							
Bressingham Purple	Violet blue flowers. Green foliage is deep purple in spring and fall.						
	Violet-blue	Green/purple	June-July	24"(30")	18"	-	-
Stairway to Heaven	Green foliage variegated with a creamy white edge. New growth has a soft rosy pink blush. Bell shaped light blue flowers.						
	Light blue	Green/cream	May-June	12"(15")	18"	-	-
Touch of Class	Forms a low mound of fine lacy foliage; small, green leaves with narrow, bright white edge. Pink buds open to pale blue flowers.						
	Pale blue	Green/white	June-July	14"	18"	-	-

POLYGONATUM (Solomon's Seal) ☾● Zone 4 <i>Solomon's Seal prefers a cool position in a shady spot and looks wonderful in a woodland setting among shade-loving ferns. Does not like dry soil. Cut the plant down to the ground in autumn. Lift and divide large colonies in early spring, taking care not to damage the young shoots.</i>							
Giganteum	Graceful, arching 48" stems of large, dark green, oval leaves strung with clusters of green-edged, white flowers that hang like little bells in June.						
	White	Green	June	48"	12"	-	-
Multiflorum	Graceful, arching stems of large, dark green, oval leaves are enough to earn this plant its place in the garden. In early summer, these are strung with clusters of green-edged, white flowers that hang like little bells. The flowers are followed by small, black fruit.						
	White	Green	June	24"	8"	-	-
Variegated	Arching stems lined with variegated green leaves with white edges. Foliage turns gold in fall. Unbranched stems support dangling white flowers.						
	White	Green/white	June	18-24"	8"	-	-

POTENTILLA (Cinquefoil) ☼☾ Zone 4 <i>Perennial potentilla has the typical five-petaled blossoms that bloom most of the summer and sometimes into the fall. All do well in borders in full sun of partial shade.</i>							
Miss Wilmott	Rosy-purple flowers with a crimson eye in summer above strawberry type leaves.						
	Rose-purple	Green	June-Sept.	12"	18"	-	-

PRIMULA denticulate (Drumstick Primrose) ☾● Zone 4 <i>Globular flower heads atop thin stems. Moist shaded areas required for best performance.</i>							
Ronsdorf Mix	Mix of fuchsia, lilac, and white flowers. Buds form dense, ball-shaped flower clusters. Leaves partially emerged at bloom time.						
	Assorted	Green	April-May	6"(12")	12"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
PRIMULA vulgaris 🌸🌿 Zone 3 <i>Compact, semi-evergreen perennial with masses of flowers.</i>							
Belarina Series <i>Sizeable double blossoms bloom profusely throughout the season sitting on top of compact, bright green foliage.</i>							
Amethyst Ice	Violet-Blue	Green	April-May	5-8"	10-12"	-	-
Buttercup	Yellow	Green	April-May	5-8"	10-12"	-	-
Cream	White/Cream	Green	April-May	5-8"	10-12"	-	-
Nectarine	Yellow-Apricot	Green	April-May	5-8"	10-12"	-	-
Pink Ice	Lilac Pink	Green	April-May	5-8"	10-12"	-	-
PULMONARIA (Lungwort, Bethlehem Sage) 🌸🌿 Zone 3 <i>Lungworts are excellent plants for the 7, the wild garden, and as ground covers. They can be used on sloping ground shaded by trees-- a difficult site for growing most other plants.</i>							
Majeste <i>Solid silvery-grey leaves with a narrow green margin. Light pink buds pop open to darker, bluish pink.</i>							
	Pink	Green/silver	May-June	8-12"	18"	-	-
Pretty in Pink <i>Large flowers stay consistently pink throughout the season. Dark green leaves are moderately speckled with silver.</i>							
	Pink	Green/silver	May-June	14-16"	24-28"	-	-
Raspberry Splash <i>Clusters of upfacing deep raspberry-pink bells, the narrow green leaves are heavily spotted in silver.</i>							
	Pink	Green/silver	May-June	12"	18"	-	-
Sissinghurst White <i>Clean white flower bells. Extra large silver leaf spots on mounding foliage.</i>							
	White	Green/silver	May-June	12"	18"	-	-
Trevi Fountain <i>Large clusters of cobalt-blue flowers, set over a clump of pointed green leaves, heavily spotted with silver. Mounding habit, good vigour.</i>							
	Blue	Green/silver	May-June	10-12"	18"	-	-
Twinkle Toes <i>Starting in mid-spring, dainty light periwinkle blue flowers cover a low, mounded habit. After the flowers fade, you can enjoy its dark green leaves that are lightly sprinkled with silver.</i>							
	Blue	Green/silver	May-June	12"	16"	-	Na-Fall
PULSATILLA (Pasque Flower) 🌸🌿 Zone 3 <i>Cupped-shaped flowers in early spring are followed by attractive feathery seed heads. The soft lacy foliage emerges with more vigour after the blooms appear.</i>							
Alba (White Bells) <i>Pure white blooms on hairy stems and ferny foliage</i>							
	White	Green	April-May	9"(12")	12"	-	-
Rubra (Red Bells) <i>Wine-red, cup-shaped flowers with yellow eyes float above silvery fern-like foliage.</i>							
	Deep Red	Green	April-May	8"(12")	10"	-	-
Violet Bells <i>Purple flowers with contrasting yellow centres.</i>							
	Purple	Green	April-May	9"(12")	18"	-	-
RATIBIDA (Pinnate Prairie Coneflower) 🌸🌿 Zone 3 <i>Prairie native</i>							
✂️ Pinnata	<i>A slender, hairy-stemmed plant bearing flower heads with drooping, yellow rays surrounding a roundish to ellipsoid, grayish central disk darkening to brown as rays drop off.</i>						
	Yellow	Green	June-Sept.	36"	30"	-	-
RODGERSIA (Rodger's Flower) 🌸🌿 Zone 3 <i>A beautiful perennial with bronze-tinted, palmate foliage that has a prehistoric look to it. The flowers are large, fluffy panicles on long stems. Tough and long lived, Rodgersia is well suited for planting around a pond, in a moist border or in a woodland garden in full sun or partial shade.</i>							
✂️ aesculifolia	<i>Chestnut-leaved Rodgersia, this forms an exotic-looking clump of bold green foliage, supporting an airy plume of creamy-white flowers in mid-summer.</i>						
	White	Green	July	36"	36"	-	-
✂️ Pinnata 'Bronze Peacock'	<i>A shiny, bronzy beauty! The darkest foliage of any Rodgersia. The leaves are thick, glossy, indented and make a great sculptural addition to your woodland garden. Pink flowers emerge in late spring above the mound. In spring, the huge bronze leaves emerge like a peacock's tail! Zone 5.</i>						
	Pink	Bronze	July	22"(50")	28"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
RUDBECKIA fulgida (Black-eyed Susan) ☼ Zone 4 <i>Easy to grow Rudbeckia is a excellent choice for colour in summer and into fall. With bright, daisy flowers and interesting seed heads, it makes a great cut flower for fresh or dried arrangements.</i>							
✂ Goldquelle	Forms an upright mound of bright-green leaves, bearing fluffy chrome-yellow double daisy flowers from mid-summer on. Although usually self-supporting, this may require staking in especially rich garden soils.						
	Double yellow	Green	August-Sept.	40"	24"	-	
✂ Goldstrum	Perennial Plant of the Year 1999! Golden yellow flowers with a distinctive cone centre.						
	Golden yellow	Green	July-Sept.	24"(30")	24"	-	-
✂ Herbstonne	A must for back of border tall growing woody stems carries masses of attractive glossy green leaves crowned with large yellow flowers each with a conspicuous green central cone.						
	Yellow	Green	August-Sept.	60"	24"	-	
✂ Little Goldstar	It is much more proportional and compact, than Goldstrum standing just knee-high. It offers more blooms on a tighter habit and is excellent for containers as well as the sunny border. Loads of yellow daisy-like flowers surrounding a prominent brown cone that in winter, provide a healthy snack for birds.						
	Yellow	Green	August-Sept.	15"	15"	-	-
✂ Maxima	'Great Coneflower' Native meadow plant. Towers over the back of the border with its long black cones and graceful yellow petals.						
	Yellow	Green	August-Sept.	6ft	24"	-	-
✂ triloba	Native meadow plant.						
	Yellow	Green	August-Sept.	36-48"	18"	-	-

RUBECKIA hirta (Black-eyed Susan) ☼ Zone 5 <i>Biennials or short-lived perennials best used as additions to borders. Typically have daisy flowers with a chocolate central cone. Long flowering. Excellent cut flowers. Also available in 2gal summer product.</i>							
✂ Autumn Colours	Large daisy flowers in a mixture of bronzes and yellows.						
	Yellow/bronze	Green	July-Sept	18"(24")	15"	-	
✂ Cherry Brandy	Large Maroon red daisy with a black eye						
	Maroon Red	Green	July-Sept.	24"(30")	15"	-	
✂ Indian Summer	Huge, single, bright yellow daisy flowers with chocolate eye.						
	Golden yellow	Green	July-Sept.	36"(42")	15"	-	
✂ Minibeckia Flame	Huge golden yellow daisy flowers with deep orange centers bloom on large round mounds of disease-resistant foliage. Flowers in middle to late summer. Deadheading will keep it looking its best.						
	Yellow/Orange	Green	August-Sept.	36"	24"	-	-

SAGINA(Moss) ☼ Zone 4 <i>Dense, mounded foliage that can form a soft mossy carpet. It makes a nice ground cover in small areas and can be planted between pavers. A steppable plant.</i>							
Subulata 'Aurea'	Yellow green foliage						
Scotch Moss	White	Golden	May-June	1-3"	18"	-	
Subulata Irish Moss	Dark green foliage						
	White	Green	May-June	1-3"	18"	-	

SALVIA nemorosa (Perennial Sage) ☼☾ Zone 3 <i>The Perennial Sages are invaluable perennials for their rich display in the border. They form bushy mounds of grey-green leaves, with spikes of flowers in early summer, attractive to both butterflies and hummingbirds. Plants are reasonably drought tolerant, once established.</i>							
✂ Blue Hill	True blue and as tough and as profuse a bloomer as the others. Can be cut back to rebloom early in the fall.						
	Blue	Green	June-July	24-30"	24"	-	-
✂ Caradonna	A starkly upright habit and dark purple flower stems which really set off the bright violet-blue flowers.						
	Purple	Green	June-July	24-30"	24"	-	-
✂ Colour Spires 'Back to the Fushia'	Proven Winner Variety! Sold in Proven Winner pots. Darkest pink in the Colour Spires collection. Fushia pink flowers on dark charcoal stems over a canopy of dark leaves.						
	Dark Pink	Green	June-July	22-24"	22-24"	-	-
✂ Colour Spires 'Crystal Blue'	Proven Winner Variety! Sold in Proven Winner pots. Unique light sky blue coloured flowers (most perennial Salvias are darker purple)						
	Blue	Green	June-July	18-24"	24"	-	-
✂ East Fresiland	Spikes of violet-purple flowers stand at attentions above the nicely formed foliage. Long flowering time.						
	Violet purple	Grey-green	June-August	16-18"	24"	-	-
✂ Marcus	This compact selection produces spikes of deep violet-blue. Remove faded flowers to encourage repeat blooming, or simply cut back hard after flowering is finished. Plants are reasonably drought tolerant, once established. Terrific in containers.						
	Violet blue	Grey-green	June-August	12"	12"	-	-
✂ May Night	Perennial of the Year 1997! Dense spikes of deep violet purple flowers over a long period which can be extended by deadheading.						
	Violet blue	Grey-green	June-August	18"	24"	-	-
✂ Midnight Model	Striking violet blue flowers are produced in a round, dense clump. An improvement over other blue Salvia on the market.						
	Violet-blue	Green	June-July	22"	24"	-	-
✂ New Dimension Blue	Compact, with chubby spikes of deep violet-blue flowers. Remove faded blooms to encourage repeat flowering.						
	Violet	Green	June-July	12"	15"	-	-
✂ New Dimension Rose	Compact, with chubby spikes of bright rose-pink flowers. Remove faded blooms to encourage repeat flowering.						
	Rose	Green	June-July	12"	15"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
SALVIA nemorosa (Perennial Sage) ☼☾Zone 3 <i>The Perennial Sages are invaluable perennials for their rich display in the border. They form bushy mounds of grey-green leaves, with spikes of flowers in early summer, attractive to both butterflies and hummingbirds. Plants are reasonably drought tolerant, once established.</i>							
✂ Perfect Profusion	Proven Winner Variety! Sold in Proven Winner pots. <i>This series reblooms multiple times throughout the summer if the flower stems are cut back. Dense flower stems are covered in icy-blue flowers. Compared to 'Crystal Blue', it has thinner flowers and a rounder habit.</i>						
	Blue	Green	June-July	16-20"	16-20"	-	-
✂ Pink Profusion	Proven Winner Variety! Sold in Proven Winner pots. <i>Dark pink flowers and dark pink calyxes. Uniform, rounded clump of aromatic, rugose green foliage.</i>						
	Pink	Green	June-July	14-16"	16-20"	-	-
✂ Snow Hill	<i>'Snow Hill' is a reliable garden plant with a more compact habit than many other perennial salvias. Pure white flower spikes put on a marvelous show beginning in early summer and continue well into the summer if deadheaded. For the greatest impact in the garden, plant in drifts. Its foliage is aromatic when crushed.</i>						
	White	Green	June-July	20"	15"	-	-
✂ Violet Riot	Proven Winner Variety! Sold in Proven Winner pots. <i>Produces a riot of vivid violet blue flowers with deep purple calyxes from late spring into early summer. Compared to the industry standard 'May Night', it has a much denser habit, a more concentrated show of color, and a neater habit in containers.</i>						
	Violet	Green	June-July	22"	20"	-	-
✂ White Profusion	Proven Winner Variety! Sold in Proven Winner pots. <i>This Salvia will reflush with flowers if sheared back and will do so many times. A full, round habit that's unbothered by deer and rabbits make it a perfect choice for the early summer garden.</i>						
	White	Green	June-July	22"	20"	-	-
SALVIA verticillata ☼☾Zone 3 <i>This plant, instead of having uninterrupted florets, it bears it's blooms in balls of individual lavender florets up the stem with gaps between the balls, a unique and appealing arrangement. Drought and humidity tolerate.</i>							
Purple Rain	<i>Spikes of smoky purple blooms stand tall over rough arrow-shaped leaves. Repeat bloomer if dead-headed.</i>						
	Purple	Green	June-Sept.	18-24"	18"	-	-
SANGUISORBA ☼Zone 4 <i>The ornamental Burnet or Bottlebrush are just beginning to be used here in North American gardens. Plants prefer a moist site. Clumps may be easily divided in early spring. Cut foliage back if it gets tired-looking after blooming. Ideal for the middle of a sunny border, or in containers. Rabbit resistant.</i>							
Obtusa	<i>Forms a low mound of lacy grey-green leaves, bearing bottlebrush spikes of soft-pink flowers in summer.</i>						
	Pink	Green	July-August	30"	24"	-	-
Officinalis 'Pink Tanna'	<i>Upright stems, dark pink flowers with pale pink stamens in mid summer. Attractive fern like foliage.</i>						
	Pink	Green	July-August	32"	24"	-	-
SAPONARIA (Rock Soapwort) ☼Zone 3 <i>Forms a nice patch of semi-evergreen foliage that works well as a filler between stones on a path, in the crevices of walls, or in rock gardens. It is called soapwort because crushing the leaves with water will form a lather that was once used as soap. Thrives in full sun.</i>							
Ocymoides	<i>Thick, oval, dark green leaves covered with single pink flowers. Rapidly growing ground cover.</i>						
	Pink	Green	June	8"	18"	-	-
SAXIFRAGA (Mossy Rockfoil) ☾Zone 5 <i>Mossy saxifrage forms a soft green cushion. Flowering in spring, it does well in rock gardens or at the front of borders. It prefers partial shade with moist, well-drained soil conditions.</i>							
Highlander Rose	<i>A very low, dense, cushion-forming, evergreen perennial with tiny, grey-green leaves and rose shades of flowers in spring</i>						
	Shades of rose	Green	May-June	6"(9")	12"	-	-
Lofty White Blush	<i>Very uniform with short, large, white flowers.</i>						
	White	Green	May-June	6"(9")	12"	-	-
Rocco Red	<i>This vigorous short-stemmed plant with masses of clear red flowers, begins blooming in late spring.</i>						
	Red	Green	May-June	5"(9")	8"	-	-
SCABIOSA (Pincushion Flower) ☼Zone 4 <i>Excellent for the front to mid border. Good cut flowers. Attracts bees and butterflies. Drought tolerate once established. Benefits from deadheading.</i>							
✂ Butterfly Blue	<i>Lavender blue, pincushion-like flowers hover over a short mound of ferny basal foliage all summer long.</i>						
	Lavender-blue	Green	June-Sept.	8"(18")	18"	-	-
✂ Pink Mist	<i>Pincushion-like, pink flowers with a hint of lavender are borne atop wiry stems all season long.</i>						
	Pink	Green	June-Sept.	12"(18")	18"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5”pot 18/tray	5.5” pot
SEDUM (Creeping Stonecrop) ☼ Zone 4 <i>The creeping Sedums come in a large range of foliage colours and textures. Easy to grow, they prefer full sun and drier soil conditions. These low-growing succulents are a good choice for green roofs, rock gardens or containers. As a ground cover, they can be mixed and matched for a tapestry effect that will catch the eye.</i>							
Acre ‘aureum’	<i>Bright yellow, star-shaped flowers cover a trailing mat of pale green, fleshy leaves with golden tips. Evergreen.</i>						
Golden Acre	Yellow	Green	June-July	3”	15”	-	-
Acre ‘Octoberfest’	<i>Green leaves, smothered by star-shaped creamy-white flowers in summer.</i>						
	Cream-white	Green	June-July	3”	15”	-	-
album ‘Coral Carpet	<i>Loe carpet of small, rounded green leaves that are clustered together like little beads, taking on rich red tones in summer and winter. White star flowers in summer.</i>						
	White	Green/Red	June-July	3”	12-23”	-	-
Bertram Anderson	<i>Forms a low carpet of small, burgundy-black leaves, spreading to form a small patch. Clusters of purple-red star flowers appear in late summer. A slow grower,</i>						
	Purple	Green	June-July	4-6”	12-18”	-	-
Cauticola	<i>Round flattened grey-green leaves on deciduous stems. The flowers are reddish pink and star-shaped and bloom</i>						
	Reddish pink	Grey-green	August-Sept.	2-4”	10”	-	-
Dasyphyllum ‘Major’	<i>Carpet of tiny round powdery blue-grey leaves, remaining evergreen in mild regions. Clusters of white star flowers appear in early summer.</i>						
	White	Blue-grey	June-July	4-6”	18”	-	-
divergens	<i>Species native to North America and is fast growing. Forms low carpet of fleshy, rounded green leaves, spreading to form a thick patch. Clusters of bright yellow star-shaped flowers appear in summer.</i>						
	Yellow	Green	June-July	4-6”	12-23”	-	-
Fulda Glow	<i>Bronze-red foliage that transforms to more vibrant red in cooler autumn temperatures. Soft-red flowers all season.</i>						
	Rose	Red	July-August	4”	10”	-	-
Hakonense ‘Chocolate Ball’	<i>Short, spreading, very unique chocolate-red foliage with bright yellow blooms.</i>						
	Yellow	Brown-red	June-August	3-6”	12”	-	-
Hispanicum ‘Blue Carpet’	<i>Diminutive and mat forming, with tiny, silvery grey foliage. Pink to white flowers. Evergreen.</i>						
	Pink-white	Silvery-grey	June-July	1-3”	18”	-	-
Kamtschaticum	<i>Yellow-orange flowers on scalloped, dark green foliage.</i>						
	Yellow-orange	green	July	6”	18”	-	-
Kamtschaticum ‘Variegatum’	<i>Yellow blooms turn crimson, making a pretty contrast to the cream-edged foliage.</i>						
	Yellow-orange	Green/cream	August-Sept.	6-9”	18”	-	-
Kamtschaticum ‘Weihenstephaner Gold’	<i>A low carpet of small, scalloped green leaves, spreading to form a dense patch. Clusters of golden-yellow star flowers. Red foliage in fall</i>						
	Golden-yellow	Green	June-July	3-5”	18”	-	-
Lidakense	<i>Forms a low, non-spreading clump of rounded, blue-green leaves, flushed with purple. Glistening pink star flowers appear in late summer, clustered at the ends of each stem</i>						
	Pink	Blue Green	August-Sept	2-4”	8-12”	-	-
Lineare ‘Variegatum’	<i>Low, scrambling sedum of muted soft green with a subtle creamy white stripe along the outside of the smooth, tiny, linear leaves.</i>						
	Yellow	Green/cream	July	4-6”	18”	-	-
Little Miss Sunshine	<i>Prized for its incredibly dark green, glossy foliage, compact size, and tidiness in the landscape. From early to midsummer, tiny clusters of yellow flowers cover the polished habit.</i>						
	Yellow	Green	July	6-8”	18”	-	-
Rock n’Low Boogie Woogie	Proven Winner Variety! Sold in Proven Winner pots. <i>A part of the Rock n’ Grow series. A fantastic summer-flowering groundcover type that will definitely make your garden feel groovy. This sport of ‘Little Miss Sunshine’ has cream margins that make the plant look bright and yellow all over and are sprinkled with yellow flowers during early to midsummer. A fantastic variegated option for a groundcover in the landscape. Perfect for rock gardens!</i>						
	Yellow	Green/cream	June-July	6-8”	16-18”	-	-
Rock n’Round Popstar	Proven Winner Variety! Sold in Proven Winner pots. <i>Apart of the Rock n’ Grow series. Dense mound of creamy grey buds that burst open into salmon pink flowers. Flowers mature into darker pink seed pods. Darker hued counterpart of ‘Superstar’</i>						
	Pink	Turquoise	August-Sept	12”	16”	-	-
Rock n’Round Pride and Joy	Proven Winner Variety! Sold in Proven Winner pots. <i>Apart of the Rock n’ Grow series. Same habit, serrated leaves, and bloom time as ‘Pure Joy’ and ‘Bundle of Joy’, but with darker leaves and darker pink flowers.</i>						
	Rose-Pink	Turquoise	August-Sept	12”	16”	-	-
Rock n’Round Superstar	Proven Winner Variety! Sold in Proven Winner pots. <i>A part of the Rock n’ Grow series. Dark turquoise succulent leaves have a smoky gray overlay with rosy pink flowers with hot pink carpels. Dark purple seed heads extend the color long have it has finished blooming. Although compact, ‘Superstar’ is more of an intermediate groundcover, more in line with the height of the popular ‘Pure Joy’.</i>						
	Rose-Pink	Turquoise	August-Sept	12”	16”	-	-
Rupestre ‘Angelina’	<i>Forms a trailing mat of succulent golden-yellow leaves. Clusters of yellow starry flowers.</i>						
	Yellow	Golden-yellow	July-August	4-6”	18”	-	-
Rupestre ‘Reflexum’	<i>Mat forming with tiny, spiny, bluish green foliage. Bright yellow flowers. Evergreen.</i>						
	Yellow	Blue-green	June-August	3-6”	12”	-	-
Sexangulare	<i>Very similar in appearance to Sedum acre, but a much tougher plant. A low carpet of tiny spiralling green leaves, spreading to form a thick patch. Tiny yellow star flowers. Performs equally well in sun or shade.</i>						
	Yellow	Green	June	3”	10”	-	-
Sieboldii	<i>A low mound of succulent silver-blue leaves with a pencil line edging of pink. Clusters of bright-pink star shaped blooms appear in fall.</i>						
	Pink	Silver-blue	Sept-Oct.	6-8”	12-18”	-	-
Sieboldii ‘Mediovariegatum’	<i>Powdery-blue leaves with contrasting creamy yellow centres. In late spring, starry soft-pink flowers appear at the end of the stems</i>						
	Pink	Blue/Yellow	Sept-Oct.	6-8”	12-18”	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
SEDUM (Creeping Stonecrop) ☼ Zone 4 <i>The creeping Sedums come in a large range of foliage colours and textures. Easy to grow, they prefer full sun and drier soil conditions. These low-growing succulents are a good choice for green roofs, rock gardens or containers. As a ground cover, they can be mixed and matched for a tapestry effect that will catch the eye.</i>							
Spathulifolium 'Cape Blanco'	Silvery grey rosettes form a thick cushion. Yellow flowers. Evergreen						
	Yellow	Silver-grey	August	3-6"	18"	-	-
Spurium 'Blaze of Fulda'	Forms a very low mat of rounded, red-orange foliage with small clusters of red, star-shaped flowers on short stalks appearing in late summer.						
	Red	Red-orange	June-July	2-4"	10-12"	-	-
Spurium 'Bronze Carpet'	Dense mat of coppery-bronze leaves edged in red that transforms into a glowing deep red in autumn. Pink star-shaped flowers in early summer.						
	Pink	Bronze/Red	June-August	3-6"	18"	-	-
Spurium 'Dragon's Blood'	A low carpet of small, bronzy green to beet-red leaves, spreading to form a thick patch. Clusters of ruby-red star flowers appear in summer.						
	Ruby-red	Bronzy-green	July-August	4-6"	18"	-	-
Spurium 'John Creech'	Ground-hugging slightly cupped, soft green leaves with soft pink flowers.						
	Soft pink	Green	June-August	1-3"	18"	-	-
Spurium 'Red Carpet'	Similar to Dragon's Blood. A low carpet of small, bronzy green to beet-red leaves, spreading to form a thick patch. Clusters of ruby-red star flowers appear in summer.						
	Ruby-red	Bronzy-green	July-August	4-6"	18"	-	-
Spurium 'Tri colour' (Variegatum)	Green leaves with cream and red-edging. Pink flowers.						
	Pink	Cream/red	June-August	3-6"	18"	-	-
Spurium 'Voodoo'	Intense dark mahogany foliage provides a stunning contrast to the almost neon, luminous rosy-red flowers which appear June through August.						
	Rose-red	Red	June-August	4-6"	18"	-	-
Steel the Show	One of the most silver leaved Sedums with its bright, blue green tiny leaved foliage. One of the latest blooming Sedums with its rosy pink flowers.						
	Rose-Pink	Green-Blue	August-Sept	6-8"	14-16"	-	-
Sunsparkle 'Dazzleberry'	Giant 6- to 8-inch flowerheads top the smoky-blue foliage for nearly 2 months in late summer and fall!						
	Raspberry	Blue-grey	August-Sept	6"	18"	-	-
Sunsparkle 'Lime Zinger'	Apple green leaves edged with cherry red grow into a tight weed suppressing mat with large clusters of soft pink flowers.						
	Pink	Cherry -Red	August-Sept	4-6"	18"	-	-
Takesimense 'Altantis'	Small, serrated leaves are dark green with very wide creamy yellow margins. From a distance, the margins are what catch your eye. You may notice that the creamy margins become tinged with pink blush tones with cold temperatures late in fall.						
	Yellow	yellow/green	Sept.- Oct.	4"	10-12"	-	-
Vera Jameson	Forms a medium-height, non-spreading clump of powdery, mahogany-purple leaves. Dusky-pink starry flowers appear in late summer,						
	Pink	Mahogany	June-August	6-8"	12"	-	-

SEDUM upright (Autumn Stonecrop) ☼ Zone 4

Autumn Fire	Similar to 'Autumn Joy' but selected for it tighter growth habit, thicker foliage and more brightly coloured rosy flower heads						
	Deep rose	Blue-green	Sept.-Oct.	24-30"	24"	-	-
Autumn Joy	One of the most popular perennials. Flowers are deep rose when young, aging to a beautiful bronze. Seed heads remain attractive in winter.						
	Deep rose	Blue-green	Sept.-Oct.	24"	24"	-	-
Dark Magic	This outstanding dwarf selection has multiple crowns of dark pink flower clusters and glossy purple-black leaves.						
	Dark Pink	Purple-Black	Aug-Oct.	10-12"	18-20"	-	-
Firecracker	Forms a low, compact mound of shiny, red foliage with large medium pink flowerheads late summer through fall.						
	Pink	Red	Sept.-Oct.	6-8"	16-18"	-	-
Frosted Fire	A variegated sport of 'Autumn Fire'. This plant shares the same brightly colored rosy flower heads, tighter growth habit, and thicker foliage as 'Autumn Fire'. Light green leaves with creamy yellow, serrated margins form a dense, upright mound						
	Pink	Cream/green	Sept.-Oct.	15"	18"	-	-
Hot Stuff	A very compact form of stonecrop, one of the shortest varieties on the market; flowers range from hot pink to fuschia and command attention against the green foliage of the plant.						
	Fuschia	Blue-green	Sept.-Oct.	12"	18"	-	-
Marina	Produces a low mound of blue-grey, oblong leaves that tint purple in summer. Clusters of rich rose-pink flowers are held on strong, compact stems in late summer. Even the dried seed heads have good winter effect. Good cutflower, also attractive to butterflies.						
	Rose-pink	Blue-Green	Aug-Sept.	10"	22"	-	-
Matrona	Sturdy, upright grower that has grey-green leaves infused with rosy pink and purple stems. Flower clusters are mauve-pink, aging to chocolate.						
	Rose	Grey-green	Sept-Oct.	18-24"	20"	-	-
Mr Goodbud	This terrific compact Sedum has blue-green foliage with reddish edges and red tinted stems and is topped with eye catching magenta-purple flowers in late summer. Very unique flower colour.						
	Magenta purple	Green	August-Sept.	18"	18"	-	-
Neon	Upright variety with vivid rosy-magenta pink flowers and light green leaves.						
	Magenta pink	Light green	Sept.-Oct.	18"	15"	-	-
Night Embers	This late season bloomer can be admired for its strictly upright habit of dark black-purple, semi-glossy succulent leaves. Small clusters of light mauve pink flowers are produced on deep red stems, the perfect accent color to the darkly colored foliage. Flowers are produced on the top half of this tall Stonecrop, with no lodging. With a narrow base and a vase-like habit, this perennial combines well with shorter companions in a limited space.						
	Pink	Black-Purple	Sept.-Oct.	24"	24"	-	-
Pure Joy	Proven Winners Variety. Sold in PW pot. Forms a low, rounded mound in spring, growing to just under 1' tall by summer. Light green leaves become covered in a dome of bubblegum pink flowers followed by pretty seed heads.						
	Pink	Blue-green	Sept.-Oct	10"	12"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
SEDUM upright (Autumn Stonecrop) ☼Zone 4							
Thundercloud	<i>Native to the Far East, forms a strong, compact mound of heavily serrated, grey-green foliage. Billowy clouds of white star-like flowers that are lightly flushed with pink appear in summer.</i>						
	White	Green	August-Sept.	10"	18"	-	-
Touchdown Jade	<i>Sedum 'Touchdown Jade' has the vigorous multicrown low habit that fills a container quickly like the rest of the TOUCHDOWN™ Series. In addition, it has blue-green leaves, rose red stems, peachy-pink flowers in the spring, and orangey seed heads after the flowers are done.</i>						
	Peach	Blue-green	August-Sept.	7"(10")	14"	-	-
Xenox	<i>Scalloped-edged- small leaves are green and mauve in spring and darken to burgundy throughout the season. Small beads of dusty-rose flowers, perfect for border front and containers.</i>						
	Light Pink	Purple-Black	August-Oct.	12"(16")	14"	-	-

SEMPERVIUM (Hens and Chicks) ☼Zone 3							
Black	<i>Green centers with dark, black red tips</i>						
	Rose-red	Green -black	August	3-4"	12"	-	-
Cobweb	<i>Named for the fine, white, cobweb-like hairs that criss-cross between the leaves' tips. Each rosette of pointy blue-green leaves grows about 1" wide. Colour may vary per season. Rose-red flowers.</i>						
	Rose-red	Blue-green	August	3-4"	12"	-	-
Pacific Blue Ice	<i>Unique cupped form and produces rounded rosettes. Leaves are icy, blue-green with centres flushed rose, especially in cooler temperatures.</i>						
	Pink	Blue-Green	August	3-4"	12"	-	-
Peggy	<i>A beautiful variety of Hens & Chicks that transitions through many colors over the seasons. In spring, leaves are purple and transition to deep red in summer. Fall and winter colors are more subdued, ranging from mahogany to brown.</i>						
	Pink	Purple	August	3-4"	12"	-	-
Piloseum	<i>Forms medium to large rosettes of grey-green leaves. This color may vary from season to season. These rosettes have a rounded, semi-loose form.</i>						
	Pink	Green	August	3-4"	12"	-	-
Purple Beauty	<i>Semi-open rosettes of succulent leaves with deep purple tips and green centers. This color may vary from season to season. This variety requires especially sharp drainage.</i>						
	Pink	Purple	August	3-4"	12"	-	-
Ruby Heart	<i>Forms rosettes of sharply pointed, silvery blue to blue-green leaves which are flushed rosy red at the base. This colour varies by season, intensifying in cold temperatures.</i>						
	Pink	Blue-green/red	August	3-4"	18"	-	-
Red Beauty	<i>Medium sized, fairly open rosettes of grey-green leaves with blood-red tips.</i>						
	Pink	Green/red	August	3-4"	18"	-	-
Silverine	<i>Forms rosettes of sharply pointed, silvery green leaves which are flushed with reddish-purple at the base. This colour may vary from season to season.</i>						
	Dark pink	Green/purple	August	3-4"	12"	-	-

SIDALCEA (Prairie Mallow) ☼Zone 4 <i>Prairie Mallows are related to Hollyhocks, and produce spikes of similar satiny flowers, though smaller in size, held on compact, bushy plants.</i>							
Party Girl	<i>This strain has flowers in a range of shades from pink to magenta-red. Stems are upright, and nice for cutting. Attractive to both butterflies and hummingbirds. Prune back hard after blooming, and plants may flower a second time in the fall.</i>						
	Pink	Green	June-August	24"	16"	-	-

SILENE ☼Zone 5 <i>Silenes are a varied group of plants. They come in a wide range of heights, so some are suitable for rockeries, while taller varieties do well in borders.</i>							
Dioica 'Clifford Moor'	<i>Striking foliage is narrow and lance shaped- golden to cream with darker green centres. Single pink flowers</i>						
	Pink	Gold/green	June-August	6"(12")	24"	-	-
uniflora Druett's Variegated	<i>Deep green leaves with wide, creamy white margins; white pinwheel flowers</i>						
	White	Green/White	April-June.	3-6"	6-9"	-	-
Rolly's Favourite	<i>Single, slightly cupped, soft pink blooms with white center. Mounding, dark green foliage with oval leaves and rising stems.</i>						
	Pink	Green	April-June.	15"	15"	-	-

SISYRINCHIUM (Blue-Eyed Grass) ☼☼Zone 5 <i>Not really a grass, these are close cousins to the more familiar garden Iris. Great for areas with hot, humid summers. Use as an accent plant along walkways or in rock gardens. Rabbit resistant.</i>							
Lucerne	<i>Bright purple-blue, star-like flowers top the dark green, grass-like foliage of this long blooming perennial.</i>						
	Purple-blue	Green	June-July	10"	12"	-	-

STACHYS (Lamb's Ears) ☼☼Zone 4 <i>Good ground cover for dry, sunny spots.</i>							
Fuzzy Wuzzy	<i>Leaves are velvety soft, silver and shaped like lamb's ear. Tends to spread more quickly than other varieties. Non-flowering cultivar, it occasionally sends up a flower stalk.</i>						
	-	Silver-grey	-	6-8"	24"	-	-
Helene Von Stein	<i>Velvety soft, greenish leaves twice the size of 'Silver Carpet'. Non-flowering cultivar, it occasionally sends up a flower stalk.</i>						
	-	Silver-grey	-	8-10"	24"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
STACHYS officinalis ☼☾ Zone 4 <i>A cousin to the familiar Lamb's-Ears, but not at all similar. This is a clump-forming perennial, forming a low mound of crispy green foliage. Removing faded flowers will encourage more buds to form for weeks on end.</i>							
'Hummelo'	Perennial of the Year 2019! <i>In early summer the upright spikes of tiny, two-lipped, rose-lavender flowers appear in dense spikes atop mostly leafless flowering stems rising well above the foliage.</i>						
	Purple	Green	June-July	20"	22"	-	-
STOKESIA (Stokes' Aster) ☼ Zone 5 <i>Blooms are similar to asters, but have a leafy bract around the bud. Useful in borders or containers, it requires light, moist, well drained soil.</i>							
☼ Colour Wheel	<i>Starting in July 'Colour Wheel' sends up branched bloom stalks which open almost pure white. As the days progress, the same bloom fades to lavender, then to deeper lavender and finally to purple. During the lavender and purple stages, new white blooms open on the same bloom stalk. The overall effect is as many as five different colors on the same plant</i>						
	White to purple	green	July-Sept.	18-20"	12"	-	-
☼ HoneySong Purple	<i>A true royal purple flowers with a hint of red towards the centre that darkens as it ages. The contrasting white stamens and purple-tinged stems add to its appeal. The individual flowers measure 4 inches across and have petals with deeply serrated edges.</i>						
	Purple	Green	July-Sept.	14"	12"	-	-
☼ Mary Gregory	<i>Distinctive soft yellow flower over nicely mounding deep green foliage.</i>						
	Pale yellow	Green	July-Sept.	12-18"	12"	-	-
☼ Peachie's Pick	<i>Has typical lavender-blue, stokesia-type flowers but they bloom longer and a bit later in the season. Upright habit and attractive green foliage.</i>						
	Blue	Green	July-Sept.	12-18"	12"	-	-
TANACETUM (Painted Daisy) ☼ Zone 5 <i>Painted Daisies are old-fashioned perennials that have always been popular as cut flowers. Foliage is bright green and ferny, with upright stems bearing loads of single, yellow-eyed daisies. Remove faded flowers to encourage more buds to form. Plants may be trimmed hard after blooming to rejuvenate the foliage.</i>							
☼ Robinson's Red Crimson	<i>2.5", daisy-like flowers with bright yellow centres. Ferny, green foliage much like yarrow.</i>						
	Crimson	Green	June-July	25"	18"	-	-
THALICTRUM (Meadow Rue) ☾☼ Zone 4 <i>With attractive leaves and delicate flowers, Thalictrum is perfect for the back of the border or woodland garden. The foliage resembles a tall Columbine and the flowers are small but plentiful, in airy clusters excellent for cutting.</i>							
☼ Black Stocking	<i>Produces rather tall clumps, with near-black stems that bear huge clusters of bright lavender-magenta flowers in midsummer.</i>						
	Lavender	Green	June-July	36"(60")	20"	-	-
☼ Hewitts Double	<i>Features cloud-like sprays of double mauve flowers that are outstanding for cutting. Despite the delicate appearance, it is fairly tolerant of warm, humid summers. Plants are tall and narrow in habit, so staking is usually required.</i>						
	Lavender	Blue-green	June-July	36" (6-8')	30"	-	na
THYMUS (Creeping Thyme) ☼ Zone 4 <i>Creeping thyme take the wonderful aroma of the herb and put it into the ornamental garden. Outstanding used as small groundcovers, tucked around steppingstones, or placed as colour spots in a rock garden. They attract bees while they are covered in their tiny flowers.</i>							
Alba (White Creeping)	<i>White flowers over bright green foliage.</i>						
	White	Green	June-August	1-3"	18"	-	-
Doone Valley	<i>Has dark green foliage, tipped with bright gold in fall and winter. Pleasant lemony fragrance.</i>						
	Purple-pink	Green	July-August	2-4"	18"	-	-
Highland Cream	<i>Pink flowers in summer. Tiny, variegated cream and silver and green leaves. (sys. Hartington Silver)</i>						
	Pink	Cream/green	July-August	1-3"	18"	-	-
Minus	<i>Rounded, emerald green leaves in dense, spreading mounds.</i>						
	Lavender	Green	June-August	1-3"	12"	-	-
Pink Chintz	<i>Flat-growing variety features fragrant fuzzy green leaves, smothered by soft salmon-pink flowers in summer.</i>						
	Pink	Green	June-August	2-4"	12"	-	-
Coccineus Major (Red Creeping)	<i>Red blooms; evergreen foliage turns bronzy in fall</i>						
	Red	Green	June-August	1-3"	18"	-	-
Woolly	<i>Dense mat of grey leaves with pink flowers</i>						
	Pink	Grey	July-August	1-3"	18"	-	-
THYMUS (Upright Thyme) ☼ Zone 5 <i>Woody, low-growing shrubs, upright thymes are evergreens that bring a wonderful scent to an ornamental garden.</i>							
Golden Lemon	<i>Pale lavender flowers. Leaves are variegated with yellow and have a lemon scent.</i>						
	Lavender	Gold/green	July-August	6-9"	18"	-	-
Silver	<i>Pale lavender flowers. Leaves are variegated with grey and white.</i>						
	Lavender	Grey/white	July-August	6-9"	18"	-	-

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/ tray	5.5" pot
TIARELLA (Foam Flower) ☼☼ Zone 4 <i>Graceful in woodland gardens or along a shady pathway. Palmate leaves come in a range of patterns and colours, but flowers spikes are generally white to pink.</i>							
Candy Striper	<i>Huge, lush leaves with a dark stippled stripe each lobe form neat mounds of foliage. Pink flower buds open to foamy white flowers.</i>						
	White	Brown/green	May-June	10"(14)	10"	-	
cordifolia	<i>This species is a native wildflower and a parent to many of the new hybrids. Plants form a spreading mat of scalloped green leaves, turning bronze in colder months and remain evergreen in mild winter regions. Short sprays of airy white flowers appear in early summer. An excellent woodland groundcover, preferring rich, moist soil. Runners are produced in summer and these trail around the plant, rooting to form new plantlets. These can be easily moved in early spring to start a new patch.</i>						
	White	Green	May-June	6-12"	18-24"	-	
Pink Skyrocket	<i>Deeply-cut green leaves with attractive red veins. Chubby spikes of delicate soft to medium-pink flowers appear in late spring.</i>						
	Pink	Green/brown	May-June	12"	12"	-	
Spring Symphony	<i>This selection has deeply cut green leaves with a black star pattern in the middle. Delicate spikes of fragrant, soft-pink flowers appear in late spring. Rated as one of the best Foamflower hybrids to date.</i>						
	Light pink	Green/brown	May-June	8"(12")	10"	-	

TRADSCANTIA(Spiderwort) ☼☼ Zone 3							
Billbary Ice	<i>Triangular snow-white blossoms with a fuzzy splash of lavender in the centre. Blooms up to 8 weeks. Has a more compact growth habit and foliage that stays attractive even in drier conditions.</i>						
	White/lavender	Green	July-August	15"	15"	-	
Charlotte's Web	<i>Proven Winners Variety. Sold in PW pot. Excels from spring until fall, and outperforms 'Sweet Kate' and all others in sun tolerance. Its grass-like leaves emerge in spring with a thin red margin on the edges of each leaf blade. The chartreuse foliage transitions to gold with more sun exposure. Small, three-petaled soft blue flowers cover the arching, bushy clumping habit. Like most Tradescantia of its type, flowers will open in the morning and close in the afternoon on sunny days. They may remain open on cloudy days.</i>						
	Blue	Yellow	July-August	15-18"	20"	-	
Concord Grape	<i>Triangular, concord grape blossoms with sulphur yellow stamens. Has frosted blue-green foliage which remains clean and compact.</i>						
	Purple	Green	July-August	15-18"	15"	-	
Sweet Kate	<i>Triangular, violet-blue blossoms with sulphur yellow stamens contrast sharply with the brilliant gold foliage. Protect from afternoon sun.</i>						
	Violet-blue	Gold	July-August	12"	12"	-	

TRICYRTIS (Toad Lily) ☼☼ Zone 5 <i>Blooms in later summer with unusual, orchid-like blossoms. The flowers can appear at leaf joints or in terminal clusters, depending on variety, but all have unique blooms. Foliage resembles Solomon's seal, makes a great addition to any woodland garden.</i>							
Autumn Glow	<i>Upright plant with highly ornamental dark green leaves which have a wide, yellow margin. Produces masses of orchid-like, reddish-purple to blue-violet speckled, waxy blooms from July to September.</i>						
	Purple	Green/yellow	July-Sept.	15-24"	24"	-	-
Gilt Edge	<i>Lance-shaped, shiny dark leaves with irregular streaked margins of creamy yellow. Heavy purple spotted lavender-pink flowers on arching stems.</i>						
	Purple/Pink	Green/Cream	August-Oct	24"	24"	-	-
Samurai	<i>Starfish-like flowers appear in late summer, pale mauve with purple spotting.</i>						
	Pink	Green	August-Oct	20"	20"	-	-

TRIFOLIUM(Clover) ☼☼ Zone 4 <i>The attractive foliage of this species is suitable in front of borders, and its low-spreading habit is appreciated for ground cover.</i>							
Atropurpureum	<i>The dark reddish leaves are edged in green and accented with white clover flowers in the summer.</i>						
	White	Red/Green	July	3-6"	18"	-	

TROLLIUS (Globe Flower) ☼☼ Zone 3 <i>An excellent choice for bog gardens or waterside plantings, Trollius can thrive anywhere it can get regular moisture. Clump-forming growth habit. Basal leaves are glossy, toothed, with five lobes up to 7 inches long. Each lobe is divided into toothed segments and are lance-shaped. Stem leaves are smaller and finely divided. Flowers are cup-shaped, 1 to 2 inches across, in a variety of yellows. Looks best when planted in groups.</i>							
✂ Golden Queen	<i>2-3" wide, golden-orange, bowl-shaped flowers on dark green foliage</i>						
	Orange	Green	May-July	24-36"	18-24"	-	-

VERBENA ☼ Zone 3-6							
Hastata (Blue Vervain) Zone 3	<i>The tall thin spikes grace wet meadows in July and August. This verbena is a short-lived perennial that readily self sows where happy. A great plant for pond's edge where it seeds in between sedges and rushes and cheerfully holds its own.</i>						
	Purple	Green	July-august	4-6ft	30"	-	
Homestead Purple Zone 6	<i>Vigorously spreading, deep purple clusters from July to frost. Excellent clean, deep green foliage with a trailing habit. Has been surviving the winter here lately, but it gets a very slow start in the spring.</i>						
	Purple	Green	July-Sept.	10-12"	18"	-	-

BROWNRIDGE greenhouses & nursery ltd.

Phone: (905)878-1948 Toll Free: 1(800) 551-0176 Facsimile: (905) 878-9511 e-mail: info@brownridgegreenhouses.com

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5"pot 18/tray	5.5"pot
VERONICA(Speedwell) ☼🌱 Zone 4 Popular for a border or informal garden, <i>Veronica</i> comes in a wide range of flower colours and shapes. Often on spikes, sometimes in clusters, the flowers have the characteristic two stamens that show on the face. A showy plant in borders and beds, low-growing varieties look great in rockeries.							
Giles Van Hees	<i>Dazzling sunset pink florets on 6" spikes add vibrant colour to the garden in midsummer.</i>						
	Pink	Green	May	8"	12"	-	-
Peduncularis 'Georgia Blue'	<i>Round, powder blue blossoms; spreading habit. Foliage turns chocolate bronze in cool weather.</i>						
	Blue	Green	May	6(9")	18"	-	-
Perfectly Picasso	<i>Paintbrush-like spikes produce white buds that open to medium pink flowers. The contrast between the buds and the flowers give this plant a unique bicolor look. Attractive flowers cover the top 1/2 of the plant, showing off its healthy medium green leaves on a beautifully rounded habit. This medium-height Veronica would be perfect for the middle of the border. Pair this bicolor beauty with 'Royal Rembrandt'.</i>						
	Pink	Green	June-August	22-26"	22"	-	-
Mona Lisa Smile	<i>Producing paintbrush-like, long spikes of rosy purple flowers. This is one of the first speedwell to flower, starting about two weeks earlier than 'Very Van Gogh'. Its flowers cover most of the terrific, rounded habit.</i>						
	Rose-purple	Green	June-August	22-24"	20"	-	-
Red Fox	<i>3-4" long spikes of rose red spikes.</i>						
	Rose-red	Green	June-July	14"	18"	-	-
repens	<i>Evergreen, carpeting plant with tiny white flowers in late spring.</i>						
	White	Green	May-June	1"	6-12"	-	-
Royal Rembrandt	<i>This variety equally showcases attractive paintbrush-like flowers and healthy foliage. Violet purple flowers cover the top half of the plant, showcasing its dark green foliage. Remontant is a term typically used for roses, but it applies to this Veronica as well—you can expect additional blooming power later in the season if the flowers are sheered back.</i>						
	Violet-blue	Green	June-August	18-20"	18-20"	-	-
Spicata 'Royal Candles'	<i>Compact upright habit. Blooms with an abundance of deep violet blue spikes.</i>						
	Violet-blue	Green	June-August	9"(12")	24"	-	-
Sunny Border Blue	Perennial Plant of the Year 1993. <i>Spikes of deep violet-blue flowers, bright green foliage is unusually crinkled and remains fresh looking throughout the season.</i>						
	Violet-blue	Green	July-Sept.	18"(36")	18"	-	-
Very Van Gogh	<i>This posh new perennial produces a plethora of paintbrush-like, rosy purple flowers on heavily branched scapes from midsummer into late summer. Honeybees, hummingbirds, and butterflies delight in their sweet nectar. Each main flower spike is surrounded by up to a dozen secondary flower spikes, resulting in a prolonged season of bloom.</i>						
	Purple	Green	June-July	18"	20"	-	-
Waterperry Blue	<i>Sky blue flowers. Spreading habit. Shiny green foliage turns bronze in the winter</i>						
	Sky blue	Green	June	3"(6")	18"	-	-
Whitewater	<i>Dainty, pure white flowers dot this dense groundcover from early spring to midsummer. Glossy, dark green foliage turns burgundy to bronze in fall.</i>						
	White	Green	June	3"	18"	-	-

VERONICA(Speedwell) ☼🌱 Zone 4 Popular for a border or informal garden, *Veronica* comes in a wide range of flower colours and shapes. Often on spikes, sometimes in clusters, the flowers have the characteristic two stamens that show on the face. A showy plant in borders and beds, low-growing varieties look great in rockeries.

White Wands	Proven Winner Variety. Sold in PW pots. <i>Pure white flower wands are borne prolifically atop the short, dense clump of dark green foliage.</i>						
	White	Green	June-July	16"	16"	-	-
Wizard of Ahh's	Proven Winner Variety. Sold in PW pots. <i>One of the earliest Veronica to bloom, this plant produces thick spikes of violet blue flowers that cover the top half of a low, wide habit. Requires vernalization to bloom.</i>						
	Blue	Green	June-July	14"	18"	-	na

VERONICASTRUM ☼🌱 Zone 5. Best used in back of borders, meadow or naturalized gardens.

Virginicum	<i>Regal plant hovers above the border with long spikes of pale purple flowers mid summer.</i>						
	Purple	Green	August	4-5ft	30"	-	-
Lavender Towers	<i>A regal plant that hovers above the border with long spikes of pale purple flowers in mid summer. Whorled foliage provides an interesting foil for early summer bloomers.</i>						
	Purple	Green	August	4-5ft	30"	-	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIALS AND GROUND COVER

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	3.5" pot 18/tray	5.5" pot
VINCA MINOR (Creeping Myrtle, Periwinkle) ☼☾● Zone 4 <i>A prostrate, creeping perennial with showy blossoms in early spring. It can be used as a ground cover in a woodland garden of a shady area or as an addition to baskets and containers for a trailing accent. Most prefer some shade but will grow in a sunny spot with adequate moisture.</i>							
Alba	<i>Glossy green foliage and clean white flowers</i>						
	White	Glossy green	May-June	4-6"	18"	-	-
Atropurpurea	<i>Glossy green foliage and deep plum flowers</i>						
	Deep plum	Glossy green	May-June	4-6"	18"	-	-
Illumination	<i>Bright golden-yellow leaves edged in green, studded with blue flowers in spring.</i>						
	Blue	Gold/green	May-June	4-6"	18"	-	-
Mrs. Bowles	<i>Similar to the common variety but has better bloom.</i>						
	Blue	Glossy green	May-June	4-6"	18"	-	-
Ralph Shugert	<i>Green foliage edged with white and blue flowers.</i>						
	Blue	Green/white	May-June	4-6"	18"	-	-

VIOLA(Violet) ☼☾● Zone 4 <i>Sweet Violas are cousins of Pansies that will bloom all summer and fall. A dainty plant that fits in a mixed container, rock garden or mixed border. Preferring cool weather for best bloom, they will put on a good show spring and fall.</i>							
Celestial 'Northern Lights'	<i>Rich, dark-green foliage and a compact rounded habit contrast the vibrant purple blooms with sunshine yellow and orange blushed faces.</i>						
	Purple/yellow	Green	May-Oct.	6"(12")	12"	-	-
Etain	<i>Beautiful, with large, creamy yellow flowers accented by lavender purple edges. Slightly fragrant.</i>						
	Yellow/lavender	Green	May-Oct.	6"(12")	12"	-	-
Rebecca	<i>White petals that are strongly streaked and marbled all over with rich mauve and violet purple with a tiny yellow eye.</i>						
	Purple/White	Green	May-Oct.	6"(12")	8"	-	-
Starry Night	<i>Dusky lavender purple blossoms with a primrose yellow centre. Trailing habit.</i>						
	Primrose/lavender	Green	May-Oct.	6"(8")	8"	-	-

BROWNRIDGE greenhouses & nursery ltd.

WILDFLOWERS

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	4" POT 15/tray	5.5" pot
ARISAEMA (Jack-in-the-Pulit) ☹️● Zone 3							
Triphyllum	<i>One to two large, glossy leaves, divided into three leaflets, rise on their own stems 1-3 ft. The intriguing blossom of this woodland perennial occurs on a separate stalk at the same height as the leaves. It is a large, cylindrical, hooded flower, green in color with brown stripes. Distinctive Jack-in-the-pulpit formation grows beneath large leaves. In late summer, a cluster of bright red berries appears.</i>						
	Green/brown	Green	May-June	16"	8"	-	-
ASARUM (Wild Ginger) ☹️● Zone 4							
Canadensis (Little Brown Jug)	<i>A native plant that features two smooth, broad spade-shaped, dark green, basal leaves. Cup-shaped, insignificant, purplish brown flowers give the plant its nickname, "Little Brown Jug", and appear in spring on short, ground-level stems.</i>						
	Purplish brown	Green	May	6-12"	12"	-	-
GERANIUM ☹️● Zone 4							
Maculatum	<i>Native to Eastern North America. Green leaves with black ring accent maintains its appearance all season long. Small, light pink flowers</i>						
	Pink	Green	May-June	3-4ft	18"	-	-
HEPATICA ☹️ Zone 4 <i>Grows in dry rocky woods</i>							
Americana	<i>Pale purple, lavender-blue, pink or white flowers. Blooms early spring to June.</i>						
	Light blue	Grey-green	May	20"	12"	-	-
MERTENSIA (Blue Bells) ☹️ Zone 4 <i>Must have rich moist soil. Dormant in summer.</i>							
Virginica	<i>Nodding, trumpet-like 1 inch light blue flowers with five petals. Buds are pink. Leaves are oval, smooth, strongly veined, alternate grey-green.</i>						
	Light blue	Grey-green	May	12"	12"	-	-
PODOPHYLLUM Peltatum (May Apple) ☹️● Zone 3							
Peltatum	<i>White flower May.</i>						
	White	Green	May	8-18"	8"	-	-
POLYGONATUM (Solomon's Seal) ☹️● Zone 3							
Biflorum	<i>The zig-zag arching stalks. Nodding, greenish-white, tubular flowers hang in pairs from the axils of the oval, conspicuously veined leaves. Hanging from the leaf axils on an arching stem are a few (often 2) greenish-white, bell-like flowers. Blue berries follow the flowers.</i>						
	Green-white	Green	May-June	12-36"	12"	-	-
SANGUINARIA (Blood Root) ☹️● Zone 3 <i>The single bloodroot leaf and flower each rise on a separate stem, and at first the leaf completely envelops the flower bud. The clear, white, many-petaled blossom may open before the leaf has completely unwrapped. Roots and stem with acrid red-orange juice. Moist location.</i>							
Canadensis	<i>Leaves, which are large, round and deeply cleft, eventually reach a height of 12-14 in. On a smooth stalk a solitary white flower, with a golden-orange center, grows beside a lobed basal leaf that often curls around the stalk.</i>						
	White	Green	May	6-14"	12"	-	-
TIARELLA (Foam Flower) ☹️● Zone 3							
Cordifolia	<i>Long, slender stamens give heart-leaf foamflower's spikes of white flowers a frothy appearance. The small, star-shaped flowers occur in compact racemes on 6-12 in. stalks rising above a mound of attractive, lobed leaves.</i>						
	Cream-white	Green	May	6-12"	12"	-	-
TRILLIUM ☹️● Zone 3 <i>The whole plant usually disappears by late summer. Best in a woodland situation with rich, moist acidic soil. Not always easy to establish. Plants resent being disturbed but division every 5 to 8 years is possible. This is best done in late summer after plants become dormant. When happy these may begin to spread by self seeding.</i>							
Catesby (Pink Nodding)	<i>Forms a low mound of waxy dark-green leaves. The flowers appear in spring, white at first, aging to soft pink. These nod shyly and often hide among the leaves.</i>						
	Pale pink	Green	Late May	6-12"	8"	NA 2022	-
Erectum (Red)	<i>Forms a low mound of large dark-green leaves. The flowers appear in spring, with narrow maroon-red petals. Blooms often nod shyly, and also have an unpleasant odour. One of the quickest to form a good clump.</i>						
	Maroon red	Dark green	Late May	10-16"	12"	-	-
Grandiflora (White)	<i>The Provincial flower of Ontario, this has larger blooms than nearly any other species of Trillium. Plants form a low mound of dark-green leaves, bearing large wide-open white flowers in spring that often age to pink.</i>						
	White	Green	Late May	8-18"	12"	-	-
Luteum (Yellow Toad)	<i>Three yellow petals stand upright in the midst of three green sepals that can either lay flat or be partially upright like the petals. The upright petals lend it the folk name "goblet trillium.". The three large leaves are mottled.</i>						
	Yellow	Green/grey	Late May	8-18"	12"	-	-
Recurvatum (Purple Prairie)	<i>Flowers deep red to red-purple and the petals point upward. The sepals hang downward. The flower is sessile (stemless) to the whorl of three leaves. Its leaves are mottled with pale grey over the green background.</i>						
	Red-purple	Green/grey	Late May	8-15"	12"	-	-
Sessile (Red Toad)	<i>Has mottled leaves with three leaflets, and deep red flowers with quite long, narrow petals, growing right in the middle of the leaves.</i>						
	Deep red	Green/grey	Late May	8"	10"	-	-

BULK GROWDCOVERS

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	Size	Price
EUONYMUS (Wintercreeper) ☼● Zone 4 <i>Can be used as a shrub or trained as creeping ground cover or to climb.</i>							
Coloratus	<i>Forms a dense carpet of dark green leaves with a coarse to medium texture. Foliage turns dusky purple during the colder months</i>						
-	-	Green	-	18"	24"	(6x6)36	-
HEDERA HELIX (IVY) ☼☾● Zone 5 <i>Excellent groundcover, will also climb a wall.</i>							
Thorndale	<i>One of the hardiest of the English Ives. Evergreen.</i>						
-	-	Green	-	6-8ft+	12"	(6x6)36	-
PACHYSANDRA (Japanese Spurge) ☾● Zone 5 <i>Japanese Spurge is the most widely planted evergreen groundcover. Excellent under trees and in nearly any other shady site. Tolerates poor soil, but slow to establish and spread. Space closely, at 10 to 40 plants per square yard in order for plants to fill in reasonably quickly.</i>							
Terminalis	<i>Plants form an attractive low patch of shiny dark-green leaves, bearing clusters of white flowers in spring.</i>						
	White	Green	June	6-12"	6"	(6x6)36	-
						100	-
SAGINA(Moss) ☼ Zone 4 <i>Grown for its dense, mounded foliage that can form a soft mossy carpet. It makes a nice ground cover in small areas and can be planted between pavers. A steppable plant.</i>							
Subulata Irish Moss	<i>Dark green foliage</i>						
	White	Green	May-June	1-3"	18"	(6x6)36	-
Subulata Scotch Moss	<i>Lime yellow foliage</i>						
	White	Yellow	May-June	1-3"	18"	(6x6)36	-
SEDUM (Creeping Stonecrop) ☼ Zone 4 <i>The creeping Sedums come in a large range of foliage colours and textures. Easy to grow, they prefer full sun and drier soil conditions. These low-growing succulents are a good choice of green roofs, rock gardens of containers. As a ground cover, they can be mixed and matched for a tapestry effect that will catch the eye.</i>							
Acre 'aureum'	<i>Bright yellow, star-shaped flowers cover a trailing mat of pale green, fleshy leaves with golden tips. Evergreen.</i>						
Golden Acre	Yellow	Green	June-July	3"	15"	(6x6)36	-
Arce 'Octoberfest'	<i>Green leaves, smothered by star-shaped creamy-white flowers in summer.</i>						
	White	Green	June-July	2-4"	18"	(6x6)36	-
Angelina	<i>Forms a trailing mat of succulent golden-yellow leaves. Clusters of yellow starry flowers. Tips with red in the fall</i>						
	Yellow	Yellow	June-July	2-4"	18"	(6x6)36	-
Kamtschaticum	<i>Green, toothed leaves that are tinged with white and pink. Orange-yellow flowers turn into russet-orange seed capsules.</i>						
'Variegatum'	Orange	Green/White	June-July	6-8"	10"	(6x6)36	-
sexangulare	<i>Low carpet of tiny spiraling green leaves with tiny yellow star-shaped flowers.</i>						
	Yellow	Light Green	June-August	3-4"	12-23"	(6x6)36	-
spurium 'Blaze of Fulda'	<i>Dark maroon ruffled rosettes tinted with bronze green. Rose-red clusters of blossoms form at tips</i>						
	Rose-Red	Red-green	July-August	3-6"	18"	(6x6)36	-
spurium 'Dragon's Blood'	<i>Clusters of deep red buds open into brilliant pink, star-shaped flowers. Green foliage with wine red margins turn red in cooler temperatures.</i>						
	Red-Pink	Red-green	July-August	3-4"	10"	(6x6)36	-
spurium 'Voodoo'	<i>Spreading mat of deep-red succulent leaves and clusters of tiny rose-pink flowers.</i>						
	Deep Pink	Red	June-August	4-6"	12-23"	(6x6)36	-
spurium 'Tricolor'	<i>Small green leaves dappled with pink and creamy-white. Clusters of soft pink star flowers. Any green shoots should be removed as they appear.</i>						
	Light Pink	Green/Red/White	July-August	4-6"	12-18"	(6x6)36	-

BULK GROWDCOVERS

Variety	Flower Colour	Leaf Colour	Bloom Time	Height	Space	Size	Price
SEMPERVIVUM(Hens and Chicks) ☼ Zone 3							
Black	<i>Green centres with dark, black red tips</i>						
	Green/Black			3-4"	4-6"	(6x6)36	-
Peggy	<i>This variety transitions through many colors over the seasons. In spring, leaves are purple and transition to deep red in summer. Fall and winter colors are more subdued, ranging from mahogany to brown.</i>						
	Pink	Red/purple	August	3-4"	18"	(6x6)36	-
Piliosum	<i>Medium to large rosettes of grey-green leaves. Colour may vary from season to season.</i>						
	Green		August	3-4"	6-8"	(6x6)36	-
Purple Beauty	<i>Medium sized semi-open rosettes of succulent leaves with deep purple tips and green centres</i>						
	Pink	Green/purple	August	3-4"	18"	(6x6)36	-
Red Beauty	<i>Medium sized, fairly open rosettes of grey-green leaves with blood-red tips.</i>						
	Pink	Green/red	August	3-4"	18"	(6x6)36	na
Ruby Heart	<i>Forms rosettes of sharply pointed silvery blue to blue-green leaves which are flushed rosy red at the base. This colour varies by season, intensifying in cold temperatures.</i>						
	Pink	Green/red	August	3-4"	18"	(6x6)36	-
Silverine	<i>Produces sharply pointed, silver-green leaves flushed reddish-purple at the base.</i>						
	Pink	green/purple	August	3-4"	18"	(6x6)36	-

VINCA MINOR (Creeping Myrtle, Periwinkle) ☼☾● Zone 4 <i>A prostrate, creeping perennial with showy blossoms in early spring. It can be used as a ground cover in a woodland garden of a shady area or as an addition to baskets and containers for a trailing accent. Most prefer some shade but will grow in a sunny spot with adequate moisture.</i>							
Mrs.Bowles	<i>Glossy green foliage and true-blue flowers. Flowers more profusely than minor</i>						
	Blue	Glossy green	May-June	4-6"	18"	(6x6)36	-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIAL ORNAMENTAL GRASS

Variety	Plume Colour	Leaf Colour	Plume Time	Height	Space	3.5" pot 18/tray	5.5" pot
ACORUS (Variegated Sweet Flag) ☼☾ Zone 4 <i>A lover of damp places, it is excellent for bogs and pond edges. Can be used as a slow growing ground cover. The fan-shaped foliage is showy but the plumes are usually insignificant.</i>							
Calamus 'Ogon'	<i>Forms a low tuft or mound of narrow sword-shaped leaves that are bright glowing golden yellow.</i>						
	Insignificant	Green/yellow	-	12"	12"	-	-
Calamus 'Variegatus'	<i>Long, wide, strappy leaves stand tall, displaying their striking bright green and creamy yellow variegation. When crushed, they emit a delicious tangerine scent. Will grow in shallow water. Non-invasive.</i>						
	Insignificant	Green/yellow	-	36"	36"	-	-
ANDROPOGON (Big Blue Stem) ☼☾ Zone 4 <i>Native to the prairies. Makes an excellent tall screening or hedge.</i>							
gerardii	<i>Fine to medium blue-green sod forming (slow spreader)</i>						
	Burgundy-tan	Blue-green	August	6-8ft	36"	-	-
gerardii 'Raindance'	<i>A long-lived grass that forms a tall, strictly upright clump of red-tipped foliage. The foliage transitions to red in midsummer and turns totally maroon in fall. Deep purple flowers with bright red-orange pollen top this colourful and statuesque display.</i>						
	Purple/orange	Red/green	August	4-6ft	24"	-	-
ARRHENATHERUM (Bulbous Oat) ☼☾ Zone 3 <i>Depending on the intensity of the summer heat, the foliage may need a mid-season trim to stimulate fresh new growth. It will grow back quickly. Excellent plant for the front of the perennial border.</i>							
Variegatum	<i>Leaves have white margins with a deep bluish-green stripe running down the middle. The very bright variegated foliage is a delightful combination with small spring bulbs.</i>						
	Green to tan	Cream/green	July	12"(20")	15"	-	-
BOUTELOUA ☼ Zone 3 <i>Native to the short grass prairies of North America.</i>							
Curtipendula (Sideoats Grass)	<i>Tiny bright purple and orange flower parts lend to its grace and beauty. Small oat-like seeds are on a 3 foot stem. Very attractive.</i>						
	Purple to tan	Green	June-august	2-3ft	12"	-	-
Gracilis (Blue Gramma Grass)	<i>A low growing, low maintenance grass with blue-green blades and extremely decorative seed heads. Can be mowed and used as a lawn.</i>						
	Burgundy to tan	Blue-green	June-Aug.	12-15"	12"	-	-
CALAMAGROSTIS acutiflora (Feather Reed Grass) ☼ Zone 5 <i>Upright and often tall, Reed grass makes an architectural statement at the back of a border, as a vertical accent or as a specimen.</i>							
Avalanche	<i>Variegated form of 'Karl Foerster'. Deep Green leaves with a wide, white stripe down the centre. Distinctly upright, clumping habit.</i>						
	Green to tan	Green/white	July	4-5ft	24"	-	-
Brachytricha	<i>Grass forms an upright and fairly narrow clump of feathery plumes, beginning in early fall. Flower heads start out silvery-pink, fading to more of a creamy-white tone and remaining attractive for most of the winter.</i>						
	Pink to white	Green	August	3ft	18"	-	-
Eldorado	<i>A gold variegated form of 'Karl Foerster'. Narrow, green leaves with a bright gold mid-rib. Feathery plumes in early summer</i>						
	Green to tan	Green/gold	July	4-5ft	24"	-	-
Karl Foerster	Perennial of the Year 2001! <i>A clumping, compact, erect habit. Wheat-like seed heads appear in late spring. Does not reseed</i>						
	Green to tan	Green	June	5ft	24"	-	-
Overdam	<i>Variegated foliage has bright creamy-white margins which turn to white with a pink flush. Strikingly erect, feathery plumes with purplish seed heads turn tan as they age.</i>						
	Purple to tan	Green/white	June	5ft	24"	-	-
CAREX ☼☾ Zone 5 <i>Carex are not true grass at all, though they certainly look similar. Primarily grown for its foliage. They are warm season plants, they do well in containers and at the edge of borders. Flowers are insignificant panicles of short spikes.</i>							
Blue Sedge	<i>Forms a low, creeping mound of narrow blue-green, grassy looking leaves.</i>						
	-	Blue	-	4-8"	18"	-	-
Bowles Golden (Gold Sedge)	<i>Bright gold foliage with thin green margins. Needs constant moisture to thrive. Grows well in shallow water or a bed watered regularly.</i>						
	-	Gold/green	-	2-3ft	24"	-	-
Evergold (Variegated Japanese Sedge)	<i>Creamy-yellow leaves with deep green margins. Foliage cascades softly to the ground in a fountain-like manner.</i>						
	-	Yellow/green	-	12"	24"	-	-
Golden Fountains	<i>Soft green and gold, variegated foliage in a fountain shape. Evergreen and clumping.</i>						
	-	Green/gold	-	12-18"	30"	-	-
Ice Cream	<i>Creamy white blades striped with green. Foliage blades emerge, and then gently cascade to form neat spherical mounds.</i>						
	-	Green/white	-	12"	12"	-	-
Ice Dance (Variegated Sedge)	<i>Dark green leaves with bright white edges. Grows in full sun to full shade.</i>						
	Tan	Green/white	June	12-16"	24"	-	-
muskingumensis	<i>A dense, clump-forming sedge which is grown for its foliage effect. Produces rigid, erect stems to 20" tall with 8" long, pointed, grass-like, light green leaves radiating from the stem tops. Commonly called palm sedge since the leaves somewhat superficially resemble miniature palm fronds.</i>						
	Brown	Green	June-July	20"	18"	-	-
pensylvanica	<i>North American native. Clumps spread quickly making an excellent groundcover. Soft, gently curled foliage turns pale brown in winter.</i>						
	-	green	-	8-10"	24"	-	-

BROWNRIDGE greenhouses & nursery ltd.

Phone: (905)878-1948 Toll Free: 1(800) 551-0176 Facsimile: (905) 878-9511 e-mail: info@brownridgegreenhouses.com

PERENNIAL ORNAMENTAL GRASS

Variety	Plume Colour	Leaf Colour	Plume Time	Height	Space	3.5" pot 18/ tray	5.5" pot
CHASMANTHIUM ☼☾ <i>A woodland, warm-season grass known for its narrow, bamboo-like foliage. Tolerate of some shade, as well as coastal salt air.</i>							
Latifolium Zone 3	<i>A clumping grass with showy, drooping flowers and unique bamboo-like foliage. Seed heads can be harvested for bouquets.</i>						
'Northern Sea Oat'	Green to tan	Green	July	2-3ft	36"		-
DESCHAMPSIA cespitosa ☼ Zone 4 <i>Grown for its mat, neat mounds of arching slender foliage and graceful, airy panicles. It does best in moist soil.</i>							
Cespitosa (Tufted Hair Grass)	<i>Tufted hair grass is clump-forming, cool season grass. Numerous flower stems rise in summer from the foliage mound. Airy panicles of tiny, variably coloured flowers (tones of gold, silver, purple and green) form a cloud over the foliage that is particularly attractive when backlit.</i>						
	Green to gold	Green	July	36"	24"		-
Cespitosa 'Bronzeschleier' (Bronze Veil Tufted Hair)	<i>Bronze coloured plumes arch above the green foliage.</i>						
	Bronze	Green	July	36"	24"		-
Cespitosa 'Goldtau'	<i>Smaller, more compact variety with very dark-green leaves, later blooming habit, and golden inflorescence. High impact can be obtained by mass planting along a driveway or walkway.</i>						
	Green to gold	Green	July	12-24"	18"		-
Cespitosa 'Northern Lights'	<i>Slender foliage is green and cream white with tinges of pink.</i>						
	Tan	Green/cream	July	18-24"	24"		-
Cespitosa 'Pixie Fountain'	<i>Dense evergreen foliage clumps produce bright silvery-white flowers that mature to rich brown. A dwarf selection, less than half the height of the species</i>						
	Silver-white	Green	July	16-24"	18"		-
FESTUCA ☼ Zone 4 <i>Plants often look best if flowers are sheared off upon drying. Common blue fescue makes a superb color accent and grows well in containers. A cool-season grower, it often sulks during hot, humid summers.</i>							
Beyond Blue	<i>Forms a dense tuft of bluer-than-blue leaves that remain blue all season.</i>						
	Tan	Blue	July-August	8-10"	10"		-
Blue Whiskers	<i>Taller more vigorous than 'Elijah blue' with longer leaves and a brighter, silvery blue foliage colour</i>						
	Tan	Blue	July-August	10-12"	10"		-
Elijah Blue	<i>Soft powdery blue, spiky foliage forms a rounded clump and keeps its colour all year. A durable and long-lived variety.</i>						
	Tan	Blue	July-August	8-10"	10"		-
GLYCERIA ☼ Zone 5 <i>Thrives in wet soil or even submerged up to a foot deep and it can generate floating stems in deeper water.</i>							
Maxima 'Variegata'	<i>Has spectacular variegated foliage, pink-tinged in spring, is really magnificent, with its pale-yellow light green stripes.</i>						
	Insignificant	Green/cream	-	18"	18"		-
HAKONECHLOA (Japanese Forest Grass, Hokone Grass) ☼●● Zone 5 <i>The ideal grass for the shade garden with its graceful arching foliage that resembles a small clumping bamboo. Foliage turns colour in the fall. A nice mix with Hostas.</i>							
Albo Striata	<i>Broad green leaves with white stripes weep and cascade over rocks and edges of containers.</i>						
	insignificant	Green/white	-	12-18"	24"		-
All Gold	<i>Brilliant solid gold foliage glows in the shade. Has a more upright habit and increased vigor compared to 'Aureola'. Reddish brown plumes.</i>						
	insignificant	Gold	-	9-14"	18"		-
Aureola	Perennial Plant of the Year 2009! <i>Green and yellow variegated foliage forms a cascading clump like a golden waterfall. Reddish pink fall colour. Spreads but not invasive.</i>						
	insignificant	Yellow/green	-	12-24"	18"		-
Macra	<i>This green-leaved form of Hakone Grass may have been overlooked while variegated and gold cultivars grabbed the spotlight. But the species offers a tranquil green often needed in landscape design. In addition, Hakonechloa macra tolerates more sun and drier soil, and it is hardier and faster growing than most of its cultivars. It grows in a mounding, cascading shape, and spreads very slowly by rhizomes.</i>						
	insignificant	Green	-	8-12"	18"		-
Sunflare	<i>This stunning form of Hakonechloa macra is a sport selected from the popular cultivar 'All Gold' and boasts vibrant, cascading, chartreuse leaves that with more sun become intense golden yellow, randomly highlighted in deep crimson. Fall colouring is a combination of chartreuse and gold saturated with tones of burnt orange and burgundy-red. This neat, strong-growing grass has a compact habit and forms an upright mound with graceful cascading foliage.</i>						
	insignificant	Cream/green	-	8-12"	18"		-
HELICTOTRICHON (Blue Oat Grass) ☼ Zone 3 <i>A tidy grass grown for its gray blue foliage that is useful in beds, borders and containers.</i>							
Sempervirens	<i>Dense mounds of blue-grey leaves gently spray upward and arch back downward at the tips. Small tan seed head appear on tall stems held well above the foliage. Resembles a tall Festuca.</i>						
	Tan	Blue	June	24-30"	18"		-
Sempervirens 'Sapphire'	<i>Similar to sempervirens but shorter. Bright steel blue leaves tend to widen as they mature. Resistant to rust.</i>						
	Tan	Blue	June	18-24"	16"		-

BROWNRIDGE greenhouses & nursery ltd.

PERENNIAL ORNAMENTAL GRASS

Variety	Plume Colour	Leaf Colour	Plume Time	Height	Space	3.5" pot 18/tray	5.5" pot
HOLCUS (Velvet Grass) ☼ Zone 5 <i>An attractive and bright, low-growing grass that is best as a low edging for the border. Performs best in regions with cool summers. In warm areas expect the clump to look untidy in summer when a good shearing back is required. Nice in spring and fall, this is very effective as an under planting to early blooming bulbs.</i>							
Albo-variegatus	<i>Plants form a creeping mat of narrow green leaves, neatly striped lengthwise with white.</i>						
	-	Green/white	-	8"	24"		-
IMPERATA (Japanese Blood Grass) ☼☾ Zone 5 <i>An unusual and dramatic grass, slowly forming a low clump. Effective as an edging, in the rock garden, and especially when mass planted. Although this prefers moist soil, plants require good drainage, especially in winter. Remove any all-green shoots if they appear.</i>							
Red Baron	<i>Leaves are green at the base, with red tips that become more intense over the summer and fall until they appear to glow.</i>						
	-	Green/red	-	20"	12"		-
JUNCUS ☼ Zone 6 <i>Native to damp places, Juncus prefers moist sites and is an excellent edging for ponds and streams. Not a true grass, it has mostly inconspicuous green or brown flowers in small clusters.</i>							
Effuses 'Spiralis'	<i>Deep green, spiralling, tubular stems.</i>						
	Insignificant	Green	-	18-24"	12"		-
LEYMUS ☼ Zone 3 <i>Grown for its foliage, this is a spreading grass that needs to be used carefully. Best to contain this in a planter, or use as a groundcover in a large sunny area. Mow the old foliage to the ground in late fall or early spring. Very drought tolerant. Can be invasive.</i>							
Blue Dune	<i>Beautiful steel-blue foliage. Arching tan spikes appear in summer are often removed.</i>						
	-	Steel-blue	-	36"	36"		-
MISCANTHUS ☼☾ Zone 4-5 <i>One of the showiest of the grasses. Large or short, it is grown for its vertical or mounding habit and showy, fluffy flower panicles that are so striking in late summer and fall. Fond of moist sites.</i>							
Adagio (Dwarf Maiden Grass) Zone 6	<i>Hundreds of plumes held above the foliage emerge bronzy-pink, fading to white. A dwarf plant with graceful, silvery-green arching foliage becoming a whirl of orange, gold and burdundy in fall.</i>						
	Bronze-white	Silver- Green	September	4-5ft	24"		-
Autumn Light (Maiden Grass)	<i>Large specimen, full and arching. Narrow leaves appear delicate despite its size. Excellent fall colour.</i>						
	red-white	Green	September	8ft	24"		-
Cabaret	<i>A wide leaf slightly arching grass that grows to 6 feet tall. Cream stripes run down the middle of the blades. The copper-coloured flowers appear in the fall and mature to a cream color.</i>						
	Copper to cream	Green	September	6ft	36"		-
Cosmopolitan	<i>Wide, robust leaves of creamy white and green variegation. Non-floppy habit. Billowy texture, silky tassels, many different heights and colorations. Great winter interest.</i>						
	White	Green/white	September	6-7ft	36"		-
Dixieland	<i>A dwarf form of 'Variegatus'; similar green and white variegated foliage. Silky pink plumes.</i>						
	Pink	Green/white	August	4-5ft	24"		-
Giganteus (Giant Silver Grass)	<i>This is a grass of monstrous proportions, forming very tall clumps of green leaves, their tips arching gracefully in layers. Useful as a living screen or hedge, bearing soft-pink plumes in the fall. The corn-like stalks turn creamy tan in winter. Lower leaves have a tendency to wither in late summer, so planting something tall in front is recommended. Plants require plenty of moisture, and are even happy growing beside water.</i>						
	Pink	Green	September	10ft	36"		-
Gold Bar	<i>Green leaves heavily banded with creamy yellow bars. Burgundy plumes in late fall. Very upright and compact.</i>						
	Burgundy	Green/gold	September	36-60"	24"		-
Gold Breeze	<i>Green tapered foliage with broad, creamy-yellow bands. Purple-red flower tassels in late summer.</i>						
	Purple-Red	Green/gold	September	60-72"	30-36"		-
Gracillimus (Maiden Grass)	<i>Beautiful rounded mounds of fine, silver-veined, green leaves with an arching habit. Fan-like plumes emerge with a reddish tint, then age to a soft silvery-white and remain all winter.</i>						
	Reddish to white	Green	September	5-6ft	24"		-
Graziella	<i>Fine green blades, more erect and arching than 'Gracillimus'. Tall plumes in August. Red-orange colour in fall.</i>						
	Reddish to white	Green	August	5-7ft	24"		-
Huron Star	<i>Compared to the older cultivar 'Silberfeder' this grass is similar with a few notable improvements such as a stronger and more upright habit, purple flowering stems, and brighter fall colour. In the fall foliage turns colourful shades of red, orange, burgundy and gold</i>						
	Creamy-tan	Green	August	7-8ft	6ft		-
Huron Sunrise	<i>The most profusely blooming Miscanthus. Full, burgundy plumes sweep the sky and remain standing through winter. Mid-green leaves with silver midrib.</i>						
	Burgundy	Green	August	5-6ft	36"		-
Little Miss	<i>This series sports a neat, compact habit with glossy, arching foliage. The blades emerge green and transition to carmine and purple tones late spring through summer. Foliage at the center of the clump stays green, giving it an appealing, two-toned look. Reddish blooms appear in midsummer, rising above the foliage and turning buff-colored as they age. Fall color is outstanding; an excellent alternative to M. 'Purpurascens' when space is limited.</i>						
	Tan-white	Green	August	24"(36")	15"		-

PERENNIAL ORNAMENTAL GRASS

Variety	Plume Colour	Leaf Colour	Plume Time	Height	Space	3.5" pot 18/ tray	5.5" pot
MISCANTHUS ☼🌿 Zone 4-5 <i>One of the showiest of the grasses. Large or short, it is grown for its vertical or mounding habit and showy, fluffy flower panicles that are so striking in late summer and fall. Fond of moist sites.</i>							
Little Zebra (Dwarf Zebra grass)	Like 'Zebrinus' but shorter and more upright. Reddish-purple plumes turn to creamy tan in winter. Red to tan	Gold/green	August	3-4ft.	24"	-	
Malepartus	Large soft-pink flowers, maturing to silvery-white, over an arching mound of dark green leaves. The foliage dries and turns a light tan shade for the winter. Pink to white	Green	August	7ft	36"	-	
Morning Light	Narrow leaves with fine green and white variegation. A late-bloomer. Plumes emerge bronze red, turning cream as they age. Bronze to cream	Green/white	Late Sept.	4-5ft	24"	-	
Oktoberfest	The wide, deep green leaves with a white midrib form a narrowly upright tower about 4 1/2' tall before blooming. In late summer or early fall, the foliage develops deep purple and red highlights which complement the showy flowers that emerge a rich shade of shimmering burgundy and copper, then mature into fluffy, creamy tan seed heads. Burgundy-tan	Green/yellow	August	6-7ft	36"	-	
Puenktchen (Little Dot)	Silvery plumes over a stiffly upright clump of green leaves that are banded with yellow. Silvery-white	Green/yellow	August	6ft	36"	-	
Purpurascens (Flame Grass)	Forms an upright clump of foliage which starts out green, then takes on a reddish hue later in summer. Brilliant fall colour. Magenta coloured fans turn into bright silky white panicles. Magenta to white	Green to red	August	4-6ft	18"	-	
Sarabande	A smaller version of 'Gracillimus' both in a finer foliage and height. Burgundy	Green	August	4ft	20"	-	
Silberfeder (Silver Feather Grass)	Large, feathery plumes emerge pinkish-silver in late summer. They stand well above the clump of foliage. Leaves have narrow, white mid-ribs. Leaves tend to arch downward. Silver	Green	August	8ft	4ft	-	
Strictus (Porcupine Grass)	Distinctive yellowish-white, horizontally banded leaves. Similar to 'Zebrinus' but has an upright habit instead of arching downward. Tan	Green/gold	September	4-6ft	24"	-	
Super Stripe	Lush green foliage marked with tightly spaced bands of gold. Forms an attractive upright, arching clump topped by tall, tawny plumes. Tan	Green/gold	September	7ft	24"	-	
Tiger Tail	Uniform green and yellow banded blades. A cross of M. 'Cosmopolitan' and M. 'Strictus' yields a strongly upright, yet gracefully flowing stand. Tan	Green/yellow	September	5-7ft	36"	-	
Variegatus (Striped Eulalia Grass)	Wide, green and white striped leaves have a silvery glow when seen from a far. Cascading habit. Red tinted plumes become fluffy as they age. Red tinted	Green/white	September	5-7ft	36"	-	
Yaku Jima	Dwarf form of Gracillimus. Rounded mounds of fine, silver-veined, green leaves with an arching habit. Fan-like plumes emerge with a reddish tint, then age to a soft silvery-white and remain all winter. Reddish-white	Green	September	3-4ft	24"	-	
Zebrinus	Has large coppery flowers over an arching clump of green leaves, uniquely banded with yellow. The foliage dries and turns a light tan shade for the winter. Copper	Green/gold	September	7-8ft	30"	-	

MOLINA (Moor Grass) ☼ Zone 4-5

Skyracer (Purple Moor Grass)	Forms an upright clump of narrow, blue-green blades. In August, airy plumes of tan-purple flowers rise on upright stems well above the foliage. The entire plant turns yellow in fall. Tan-purple	Green	August	5-7ft	24"	-	
Variegata	Graceful clumps of fine blades heavily striped with yellow and a purple-red inflorescence will appear in mid-July Purple-red	Yellow/green	Mid-July	24-36"	18-24"	-	

MUHLENBERGIA ☼ Zone 6

Fast Forward	Clumps of glossy green foliage are topped with vibrant pink, airy flowers on 4 ft stems as early as August. A highly ornamental grass that would be great as a specimen or in mass plantings. Pink	Green	August	4ft	18"	-	
---------------------	---	-------	--------	-----	-----	---	--

OPHIPOGON 🌿 Zone 6 *This is a slow plant to establish, so give it time. Prefers a sheltered, partially shaded position. In cold winter regions a light winter mulch of evergreen boughs is recommended. This may also be grown in containers and wintered indoors in a sunny window. Evergreen.*

Nigrescens (Black Mondo Grass)	With its nearly jet-black leaves, this makes a most unique specimen for edging or in the rock garden. Short spikes of pale-pink flowers are followed by black berries in the fall. Light pink	Black-purple	July	6"	6-8"	-

PERENNIAL ORNAMENTAL GRASS

Variety	Plume Colour	Leaf Colour	Plume Time	Height	Space	3.5" pot 18/tray	5.5" pot
PANICUM (Switch Grass) ⚡ Zone 4 <i>Switch Grass is one of the easiest and most attractive ornamental grasses, with no tendency to spread or become troublesome. Usually attractive in the garden all winter long. Flowers are good for cutting, fresh or dried. Trim back to the ground in early spring. Drought tolerant once established.</i>							
Cheyenne Sky	Proven Winner Variety! Sold in PW pot. Forms a dense, upright clump of blue-green leaves that turn wine red in early summer. Purple flower panicles appear just above the foliage in late summer. This petite red grass is ideal for containers.	Reddish	Blue	August	3ft	14"	Na- Fall
Cloud Nine	This very tall selection forms an upright mound of blue-green leaves. Airy heads of tiny reddish-brown flowers appear in late summer.	Reddish	Blue	August	5ft	35"	-
Dallas Blues	This tall selection has exceptionally wide blue leaves, bearing huge airy heads of tiny mauve-pink in late summer. The flower plumes are significantly larger and more showy than other forms.	Mauve-pink	Blue	August	4ft	24-36"	-
Heavy Metal (Blue Switch Grass)	Handsome grass with stiff, metallic blue leaf that form a rigidly upright clump. Delicate pink panicles dance 12-16" above the foliage. Turns bright yellow in the fall.	Pink	Blue	August	5-6ft	24"	-
Hot Rod	Blades emerge blue-green and rapidly turn deep rich maroon. Panicles are airy red. Compared to other Panicums, this one colours earlier in the season	Soft cream-tan	Blue-green/Marron	August	36-40"	24-36"	-
Northwind	Perennial Plant of the year 2014! A very strong, upright grower with wide, steel-blue foliage. Flower panicles occur in the middle of the clump, appearing as a hovering red haze. Foliage turns golden-yellow in fall.	Reddish	Blue-green	August	7ft	24"	-
Praire Fire	An upright clump of blue-green leaves that develop wine-red tips in early summer. Airy heads of tiny green flowers appear in late summer.	Wine red	Blue	August	5-6ft	24"	-
Prairie Sky	Forms an arching clump of steel-blue leaves, bearing airy heads of tiny green flowers in August. Fall colour is bright butter-gold, fading to tan.	Green	Steel blue	August	3-4ft	24"	-
Shenandoah	Forms an upright clump of green leaves with distinctive red tips appearing by midsummer. Airy heads of tiny reddish flowers appear in August, followed by amazing deep purple-red fall colour.	Reddish	Green/red	August	3ft	24"	-

PENNISETUM (Fountain Grass) ⚡ Zone 5

Warm-season grasses grown for their wonderfully soft, feathery, bottlebrush flowers in summer. They are clump forming and come in a range of sizes and colours.

Alopecuoides	A clumping selection with finely textured, glossy, bright green foliage. Turns gold in fall. Plumes emerge reddish-brown maturing to tan.	Red to tan	Green	August	3-4ft	24"	-
Hameln (Dwarf Fountain Grass)	Finely textured, mid-green leaves. Compact. Soft greenish-cream panicles appear a few weeks earlier than others.	Green-cream	Green	July	2-3ft	18"	-
Karley Rose Zone 6	Forms an upright clump of arching dark-green leaves, with bottlebrush spikes of soft-pink flowers from midsummer into the autumn	Pink	Green	August	36"	24"	-
Little Bunny (Miniature Fountain Grass)	Truly miniature. The tufted, cream seed heads look like little bunny tails. Excellent in rock gardens.	Cream	Green	August	6-12"	8"	-
Piglet	The perfect sized fountain grass, measuring half the size of 'Hameln' and a foot taller than 'Little Bunny' with larger flowers.	Cream	Green	July	18"	12"	-
Red Head	An early form of red-flowering Pennisetum. Deep purple buds mature to smoky purple plumes that measure 3" wide and 8-10" long. Foliage turns gold in the fall.	Purple	Green	July	3-4ft	24"	-

PHALARIS ⚡ Zone 3

This is a spreading grass, forming a wide patch of medium height. Choose a site where this grass can wander freely, or plant in tubs and containers. Often this will benefit from a hard clip back in midsummer, just as the flower spikes appear, in order to rejuvenate the foliage. Easily divided in spring or fall. Loves moisture.

Picta	Leaves are striped lengthwise with light green and creamy-white. Tan spikes appear in summer.	Tan	Green/cream	July	36"	36"	-
Strawberries and Cream	Multi-coloured fine-textured leaves, blushed pink in spring, turning white in summer.	White	Green/white	July	36"	36"	-

SCHIZACHYRIUM (Little Blue Stem) ⚡ Zone 3

Grows in hot dry areas where many other plants can not grow. Primarily grown for its foliage colour – its fall colour is outstanding.

Blue Heaven	Excellent blue grey foliage will turn a mix of burgundy red, pink and orange in the fall. Glossy purple seed panicles become fluffy tan in late summer. A native prairie grass in a reliably upright cultivar. Road salt tolerant.	Silver-white	Grey-blue	August	2-3ft	18-24"	-
Prairie Blues	Bright grey-blue foliage and red-orange fall colour. Fluffy, silver seed heads. Narrow, upright habit.	Silver-white	Grey-blue	August	3ft	18"	-

SELSLERIA (Autumn Moor Grass) ⚡ Zone 4

Autumnalis	Bright lime green foliage and small, frosty-white flower spikes. Excellent groundcover when massed planted. Likes rocky sites.	White	Lime green	September	20"	12"	-

PERENNIAL ORNAMENTAL GRASS

Variety	Plume Colour	Leaf Colour	Plume Time	Height	Space	3.5" pot 18/tray	5.5" pot
SORGHASTRUM (Indian Grass) ⚙ Zone 4 <i>A colourful selection of a grass native throughout the tall grass prairies of central North America. Very drought tolerant once established, and tolerant of a wide range of soil conditions. Flowers are good for fresh or dried cutting. Winter interest is good, at least into the new year. Cut the dead foliage back to the ground in late winter or early spring. Clumps may be easily divided in spring. Self sown seedlings may appear.</i>							
Indian Steel	<i>Forms a non-invasive clump of steely blue-green leaves, with long and narrow tan-coloured spikes.</i>						
	Tan	Blue	August	3-5ft	24"		-
SPORPBOLUS (Prairie Dropseed) ⚙ Zone 3							
Heterolepis	<i>A graceful American Native. Fine, emerald arching blades. Lightly scented blooms in fall. Gold-orange fall foliage fades to creamy-white.</i>						
	Tan	Green	August	2-3ft	12"		-
